Drastic Dry Bill To Be Introduced

Raleigh, Nov. 19 — The executive committee of the North Carolina Anti Saloon League, having reappointed Rev. R. L. Davis to the superintendency of the work for another year, is marshaling its forces for its bi-annual raid on the Legislature for advanced measures in the tightening of the prohibition law of the State.

Some weeks ago the committee promulgated its platform of demand that will be made upon the 1917 Assembly. This includes reducing the quantities of intoxicants that can be in the possession of any citizen to one-half gallon of whiskey, three gallons of wine.

There will be an effort to prohibit the circulation of any newspapers that advertise liquors and to provide for the confiscation of any vehicles used in illicitly handling liquors, whether the driver or vendor owns the machine or not. There is to be a feature designed to cut out the keeping of liquor at club apartments for members.

The final touches are being put on the legislative bill that the committee will undertake to put through the Legislature and the indications are that this measure will be one of the most notable features of the 1917 Legislature.
