## RUMANIANS AGAIN TAKE OFFENSIVE.

Berlin Claims Austro-German Forces Are Fiercely Fighting in Mountain Passes.

London, Oct. 19.—Having held the Teutonic Allies in the mountain passes on the Transylvania-Rumania border for several days, the Rumanians have taken the offensive at various points and now are declared to be pushing back their adversaries, who are leaving prisoners and guns in the hands of the Rumanians. Berlin, however, controverts this statement by the assertion that the Austro-Germans are engaged in successful fighting in the mountain passes.

Generally speaking, there is no change in the situation in Macedonia, although both the Entente and Teutonic Allies make claim to minor successes on various sectors. The Bulgarians in the vicinity of Monastir are bringing up reinforcements and a large number of trench mortars.

Except on Mount Pasubio, in the Trentino region, where the Austrians in violent attacks recaptured positions taken Tuesday by the Italians, only to be driven out again, artillery duels are taking place in the Austro-Italian theater.

In the fighting south of the river Somme in France according to Paris, the French troops have made fresh progress between La Maisonette near Peronne.

North of the Somme a German attack on the French lines north and east of Sailly-Saillisset was repulsed, says the French war office.

Berlin says that in their attacks on the Sars-Morval front the British captured German positions, which later were retaken, by the Teutons. Heavy rains fell Thursday on the British front and except for a slight gain by the British at Butte de Warlencourt and the repulse of a German counter-attack there comparative quiet prevailed.

As yet no decisive result has been achieved by either the Austro-Germans or the Russians in the violent fighting that has been going on for several days in Volhynia and Galicia. The Petrograd war office says that near Kiselin and Svinisky, in Volhynia violent attacks by the Teutonic Allies were repulsed, while Berlin records the capture of Russian trenches on the west bank of the Stokhod and the repulse with heavy casualties of Russian attacks near Bubnow.

South of Zborowin Galicia several enterprises have been carried out successfully by the Austrians, while at other points Russian attacks were put down.

## Insists Upon Unrestricted Submarine Warfare.

Berlin, via London, Oct. 18.—A largely attended meeting of the "independent committee for German peace," one of the organizations conducting an agitation for a ruthless submarine war, was held here yesterday. Deputy Fuhrmann, National Liberal Leader, in the Prussian Diet, acted as chairman.

According to The Tageblatt's report the meeting insisted that an unrestricted submarine war must and should begin immediately. Count von Reventlow, editorial writer on the Tages Zeitung, who was one of the prominent speakers, added Dr. Karl Helfferich, Secretary of the Interior, to the list of "undesirables." He declared that Doctor Helfferich was more dangerous than the Imperial Chancellor, Dr. von Bethmann-Hollweg.

## MOB RUSHES OVER WOMEN.

President's Supporters Use Canes and Umbrellas in Handing Bearers of Banners.

Chicago, Oct. 19.—President Wilson came here today to explain his view on problems facing the Nation. Arriving in Chicago after shaking hands with crowds in Indiana, he delivered three speeches, participated in several street demonstrations and went over his Western Regulatee plans with his managers at headquarters here. He planned to leave at midnight and expects to arrive at Long Branch at midnight tomorrow.

In a speech before the Chicago Press Club, the President predicted the beginning of "a renaissance of the sense of patriotic responsibility" and urged the development of progressiveness. Speaking before a gathering of women later he urged more participation of women in the affairs of the Nation; and at a meeting tonight of new citizens he declared for a united America.

At his every appearance the President was cheered by the throngs which packed the streets during his automobile rides from place to place and filled to capacity the halls in which he spoke. He stood constantly in his automobile and smilingly waved his hat to the people on the streets and in the windows of the buildings.

An attempted "silent demonstration" by members of the National Woman's Party in front of the auditorium developed into a near riot in which the banners opposing Wilson were torn from the demonstrators and trampled, and the women roughly handled. President Wilson was seated in an automobile a few hundred feet away when the demonstration started, but passed into the building and was not a witness to the scene that followed.

Shouting "shame" "digrace" and "get the banners" a crowd of several hundred, sprinkled with women, charged the banner holders. Umbrellas and canes used in the destruction of the placards. Many of the women were knocked down and nearly all were roughly handled, especially those who strove to retain their banners. With disheveled hair and soiled and torn clothing the women marched back to their headquarters under police guard.

## County Singing at Statesville Attracts 1,000.

Statesville, Oct. 14.—Nearly 1,000 people, the majority of them from the country surrounding Statesville, were in attendance upon the county singing held at the court house here today. Good old-fashioned hymns were the order of the day, the audience as a whole joining with the leaders in a number of songs. The different organized classes from the county, however, followed a regular program of song at the afternoon session. E. O. Shaver of Statesville was leader of the general singing.

