Mrs Burns' Letter.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances: Savannah, Mo. Oct. 12, 1916.

"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux, dysentery I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. Pastor Fisher Makes Practice Pay.

Pastor Fisher must think that Uncle Sam is going to demand his services soon as he has been going out into the woods with his gun. A "hun" would not stand a ghost of a chance before his "muzzle-loader" if bagging the game is any indication of marksmanship. He comes back with from two to six squirrels almost every time. As our friend Venustus would say, "Who can beat that?" (Lucky Freeze and Uncle Tom Kirk excepted, of course.)

The Joy of Living.

Former New York Mayor is Buried With Military Honors.

New York, July 11.—The body of John Purroy Mitchell, in a flag wrapped casket on which rested the cap he wore as major of aviation was borne through the streets of New York today while tens of thousands of people watched in silent tribute. New York has seen other military funerals of heroes but those who witnessed the solemn procession which escorted the former mayor's body from the city hall to St Peter's cathedral, felt that none had ever been more impressive.

All along the route people stood with bared heads and many in tears. The heil in the city hall tolled as the casket was borne from the rotunda where it had lain in State throughout the night, and placed on an artillery caisson drawn by four horses which conveyed it to the cathedral and thence to Woodlawn cemetery.

An airplane circled overhead as the march began, later to be joined by six others which flew back and forth over the route dropping flowers. The hum of the motors carried to the crowd below a sorrowful significance, for it was as an aviator that Mr. Mitchell died.

Registered Men Can No Longer Select Services.

Washington, July 9.—Instructions have been sent by Provost Marshal General Crowder to all local draft boards ordering the cessation of the privilege hitherto granted registered men of selecting the arm of the service in which they desire to enlist when volunteering. Secretary Baker said today he had conferred with Major General Crowder regarding the loss of draft men to the army, but that no decision had been reached to withdraw permission for such enlistments.

Mrs Fleming had a light strike of paralysis from the effects of which she was confined to her room and for the most part of the time to her bed, until Saturday last when another stroke rendered her unconscious. Monday another attack made it manifest that her end was near. All that loving service and medical skill could do could not prolong her life. She was in her 75th year and was a faithful member of the Methodist church at China Grove. Interment was made at Unity Methodist church near Sotts in Iredell.

Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
