

SALISBURY AND ROWAN COUNTY LOCALS

The roof over the reservoir at the Spencer water plant fell in last week and the tank is now without a covering. The town is making an effort to provide a roof at once.

It is learned that Leonard B. Gary, of Spencer, has been permanently appointed United States Trade Commissioner to England. Mr. Gary recently received a temporary appointment and went to London in February, his appointment having been confirmed this week. He will make his headquarters in London and will be away a year on his first trip. Mr. Gary is a son of Engineer C. P. Gary, of Spencer and was a graduate of Wake Forest College.

Rev. G. W. Henderson, an aged and well known Baptist minister, who has made his home at Hollywood, near Spencer, for several years, is critically ill, and little hope is entertained for his recovery. Rev. Henderson belongs to a splendid family and has a number of grown children in this state.

A little daughter of Richard Russell started to run across South Main street near Horah Friday afternoon and was struck by an automobile being driven by Mrs. Peeler. Her left arm was badly crushed and may have to be amputated.

Stewart Cuthrell, who has been in the navy for 6 or 8 years, is now at home, having completed his period of enlistment.

Friday afternoon Sheriff Kridler, Deputy Rankin and chief of police, John W. Keller, captured a fifty gallon still in Morgan township. The still was in operation but the operators escaped. It was broken up and arrests are expected to follow.

The Mooresville picnic, an annual affair held for the benefit of the Barton Spring orphanage will take place Thursday, July 31st.

An ice cream supper will be given at W. H. Camp's Summer, Saturday night June 28th. The proceeds will go for improvements of the school.

The advertisement of the North Carolina State College of Agriculture and Engineering appears in this paper. Young men who contemplate fitting themselves for efficiency and success in Agriculture or in civil electrical mechanical, or textile engineering should investigate the advantages which are offered at this well known technical college. Full information may be had by writing Registrar E. B. Owen at West Raleigh, N. C.

Work is progressing steadily on the building of a new railroad bridge over the Yadkin river. The work of clearing away the old bridge to make room for the new structure has not yet been completed. This is a huge job in itself. It will require six months or more to build the new bridge and while this is being done all trains are using the south bound track. Two block telegraph stations have been established, one at each end of the bridge with six operators on duty.

E. W. Brady Killed at Railroad Crossing.

Friday evening as E. W. Brady, manager of the Ford Hotel and John D. Kennerly, contractor, were about to cross the Western railroad at Fulton street, their auto, which was being driven by Mr. Kennerly, was struck by an incoming passenger train by No. 12. D. P. Keever engineer and Capt. Thos. Murphy conductor. The auto was probably making good speed and the train was going at about 25 miles per hour. Neither saw the other until it was too late. Mr. Brady attempted to jump and was thrown head foremost against the engine crushing his skull. He was by some means probably thrown 25 feet from the point of impact. He was taken to the sanatorium near by but died almost immediately. Mr. Kennerly stayed in the car, which was badly damaged and carried some distance by the train, but got out only slightly injured. He assisted in picking up Mr. Brady and thought he was not hurt, but has been kept in since.

Mr. Brady's funeral was held at the First Baptist Church Sunday morning being conducted by the pastor Dr. C. A. Owens, the Elk of which he was a member attended in a body. The interment was in Chestnut Hill cemetery. He leaves a wife, nee Miss Abene Henderlite, and a five year old son.

Missionary Service at Christians.

Sunday, June 29, the Women's junior girls and boys and children's societies will render their annual missionary program.

1:30 p.m., Sunday school hour.

3 p.m., devotional service.

"Missionary Alphabet," by children's society.

"Garden of Loving Hearts," by junior girls.

"The Children of the Light House," by junior boys.

Address by Rev. M. L. Ridenour.

Offering.

All are invited to these services.

Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

Airplane Expected This Afternoon.

An army airplane, the Skull and Cross Bones, is expected to arrive at the fair grounds this afternoon at 4 o'clock. It will be in charge of Lieut. A. R. Brandt, and is from Langley Field, Va. This information was communicated to Mayor B. W. Strachan from Charlotte by Lieut. Brandt, who is endeavoring to stimulate interest in the air service.

The Culpepper Revival.

