

HAVE ROSE CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy blood in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate will cost very little at your drug-gist or general store, but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and refreshes the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, and those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.—Adv.

WOMAN'S WORK IN THE WORLD

Activities of the "Weaker Sex" Prominent Along Practically All Lines of Endeavor.

More women are employed in the manufacture of clothing than any other industry in Pennsylvania.

The duchess of Norfolk has a collection of parasols of all countries, said to be worth \$2,500.

Two thousand women will serve as judges and clerks of election in Chicago this year, for which they will receive \$7 per day.

Thousands of women have been thrown out of work in Massachusetts since the operation of the minimum wage law went into effect.

The first savings bank was instituted by a woman, Priscilla Wakefield, who inaugurated a bank scheme for the encouragement of thrift among children of Tottenham toward the end of the eighteenth century.

A remarkable translation of Nishio, Stratham's "Abridgement of Law," an old English book, which has had its first edition in 1678, has just been completed by Mrs. Margaret C. Klugensmith, a member of the Pennsylvania bar. It took Mrs. Klugensmith fifteen years to complete the translation, which will be published in the near future.

At Work on Magnetic Survey. The magnetic survey vessel, the Carnegie, at present under the command of J. T. Ault of the department of terrestrial magnetism, arrived at Port Lyttelton, New Zealand, on November 3, after a successful continuous trip of 90 days from Dutch Harbor, Alaska. Leaving Port Lyttelton on December 5, the Carnegie is now engaged on the accomplishment of the circumnavigation of the region between the parallels 50 degrees and 60 degrees south, where almost no magnetic data have been obtained during the last 75 years.

The presence of Emperor Nicholas at the opening of the duma in Petrograd is hailed by the press and public as one of the most important events in the whole political history of Russia.

German newspapers print dispatches from Italy stating that a Japanese fleet has arrived safely in the Mediterranean sea together with a great number of aircraft.

Announcement is made in Tokio that a squadron of Japanese warships has been dispatched to the Suez canal to protect Japanese fishing.

The British house of commons has passed new votes of credit to the amount of \$2,100,000,000. This is expected to carry the war to the end of May.

Premier Asquith says the sum expended so far is "not only beyond precedent, but actually beyond the imagination of any financier of this or any other country."

More than five hundred prominent men, including ship owners and senators from Hamburg, Lubbeck and Bremen, Germany, have signed a petition asking the German government to begin peace overtures so that the war may be ended in three months.

They expressed the fear that otherwise the Hansa states will be totally ruined. The ship was held up by the value of the German mark is looked for as a result of the decision of the Dutch tobacco importers who have large German orders to decline the German request to wait until after the war for payment but to demand gold payment before delivery.

Thirty-eight Germans were taken off the American steamship China, Shanghai to San Francisco, recently. The ship was held up by the Lausentia, and the men taken off.

The allied powers met at Havre, France and renewed the agreement to fight until Belgian independence had been completely established and the nation is properly indemnified.

Six prisoners under death sentences were marched through the streets of Juarez, Mexico, for half an hour, escorted by three drum corps and a regiment of soldiers before being shot.

Another alleged plot to smuggle rubber from the United States into Germany has been revealed in New York.

Tumultuous scenes occurred in the Oklahoma house of representatives while the vote on the election law designed to take the place of the "grandfather law" declared unconstitutional by the United States Supreme court because it disfranchised the negroes, was being taken. The members threw ink bottles and paper weights at each other, and the "lie" was frequently hurled from one to the other.

At Mexia, Texas, nine persons were killed and several were seriously injured in the collapse of a theater building shortly before the doors were to have been opened to admit several hundred persons to view an art exhibit arranged by school children.

European War. The Italians, after weeks of hammering at the Austrian position with their big guns, have captured the mountainous region of Callio in the Sugano valley, and also have occupied the towns of Roncoigno and Ronchi.

