That Dull Aching.
Don't worry and complain about a bad back. Get rid of it. For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Read this statement:

Mrs R C Summers, 419 Long St., Salisbury, says: "Overwork broke down my health some time ago and I suffered from a bad attack of kidney trouble. There was a dull heavy, aggravating ache in my back that took the life out of me. I felt tired and rundown and could hardly get about and when I tried to bend over I suffered terribly. I was so dizzy I could hardly stand and my head ached terribly. My kidneys were weak and annoyed me, too. Doan's Kidney Pills were recommended to me and I began using them. Doan's soon removed all the trouble."

Pershing Thanks Y. M. C. A. For Its Canteen Service

NOW THAT FIGHTING IS OVER, GENERAL RELIEVES RED TRIANGLE, AT ITS OWN REQUEST, OF POST EXCHANGE WORK

Chaumont, France, Feb. 23.—The American Y. M. C. A., at its own request, has been relieved of its work in maintaining the post exchanges with the American army. Correspondence has been exchanged between General Pershing and E. C. Carter, in charge of the Y. M. C. A. with the army, resulting in this decision. On Jan. 29 Mr. Carter wrote to General Pershing saying that duties of the Y. M. C. A. in promoting athletics and entertainments, were so heavy that he thought it should be relieved of the exchange work.

General Pershing, in his reply, said: "As you correctly state, the Y. M. C. A. undertook the management of the post exchanges at my request at a time when it was of the greatest importance that no available soldier should be taken away from the vital military functions of training and fighting. As the reasons which impelled me at that time to request you to undertake this work no longer exist, I am glad to approve of your suggestion. "In making this change, permit me to thank you for the very valuable services and assistance which the Y. M. C. A. has rendered to the American Expeditionary Force in handling these exchanges. Handicapped by a shortage of tonnage and land transportation, the Y. M. C. A. has by extra exertion served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishment of the American army."
