CONSIDER WAR INEVITABLE AND WILL CONTINUE IT

Such is Foreign Minister Tereschten-Message to Russia, Delivered By Special Ambassador Root, Head of American Commission.

Petrograd, via London.-"The Russtan people consider war inevitable and will continue it. The Russians have no imperialistic wishes. We know: that you have none. We shall fight together to secure liberty, freedom and happiness for all the world. I am happy to say that I do not see any moral idea or factor between America and Russia to divide us. We two people, Russia fighting tyranny, and America standing as the oldest democracy, hand in hand, will show the way of happiness to nations great and small.

These ringing words, expressing the attitude of the Russian government toward American and the American mission headed by Elihu Root, were voiced by M Tereschtenko, minister of foreign affairs, responding for the council of ministers to Mr. Root's address of sympathy and good will on the part of the American government.

The American ambassador, David Francis, presented the Root mission to cover how America can best co-oper- war against Germany. He said: ate with its ally in forwarding the fight against the common enemy. The presentation was very formal, only a few Russian officials and the members of the American embassy attending. Mr. Kerensky, the youthful minister of war, just back from the front, were the khaki blouse of a common soldier.

The ministers listened with rup? tention to Mr. Root's address. Mr. Tereschienko rose from a sick bed to attend the presentation and responded without notes, expressing great joy in welcoming the commission from America. He said that Russia's revolution was based on the wonste holds with the United States that all men are created free and equal!"

Mr. Tereschtenko said Russia faces two problems, the necessity of creat-tion for the sacrifices we shall freely ing a strong democratic force within the situation.