There has been vicious fighting in the Artois region of France in Champagne and along both banks of the Meuse above Dun.

The entire crew of about twenty-two men of the Zeppelin airship which was shot down by the French near Brabant-rol, perished in the flames which enveloped the aircraft as it fell from a height of 6,000 feet.

Another of Germany's big Zeppelin airships came to grief and probably all of the crew perished. The airship was in the region of St. Menohou, France, when French gunners began shelling it, and hit the mark.

The Germans have been operating vigorously against the British and French along the coast of Belgium, to the north of Ypres. From the British 350 meters of a position were captured and held, despite hand grenade attacks to recapture it.

The French in Champagne, between the Meuse and Moselle rivers and to the west of the forest of Apremont, have bombarded successfully German positions, while in the Argonne forest a mine exploded by the French shattered the German works.

The Russian army which captured Erzerum in Armenia is endeavoring to cut off the retreat of the Turks who are retiring with as much speed as possible.

Four German seaplanes made a raid over the east and southeast coasts of England. The total casualties are given as two men and one boy killed and one marine wounded.

The British to the south of Loos, in a lively engagement, succeeded in making an advance to the edge of a mine crater held by the Germans.

The French steamship Memphis has been sunk by an Austrian submarine off Durazzo, according to news from Vienna.

Before the capture of Erzerum, it is asserted that the Kurds mercilessly massacred thousands of Armenians. The exact number of Turkish troops captured at Erzerum is not known, but the greater part of the garrison got away, as the fortress was not invested, but carried by assault.

Erzerum, Turkey's chief city in Armenia, is in the hands of the Russians. Heavy assaults by the Russians against the long line of detached forts protecting the city, lasting over a period of five days. Unofficial reports say that German Field Marshal von der Goltz, with 80,000 men, surrendered.

The next objective of the southern wing of the Russian army is Diarbekr, which lies within striking distance of the Bagdad railway. This line would open up the road for the Russians into Syria.

Before four hundred Wisconsin Progressive Republicans, gathered in a conference at Madison, Senator Robert M. LaFollette announced his candidacy for the nomination for president on the Republican ticket.

Brighter prospects for assistance for the marooned inhabitants in the flooded section of northern Louisiana gave those engaged in relief work in that district a more optimistic view of the flood situation. It is stated that food will be sent by boats to the marooned people.

Disregard of a cautionary signal probably was responsible for the rear-end collision of the New York, New Haven and Hartford railroad in which nine persons were killed and fifty injured. A state investigation is under way.

An earth tremor of slight but distinct nature made itself felt throughout Georgia, North and South Carolina, Virginia and portions of eastern Tennessee and Alabama at about 5:40 o'clock, central time, Monday afternoon, February 21. In no case was any damage reported.

Governor Manning of South Carolina has signed the Liles bill which provides for at least thirty days' sentence on the changing for every one convicted of selling liquor in South Carolina. In no instance will a fine be accepted. For subsequent offenses the penalty is from one to five years at the option of the judge.

Hundreds of educators from all parts of the country are in Detroit to attend conferences and conventions which began with brilliant openings. These meetings will dispose of a mass of routine business incident to the annual convention which will be held in New York City in July.

Hans Schmidt, the ex-priest, who murdered Anna Amuller in Brooklyn, September 2, 1913, was electrocuted at Sing Sing prison, N. Y. He asked forgiveness of all he had scandalized before being strapped to the chair.

Eight parishes in eastern Louisiana are flooded to a greater or less extent by overflows, backwater or breaks in levees in the Mississippi, Arkansas, Tichafaya and the Red and Black rivers. There have been but three drownings reported.

Joseph Grohol, a youth just out of high school in Ansonia, Conn., who speaks seven languages, holds the balance of power in the strike situation there, and is chairman of the committee that will present the grievances of the strikers to the company officials.

