

## Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

## THE ROWAN RECORD

Record, one year \$2.00  
 Progressive Service, one year \$1.00  
 Job papers only \$1.25

Entered as second-class matter January 15, 1914, at the post office at China Grove, N. C., under act of March 3, 1879.

China Grove, N. C. Feb. 7, '19

The N C State house of representatives has passed the dog law demanded by the department of agriculture and possibly a few hundred citizens. This they had no right to do, for no law good or bad, should be enacted unless a majority of the State's citizens want it done. Every act that does not have the sanction of a majority of our people is a usurpation of authority and a curtailment of the rights of citizens. If this consolidation of authority continues, without interference on the part of the people, it will not be long before a condition of serfdom will exist here as humiliating as the galley slaves of the ancient Roman empires. This thing of placing men in authority who are apparently ignorant of the fundamentals of our government, or are indifferent to the consequences of which their short sighted conduct will surely produce, has reached a point at which American citizens should organize and put a stop to. We notice that a gentleman of Davidson county complains that of the four thousand families in that county that there is an average of one dog, or four thousand dogs, therefore the legislature should pass a law. This is the best reason in the world why the legislature should keep hands off, that is if a ma-

majority of citizens is still the final arbiters of the law, but if the people are to be considered subjects and one man's say is to be the supreme authority, [autocracy, pure and simple] then of course the people must submit or revolt. Which? A few years more of this kind of stuff and then the story will be told. Mark ye those who vote your rights away under what ever pretext.

### Card of Thanks.

### Dollars and Cents.

Counting it only in dollars and cents how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house, is a mighty good investment during the winter and spring months.

# When You Can Buy a Fordson

Why experiment with some other engine that is adapted for only one or two purposes. With the Fordson you can do almost anything and everything on the farm requiring power, from plowing, discing, consumption of KEROSENE, remember the Fordson burns KEROSENE, being about 2½ gallons per acre when plowing.

threshing, etc., down to operating your cream separator. The first cost isn't prohibitive either. Neither is the cost of operation; this, of course, depending upon the character of work. The average