The singing between the classes in the afternoon was in the nature of a contest. Mrs Shaver's class won first place in the contest. These singings which are monthly are instrumental in bringing the people of the county together at the county seat in large numbers.

## TEUTON ADVANCE FINALLY STOPPED.

Rumanians Make Stand On Their Border That Holds the Enemy in Check.

London, Oct. 18.—Apparently the Rumanians have been successful, at least temporarily, in stopping the advance of the Teutonic allies all along their border. At no point along the line does either Berlin or Vienna claim fresh successes against the Rumanians, while the Bucharest war office asserts that the troops of King Ferdinand at various points have repulsed the attacks of the Teutonic allies, inflicting heavy losses on them and capturing numbers of their officers and men.

Violent fighting is still in progress in Galicia, where on the Narayuvka front the Bavarians have stormed a Russian position and captured 350 men and 12 machine guns. Berlin asserts that west of Lutsk, in Volhynia, following the repulse of the Russians the troops of Emperor Nicholas have not returned to the fray and are merely bombarding the Teutonic positions. The repulse of Austro-German attacks in the Carpathians where snow is now falling is recorded by Petrograd.

Both north and south of the Somme, the French troops have made fresh gains. The village of Sailly-Saillisset is now entirely in their hands and the Germans have been driven from the hills northwest and northeast. Over a front of a mile south of the river, between La Maisonette and Biaches the German first line defences have been driven back by the French.

East of Thiepval gains by the British north of Guedecourt and in the region of Butte De Warlen court, are recorded by the London war office.

Patrol encounters and bombardments feature the fighting in Macedonia.

In the Austro-Italian theatre the Italians are another step forward in their advance in Trentino, having broken the Austrian line between Cosmetgnon and Roite and also taken a commanding position on Mount Pasubio.

Greece still remains a center of interest as the result of the landing of entente allied marines at Piraeus and Athens. Fresh demonstrations of bitterness by the Greek populace against the marines have been shown and the situation still remains tense. An appeal drawn up at a meeting of Greeks at Athens had been handed to the American Minister for transmission to Washington. It asks the American people "to avert the subjugation of those who desire only to remain free."

## BUFFALO BILL COMING.

The 101 Ranch With Many Attractions Will Be Here Saturday, October 28th.

The definite announcement is made that the Buffalo Bill (Himself)—101 Ranch shows will exhibit in Salisbury Saturday, October 28th. The amalgamation of these two notable shows was one of the amusement surprises of the season, but the result has justified the experiment. For one thing it means a larger and more representative exhibition and at the same time it has afforded opportunities for introducing big and novel features that would otherwise be impossible. Probably the most interesting feature of the consolidation is the fact that Buffalo Bill, who is undoubtedly a character of international interest, has returned to the saddle, and actively participates in the performances. This in itself would give the combined shows distinction. Another fact of unusual interest is the new spectacular military offering, "Preparedness," in which the United States War Department has taken such an active interest that furloughs have been granted a large number of soldiers from the regular army, in order that the display may be a genuine picturization of Uncle Sam's defenders.

The representation of cavalry is notably complete, and includes especially furloughed troopers from the 1st Cavalry, Presidio of Monterey, Cal; 2nd Cavalry, Ft. Ethan Allen, Vermont; 3rd Cavalry, Ft. Sam Houston, Texas; 5th Cavalry, Ft. Myer, Virginia; 6th Cavalry, Harlington, Texas; 7th Cavalry, Douglas, Ariz; 8th Cavalry, Ft. Bliss, Texas; 11th Cavalry, Ft. Oglethorpe, Ga; 12th Cavalry, Ft. Robinson, Nebraska; 13th Cavalry, Columbus, New Mexico, and 14th Cavalry, Ft. Clark, Texas.

The purpose of the management, which has been effectively carried out under the direction of John Baker, for many years the general director of the Buffalo Bill shows, is to present a series of military manoeuvres, illustrating the life of Uncle Sam's boys in Khaki in peace and war, in the camp and on the field of battle. There are, it is announced, reviews showing the various units of the military service; the life in the trenches; the perilous work in the scout and the sharpshooter; charges by cavalry and mounted infantry; artillery in action and other spectacular incidents of an offensive and defensive army in being. In connection with the "Preparedness" display there is a visualization of the old-time Border warfare, so closely identified with the career of Buffalo Bill, in which scores of the Indians, led by the redoubtable old Sioux warrior, Chief Flying Hawk, and many other frontier notables participate. The life of the Far West and the bonanza cattle ranges is also strenuously illustrated.

There will be two performances in this city, with a free street military and frontier pageant at 10:30 a. m.

An especially interesting incidental feature of the coming of the show to this city will be a recruiting tent, where enlistments will be received for Uncle Sam's regular army.