TAKE A GLASS OF SALTS WHEN BLADDER BOTHERS

Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for the System.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

Could Not Lie on Side. And Had to Sleep With Head High on Pillow, on Account of Suffering. Says Cardui Made Her Well.

Laurel, Miss. Mrs. Martha A. Corbin, R. F. D. 4, of this place, writes: "I am glad to write this letter and you are welcome to use it in any way you choose."

"I have had a soreness in my side so that I could not lie on it to sleep. The back of my head hurt me a great deal too, so that I had to lie with my head high on the pillow. Once a month I would have a great deal of backache. Then I would suffer from dizziness which would be so bad I could hardly sit up and would have a very queer feeling in my head. The neighbors all advised me to have a doctor, but I had heard a great deal of Cardui and decided to take that. I swelled a great deal too. When that first began on me I would want to stretch and when I would stretch, the pain would run to my hips and shoulders."

"But I began to take Cardui; and before I had taken a half bottle I began to feel better and the swelling began to go down. The pain began to diminish and by the time I had taken two bottles I felt well enough to quit taking it. I think it is the greatest medicine that woman can use."

Take Cardui. For sale by all druggists.

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

WILSON DEMANDS AMERICAN RIGHTS

CONGRESS FAVORS WARNING AMERICANS TO STAY OFF BELLIGERENT SHIPS.

Leaders Hope to Continue to Give Executive Free Hand in Dealing With Grave Problems.

Washington.—Agitation in Congress for action warning Americans off armed ships of the European belligerents suddenly grew to such proportions that the Democrats of the foreign relations committee voted to canvass the sentiment of the house on several pending resolutions of that nature.

Sentiment in the senate in favor of some such action, also was openly expressed, but at the end of a day of surprises, tension and agitation such as had not been seen in Congress in some time, the word came that President Wilson still was unalterably opposed to any such action by congress and believed that he would only be embarrassed thereby in the negotiations with Germany.

To widely circulated suggestions that the situation had reached a point where the president would lay it before congress, that Secretary Lansing might in the same way define the attitude of the government in a communication to Senator Stone and that a time had been fixed within which the United States would expect Germany to signify her intention to abandon the announced intention to sink armed merchant ships without warning, the uniform statement was made officially that nothing had been determined upon, and that the situation though grave, still was a waiting one, that no final position would be announced until Berlin was heard from.

The sudden developments at the capitol brought surprise and apprehension to the administration leaders. While confronted with the possibility of congressional interference with all its grave aspects ranging from a defection from the administration policy to downright embarrassment of the president and the secretary of state, the leaders were confident they would control the situation and leave the executive branch of the government free to carry on diplomatic negotiations with Germany.

NO PEACE, DECLARES ASQUITH. War Will Continue Until Rights of Small Nations Are Secured.

London.—Premier Asquith found himself unexpectedly face to face in the house of commons with a new demand for the government's views on peace. He took up the gauntlet almost eagerly and in a brilliant 15-minute speech made it clear that the British government's determination to carry the war to the end without compromise had not abated a jot or tittle since the early days of the struggle.

The only terms of peace Premier Asquith offered to the enemy countries were contained in the historic announcement which was the outstanding feature of his speech at the London Guild Hall in November, 1914, which he repeated:

"We shall never sheathe the sword, which we have not lightly drawn, until Belgium—and I will add, Serbia—receives in full measure all and more than they have sacrificed; until France is adequately secured against aggression; until the rights of the small nations of Europe are based upon an unassailable foundation and until the military dominance of Prussia is wholly and finally destroyed."

Blitten by Rattlesnake. Thomasville, Ga. Mrs. John F. Archbold, a daughter-in-law of John D. Archbold of New York, president of the Standard Oil Company of New Jersey was bitten by a rattlesnake while hunting on the Archbold estate near here. Physicians said that a heavy leather boot worn by Mrs. Archbold prevented complete poisoning and her wound would not prove fatal. Mrs. Archbold shot the snake after she had been bitten.

