For the Children.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers.

ALIENS SHOULD BE DEPORTED.

Thousands Enjoy the Shelter of Our Flag But Refuse to Fight When Needed.

Some Congressmen who appear to be bent upon the halting the coming to this country of all aliens might with the prospects of more help to the country, take up and push the matter of forcing many of the aliens already here to get out at the earliest moment possible.

It has been disclosed that in Pennsylvania 25 per cent of the men registered under the draft law males between the ages of 18 and 45 years, are aliens, the majority of whom protested against every effort to induce them to join our army and navy and help our boys in the great struggle ended by the armistice on November 11 last.

In the state of Washington a number of the members of the draft boards have adopted a resolution to initiate a nationwide movement having for its purpose the deportation of all aliens, both declarants and non-declarants, who claimed exemption from military service upon mere grounds of non-citizenship. In the resolutions favoring such action they say:

The exemption of aliens was the most exasperating experience of the draft boards. The action of such aliens was cowardly, disgraceful and unpatriotic. Every such person immediately branded himself as a dangerous and undesirable resident. The country nurtured and protected these ingrates. At the very first test when this action forced upon these men were not willing to bear any burdens. For every alien so exempted, a good American boy had to go to the front. These aliens remained at home in ease and safety. They still retain good jobs to the exclusion of our returning soldiers.

There were 92,645 such aliens in the city of Philadelphia alone, and 441,013 in the State of Pennsylvania. Some to their credit did not claim exemption and entered the service of the country in which they were free as our own citizens. The record of every alien who refused to serve is available. His refusal to heed the call is contained in the questionnaire which he brazenly denied the right of the country in which he lives, and in which he makes his living, to ask him to take any part in the war.

Congressmen may not have their ears to the ground but they ought to be made to hear the demands of the people to take immediate action through which all of the outgoing ships will carry from our shores every alien here who refused to enter the service of this country when it was at war with Germany and its allies. The Washington advocates of this character advise citizens to make their wishes known to their Congressmen by writing to them. The idea is splendid.—Philadelphia Record.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

MARRIAGES

A pretty, but quiet wedding was solemnized Wednesday evening at 8 o'clock, February 12, at Lutheran Chapel parsonage, China Grove, when Miss Kate Elizabeth Suther, daughter of Mr and Mrs William A Suther of Concord, became the bride of Luther Keller Hurlocker, of No. 4 township, Caharrus county, Rev C A Brown, pastor of the groom, rendering very impressively the beautiful service of the Lutheran church in presence of only a few invited guests. Uncle Jimmie Boston Will Have His Fun.

Uncle Jimmie Boston is not exactly given to being skittish, but nevertheless, will have some innocent amusement, even if it does happen to be expensive. What's a few eggs to Uncle Jimmie Boston, Pi rpoint Morgan or Andrew Carnegie? Eggs are high to be sure, but what is life without sunshine?

Well, last Sunday morning when the beautiful was descending down from above, Uncle Jimmie goeth forth into the cold and snow and proceeds to rob some hen nests. He got eight slipped them into his pocket and returned to the house. His hat and coat were covered with the congealed fluid and he took his hat and shook it carefully, then he removed his coat and shook it vigorously, the eggs flying in various directions striking the floor and bursting as they struck, decorating the floor and furniture and perfuming the air. Of course not many of us care to use eggs just this way, but Uncle Jimmy Boston will have his fun.

Miss Stirewalt's Music Class.

A very delightful feature, and one that should interest the entire community, of Miss Ada Stirewalt's music class this year is the Friday afternoon pupil recital. Four have been given by Gladys Pouncey, Helen Lyrel, Maratha Shuford and Kathryn Brown. The pupil is permitted to invite a limited number of guests besides the class members. The program takes the form of a regular lesson which is of great benefit to the listener as well as the pupil. The first part of the program consists of selections dealing with the technique of playing. Second, playing in all keys or transposing. Then duet or ensemble, playing accompanying, playing of hymn tunes and solo selections. Current events are given also and afterwards, there is general discussion, anyone being permitted to ask questions.

It is a privilege to be present at one of these recitals and we feel it is becoming one of the means of educating our town musically. Another means is the Community "Sing" which Miss Stirewalt is planning for the near future. Every person in China Grove should be present at this "Sing" and enter into the whole hearted joy it will most assuredly produce. "Music is the best natural expression of joy and happiness."

Periodic Bilious Attacks.

Persons subject to a periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not crave food but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided.

John Herman, who helped to install the electric power in the Cotton Mill here in 1908 died in a hospital in Baltimore, January 14th, from the effects of influenza. He was a native of Gaston county.

The three-months old infant of Geo Venius was found dead in bed this morning about three o'clock, cause unknown. It seemed to be in its usual good health the evening before. The funeral will be held tomorrow morning at ten o'clock from the residence, Rev C A Brown officiating, and the interment will be in Green Lawn cemetery. The parents have the sympathy of their many friends.

Mrs Fannie Evanne Louvine, well known wife of Geo H Hill of Kannapolis, N.C. died at her home after a lingering illness of several months, February 7th, at the age of 40 years, 10 months and 29 days. She was confirmed member of Lutheran Chapel church, and was later transferred to St Mark's E L church, China Grove, of which church she was a constant member till her death. On February 2, 1917, she was happily married to Geo H Hill, Rev C A Brown, officiating. This union were born four children, the youngest being only a few months old. These and a devoted husband, together with a large circle of sympathizing friends, she leaves to mourn her

Floor Taxes on Tobacco.

Collector Watts has mailed to all dealers in tobacco, snuff, cigars and cigarettes, whose names and addresses he has, blanks for inventories on the amount of stock in these articles they will have on hand on the day after the new Revenue Act becomes law, which of course will not be until the Act is signed by the President. It is the duty of these dealers to ascertain the day the Act is finally signed which will be published in all the papers and doubtless telegraphed to important points in the district.

Blanks for the sworn return will be sent as soon as the Act becomes law.

It may be that the Collector has failed to secure the names and positions of all dealers in these articles. If any such dealer has not and does not receive within the next few days these blanks he should immediately write to A D Watts, Collector, Statesville, N. C, when his name will be placed on the lists and blanks will be promptly sent him.

If any person, firm or corporation, who does not deal in these articles, has received blanks the Collector will very greatly appreciate a letter or a card to that effect, when the name will be stricken from the list.
