

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Finkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 16th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit? If you want special advice write to Lydia E. Finkham Medicine Co. (Confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Meat Eaters' Backache

Meat lovers are apt to have backaches and rheumatic attacks. Unless you do heavy work and get lots of fresh air, don't eat too much meat. It's rich in nitrogen and helps to form uric acid—a solid poison that irritates the nerves, damages the kidneys and often causes dropsy, gravel and urinary disorders. Doan's Kidney Pills help weak kidneys to throw off uric acid. Thousands recommend them.

ADAMSON ACT HELD INVALID BY JUDGE

DECISION, SAYS COURT, NOT BASED ON MATURE CONSIDERATION OF MERIT.

FIRST TEST CASE IN COURT

Eight-Hour Law Held Unconstitutional by Judge William C. Hook in United States District Court at Kansas City, Appeal Taken.

Kansas City, Mo.—The Adamson eight-hour law was held unconstitutional here by Judge William C. Hook in the United States District Court. The court made it plain that the decision was not based on mature consideration of the merits of the case but on expediency desired by all parties at interest because of the necessity of a final decision by the Supreme Court of United States before January next, when the law goes into effect.

The legal moves in the process of sending the case direct to the highest court of the land were somewhat involved from the lay points of view, but the lawyers concerned rushed the matter through with a speed seldom witnessed in courts of law. These events transpired in court by agreement.

1—Counsel for the receivers asked that their bill for an injunction be granted and the Adamson law be declared null and void.

2—Mr. Hagerman for the Government asked the court to dismiss the bill and to declare the law constitutional.

3—Court overruled Mr. Hagerman and declared the law invalid.

4—Preparation of a transcript of the evidence for presentation to the Supreme Court was begun and it was expected that the mails would deposit copies in Washington at once.

5—Counsel for the receivers were instructed to notify counsel for all railroads of the moves made here and to invite them to join in the case before the Supreme Court.