Ten Thousand Persons Need Food. Natchez, Miss.—Approximately 10,000 persons, mostly negroes, in the flooded district of northern Louisiana are in need of assistance, according to Mayor M. Davidson of St. Joseph. The negroes who conduct their own farms are reported to be suffering the most, while comparatively few white planters are able to care for their tenants. Planters and citizens of Newellton, said Mayor Jacoby over the telephone, are of the opinion that Government aid should be given the flood victims there.

Germany Get Another Prize. London.—A dispatch received from Santa Cruz, Tenerife (Canary Islands) says the British steamer Westburn has put in there for repairs flying the German flag and with a German prize crew of seven men and one officer. The officer is believed to belong to the German raider Mowea. In addition to her own crew there are 206 prisoners taken from various British vessels, on the Westburn. The Westburn left Liverpool January 21 for Buenos Aires. The Westburn is a vessel of 3,390 tons.

Bulgaria Tries to Starve Serbia. New York.—Richard Schellens of Groton, Conn., who has been serving in Serbia as a member of Lady Page's Relief Commission, arrived here on the steamship Tucaania from Liverpool and in the face of denials from Berlin contained in dispatches, reiterated charges he made in London on February 2 that the Bulgarians were opposed to having the Armenians relieve Serbian refugees in Macedonia. He declared it was evident Bulgaria was determined to exterminate Serbia as a nation.

The Standard Remedy in Countless Homes

Relieves Constipation Easily Without Gripping or Discomfort.

MRS. OLIVER YOUNG.

Indigestion and constipation are two conditions that are closely related and the cause of much physical suffering.

The tendency to indulge one's appetite is more or less general and most people suffer at one time or another from rebellion of the overtaxed organs of digestion and elimination. A pleasantly effective remedy, that will quickly relieve the congestion of poisonous stomach waste and restore regularity, is the compound of simple laxative herbs sold in drug stores for fifty cents a bottle under the name of Dr. Caldwell's Syrup Pepsin. This is a mild, pleasant laxative tonic, free from opiates or narcotic drugs, and has been the standard household remedy in thousands of homes for many years.

Mrs. Oliver Young, Merrill, Wis., writing to Dr. Caldwell, says, she knows of nothing so effective for relieving the stomach and bowels; since taking Dr. Caldwell's Syrup Pepsin she feels ten years younger; her work seems easier and she has regained her appetite.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it in the house. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 203 Washington St., Monticello, Ill.

SAGE TEA AND SULPHUR DARKENS YOUR GRAY HAIR. Look Younger! Try Grandma's Recipe of Sage and Sulphur and Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Every body uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.—Adv.

"ANURIC!" NEWEST IN CHEMISTRY. This is a recent discovery of Doctor Pierce, head of the Invalids' Hotel, Buffalo, N. Y. Experiments for several years proved that there is no other eliminator of uric acid comparable. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, "Anuric" acts quickly. In rheumatism of the joints, in gravel and gout, invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Kansas City Women Opposed To Giving Children Medicine

They Find "External" Treatment Better Than Internal Medicines for Children's Colds.

We give below letters from a number of Kansas City, Mo., ladies who were selected by their druggists to try out Vap-O-Rub—the "outside" treatment for cold troubles, introduced in Kansas City last winter. Vap-O-Rub is the invention of a North Carolina druggist. It comes in the form of a waxed paper, which, when heated, has a two-fold action—first, the body heat releases the ingredients in the form of vapors, that are inhaled with each breath—second, Vap-O-Rub is absorbed through and stimulates the skin, aiding the vapors inhaled to relieve the congestion.

Mrs. James Hollens, 1923 Tracy Ave., has used Vick's for herself for colds in the chest and asthma, and has also used it on her children, and "finds it excellent."

Mrs. Almira Turner, 1214 E. 24th St., relieved her husband of bronchitis with two nights' applications. She also used on her four months old baby for cold and on
