Summer Complaint.

During the hot weather of the summer months some member of almost every family is likely to be troubled with an unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mrs. F F Scott, Scottsville, N Y, states, 'I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose relieved me. Other members of my family have since used it with like results.'

Card of Thanks.

I take this method to thank the neighbors and friends for their kindness and assistance rendered the family during the illness and death of wife and mother.

DEAD AS RESULT OF PISTOL WOUND.

Coroner's Jury Finds Mrs. King Came to Her Death by Accidental Wounds.

A distressing tragedy which resulted in the death of Mrs. Maude A. King, of New York city, a visitor in Concord, occurred last evening about 8 o'clock, about a mile from this city.

Mrs. King, who for the past week has been the house guest of Misses Belle and Kate Means, drove out into the country, in company with Messrs W. S. Bingham and Gaston and Afton Means, taking with them two pistols and a rifle, and intending to do some target shooting. They alighted from the automobile at the Blackwelder spring, near the Cold Water Church, and walked a short distance to the spring. Mr. Gaston Means, who was nearest to Mrs. King at the time the shot was fired, was getting a drink of water and had his back toward her at the time, and says he cannot account for the accident. When he turned, he said he saw her falling, and he rushed toward her side, calling for the other men in the automobile to come quick. They found that Mrs. King's pistol, which had been lying in the forks of a tree, was lying beside her where she fell, and that the bullet had entered just behind her left ear.

The wounded woman was picked up and rushed to the local hospital, but she never spoke, nor did she make an outcry after the shot, and death followed shortly afterward.

Mrs. King and her sister, Mrs. Melvin, also of New York city, were very close friends of Mrs. Gaston Means during the whole lifetime of Mrs. King. A few weeks ago they were in Asheville, where Mrs. Means now is, and when Mr. Gaston Means left Asheville to come to Concord, Mrs. King came with him to visit the Misses Means, whom she had met on a visit to New York.

Coroner Spears this morning summoned a jury to hold an inquest. The jury met at the Wilkison undertaking establishment, where the body now is, and after being in session for several hours, returned a verdict that Mrs. King met her death accidentally at her own hands.

Ask Any One who Has Used It.

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed, and find that it is not only a good investment but saves them no end of suffering. As to its reliability, ask anyone who has used it.
