Some of these "health officers" ought to be examined for lunacy. As public officials they are about as valuable as the flies and mosquitoes they have arranged to produce on a large scale this year.

Senator Overman is being quite liberally complimented by the press and writers generally for the excellent report made on the activities of alien enemies in the United States and for efforts he has been making to have such disturbing elements in our midst deported.

Albemarle being tired of a Democratic form of government, or the Democratic form which they had had become so rotten or senile, that they have adopted the foreign rule policy, or manager plan. We now talk of turning the Philippine Islands over to the people because it is said they have progressed sufficiently to be come self-governing. The towns and cities adopting the managerial plan admit that they have not reached that point. They have our sympathy.

Great discovery! The Agricultural Department in Washington has announced that buttermilk is a splendid drink. Of course everybody else has been knowing this for a few centuries, but just how the officials of the government found it out is not stated, at any rate it is announced that July 1st is to be national buttermilk day. Wonder full! What kind of announcement do you suppose would take place should some of these gentlemen find a cow actually eating grass.

Some Reasons Why Protestantism Should be Proached, Taken from the Monach.

Popery would capture America by captivating the minds of its people, an attack that is made with greater ease upon the young whose ideas are in process of formation than upon elder persons who have already begun to think for themselves. That is why popery's chief concern in the United States is about education of youth. The public school is unsatisfactory to the popes and their agents. It is their wish that citizens to be should come early under the influence of male and female Jesuits for the simple reason that "the tree will grow the way the twig is inclined." Popery is equally solicitous concerning the moving picture entertainments which are so liberally patronized by the young. Censorship is demanded on the plea of preventing "immoral pictures," and that censorship is utilized to introduce rosaries, crucifixes, garbed nuns, black robed clerics, and everything imaginable to familiarize the young with Romish paraphernalia so that they may be more complacently tolerated now and the more readily embraced, later.

Popery is equally insistent upon censorship of the press which is the American school of adults. Its agents are noisily fearful that American civilization may be corrupted by the contents of newspapers, periodicals and books which ignore popery or challenge its claims. Publishers who exercise their right to criticize Rome or print things complimentary of its emissaries are disciplined by the Romish boycott and papers which have been

disciplined are induced to print those silly stories of miraculous cures and miracles performed by means of decayed saint's bones which so often offend the good taste and common sense of readers.

Free schools, free stage, free press, and free speech are so abhorrent to popery, that he would like to suppress them all if he could, but since it cannot, it finds it expedient to corrupt or cripple them as it can by means of censors or by the introduction of its own matter in place of instructive publicity. All this is to the end of suppressing Americanism and promoting Romanism. It is part of the program for conquest by means of false teaching and suppression of truth.

Protestant ministers of the Protestant churches are certainly more or less familiar with the attitude of Rome toward them and their work, so we need not consider that here. The martyrs tell that story with an eloquence to which little could be added save a reminder of the fact that Rome treats Protestantism generally with the same intolerant contempt as throughout the past.

Germans Trying to Get Government that Can Sign.

Paris, June 20.—The latest reports received over the military wire from Wiemar, indicate that 9 o'clock Friday evening, Germany is still in the throes of a reconstitution of the administration in an endeavor to get a government that is capable of signing the peace treaty.

It is expected in Paris that an extension of time will be asked by the Germans if they are unable to agree in the time accorded in the reply to the counter proposals. A member of the American legation said a short time might be granted under this contingency.

The American representatives accept as a fact the retirement of Philipp Scheidmann, the German chancellor, from his position. They still are in doubt regarding the possible make up of the new government. A Noske-Erzberger combination is still most prominently mentioned, but the names of the socialists, Dr. Mueller and Dr. Fied David, also have been referred to as possibilities for the chancellorship in a dispatch received late this afternoon.

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well. My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal. If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

LIVER DIDN'T ACT ' DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak... I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught a standard, household remedy. Every member, of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. APPRECIATION

The Honor Roll of Rowan County is an appreciation of the gallant men in Rowan County who served the Nation in its hour of need.

You are proud of your boy who is in the Service and your neighbor is proud of his. We want these pictures and biographies so that we can prepare an Honor Roll for Rowan county that will be preserved for many generations.

WHAT THE HONOR ROLL WILL CONTAIN.
 It will have pictures and biographies of the women in our county, who gave up their time and strength for the American Red Cross work. It will have pictures and records of the boys of this county who have been in the service and who are now in the service. They did their duty when we needed them and now it is up to us to preserve their records in a way that will make them proud that they are from Rowan county. It will contain pictures and text describing activities of the men who could not go to war, but were eager to do their part, by helping Uncle Sam with all his war activities, such as Liberty Loan Drives, War Stamps and various relief work. It will contain handsome colored reproductions of General Pershing, President Wilson and General Foch. Each picture will be placed within an elaborate decorative frame symbolic of the activities of each of these great men. It will have four distinctive five-color division illustrations prepared by a well known artist typifying the activities of the Red Cross, Home Service Workers, the Army and the Navy. It will be elaborately prepared with page after page of highly artistic colored designs in the forepart of the volume especially designed for our Honor Roll by one of the leading publishing companies in this country. We have spared no expense in making this book one that you will prize highly should you be so fortunate of securing a copy of same. We feel confident that it will be a volume that everyone will treasure and hand down from one generation to another with considerable pride. There is only a limited number being printed. If you desire to have us reserve a copy you had better do it immediately, as we cannot promise to secure additional copies later on.

ORDER YOUR HONOR ROLL AT ONCE TO BE SURE OF OBTAINING SAME.
 This authentic record of all war activities in Rowan county. The edition is being sold out very rapidly and we have ordered only enough to cover the cost of compiling, printing and binding this handsome book. We are not going to conduct an extensive sales campaign, so that is not our mission in preparing this publication. Please do not hold back the picture of your boy or yourself, because you are not going to order a book. We want your picture, your boy's picture, and biographies in this book whether you order or not. Please do not censor us if we are unable to secure a copy of the Honor Roll for you later on. After our publishers have gone to press on this book it will be only within a short time there will be no chance of securing a copy of it. The time for action on this matter is now, send your application as quickly as possible, also photograph and data.
