UNCLE SAM'S PARTNER

Planting home gardens, producing more food, and saving food are all war-time efforts of this government in which the women of America have co-operated loyally. We are all in the home army; the home army here must help the fighting forces and home armies over there; 120 million Allies must eat.

JEWISH RELIEF DAY.

Help For the Helpless, a Proclamation by the Governor.

Last year the whole world was thrilled when the news flashed over the wires that Jerusalem had been delivered from the hands of the Turk. The feeling was universal that the Holy City should be restored to the people who had builded it and with whose history it is forever associated. This is a fine sentiment, but finer and vastly more important than the restoration of the Holy City is the salvation of millions of Jews from hunger and disease and death. In Turkey, in Palestine, in Luthania, in Russia, in Poland and in Galicia starvation stares the children of Abraham in the face. Daily Jewish husbands see their wives grow thin and pale away into the Great Silence. Daily Jewish babies tug frantically at breasts that are withered and dry; and above the din of battle is heard once more the voice of Rachel weeping for her children and refusing to be comforted because they are not.

I call upon the good people of North Carolina to hearken to this cry, to rally to the help of the helpless and once again to show themselves worthy of the high service they are privileged to render. The hounded, hungering Jew can well afford to die. We cannot afford by indifference and inaction to have his blood on our hands.

Therefore I, Thomas Walter Bickett, Governor of North Carolina, do hereby set apart Monday, the 19 day of August, 1918, as Jewish Relief Day. I ask all newspapers to give wide publicity to this day, and especially

ask that on Sunday, the 17th day of August, notice be given in all the churches in the State that the following Monday will be observed as Jewish Relief Day, and the people will be given an opportunity to help this stricken race.

On Monday, the 19th day of August, I beg all our people to give to this most worthy cause generously and gladly. Let Jew and Gentile touch elbows, and work together for the relief of these millions in distress, and may He, who made and loves us all, bestow upon every giver and every gift his Heavenly benediction.

Done at our city of Raleigh this the 3rd day of August, in the year of our Lord one thousand nine hundred and eighteen, and in the one hundred and forty-third year of our American Independence.

THOS. WALTER BICKETT,
Governor.

Cure For Dysentery.

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw of Des Moines, Iowa. "He told me in detail what it had done for his family, but more specially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results.

About the Soldier Boys.

And this Salisbury soldier is reported killed in action August 7. The brave lad is the son of J V Nee, 203 West Thomas street, Salisbury. Walter E Neal was not quite 18 years of age. He enlisted with the Pennsylvania National Guard shortly after the United States entered the war. Several months ago he passed through here, on his way "over there", and was met here by his family and friends. Later reports indicate that he has been active in the fighting.

In the same battle another Salisbury lad was seriously wounded, this lad is the son of H G Sprinkle. Henry Sprinkle has been in the army a number of years. He was at Panama for a long while. He completed his first enlistment several months ago and when war was declared on Germany he reenlisted in the regular army and was engaged in the fighting with the regulars when he was wounded.

J K Grubb of Spencer, received a letter from a brother, Lieut Jas O Grubb, giving an account of being wounded on July 4th. Lieut Grubb is a Rowan man and has been in the army since 1904. He was shot through the foot while with the Australian troops celebrating the success of a big drive on the Germans.

The remains of a colored soldier who died at Camp Wadsworth, Spartanburg, S. C., was brought to Salisbury and buried in the Federal Cemetery, August 7th.

A Happy Birthday.

On July 29th all the children and grand children of John P A Beaver gathered at his home to celebrate his fifty eighth birthday. It was a happy day for Mr and Mrs Beaver as their five sons with their wives and children came to the old homestead to celebrate father's and grandpa's birthday. Such kindness and respect given by their children and grandchildren brightens their declining years and makes them feel happy with the thought that their children still love and honor them in their old age. Mr Beaver has just completed his thirty-fifth year as a threshing man. He says he has threshed wheat for the public, not missing a year for thirty-five years. He says the most that he ever threshed was a little over seventeen thousand and the least in one year a little less than six thousand bushels. Can any one beat that?

BY A FRIEND.

To Improve Your Digestion.

For years my digestion was so poor that I could only eat the lightest of foods. I tried everything that I heard of to get relief, but not until about a year ago, when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine."—Mrs Blanche Bowers, Indiana, Pa.

A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach, instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.