Burke Culpepper arrived in Salisbury last week and began a series of meetings in the tabernacle, the hours being 4 p.m. and 8 p.m. Fairly good crowds are attending. A portion of one side wall have been removed to secure better ventilation and an additional room. The meetings will continue up to the middle of July. Mr. Culpepper's talks are quite interesting and may do some good.

All soldiers and ex-soldiers who wish to apply to the government for assistance can call on Chas. W. Woodson, for the necessary physical examination. He has been appointed by the government for this purpose and has an office in the Wachovia bank building. He will also fill out papers, furnish medical relief and assistance in securing admittance to government hospitals, etc.

Grove's Tasteless Chilli Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

James Thomas Mims, a two year old son of E. B. Mims, died Wednesday at the home in East Spencer, after a short illness. The little body was buried in Christ cemetery, near the passenger station, Thursday afternoon, the funeral being conducted by Rev. F. B. Lingle, of the Lutheran church.

Miss Mary Schenck died Sunday night at the home of a niece, Mrs. D. E. Shulenburger. Miss Schenck was 68 years old and had been blind all her life. For some years and until her health failed recently she was a teacher in the school for the blind at Raleigh. The funeral was held Monday afternoon and the interment was at Salem church, in the county.

Death came sudden to J. H. Dedman, aged 71 years, early Thursday morning in Sunday. He had just finished his breakfast and remarked that he felt splendid, when Mrs. Dedman, who was standing near him on the porch, saw that he was stricken. He was removed to a bed, but died before a physician could reach his side. Mr. Dedman came to Spencer some months ago from Davie and bought a home on Meadow street. He was employed at the shops up to the time of his death. A wife and several grown children survive.

The 4th of July.

The 4th of July is to be observed in Salisbury on a large scale this year and a large crowd will no doubt be present to enjoy the day.

Every soldier in the county will be invited to be present, take part in the parade and do what he can around the festive board.

Senator Overman of Salisbury, and Mayor McInch of Charlotte, will deliver addresses of interest and appropriate to the day, including a most cordial welcome to the soldiers.

This celebration and welcome, though for all the soldiers and is being encouraged and endorsed by about all the people, will be conducted by the patriotic orators of Salisbury and the county. Mayor W. B. Strachan, a member of Council No. 26, is chairman of the executive committee and B. D. McCubbins is secretary.

The parade will end at the fair grounds where an aeroplane will do stunts, the speakers will address the crowds, where sports, old and new, will be carried out and where the big dinner will take place.

This is to be a county affair and it is hoped to have a general basket picnic not only for the soldiers but for all who may be present.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching piles, and you can get restful sleep after the first application. Price 60c.

Allen Burton Killed by a Passenger Train.

Walnut Cove, June 24—Allen Burton, living about three miles east of town, was struck and instantly killed by the eastbound Southern passenger train on the yard here Sunday afternoon. He had started down the Southern track towards the station to take the train for home and while crossing the track in front of the old southern station was struck. He was about 50 years old and unmarried. He is survived by two brothers, one sister and a number of more distant relatives. The interment took place at Forest Chapel yesterday afternoon, conducted by Rev. G. Williams, pastor of the church.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

Man Ends His Life With a Shot Gun

High Point, June 23.—Dissident because of continued ill health and highly nervous as a result of religious excitement, Edgar Hunt, a resident of Fairfield community, seven miles east of this city in the vicinity of Jamestown, late Saturday took his own life, using a double-barrel shot gun to blow off the top of his head. Death was instantaneous. Saturday morning he went about his duties in the usual manner and was thought to be in normal spirits. After visiting the barn where Mrs. Hunt was, he went to the house, got his shotgun and went to a place about half way between the house and a spring, where he shot himself.

Many Dead as Result of Minnesota Tornado.

Fergus Falls, Minn., June 23.—Telephone communication from Fergus Falls and the nearby storm stricken territory to other cities in the state was restored late this afternoon, and over the telephone Adj. Gen. W. P. Rhinow gave an estimate of 60 dead from Sunday evening's tornado.

Work of searching the debris which marks the sites of nearly 400 homes and stores will be completed by night, Gen. Rhinow said.

Arrangements are being completed to drag Lake Alice, a nearby summer resort. Many persons at the lake were swept into the water, it is believed. A large number of the summer cottages which line its shores were blown far out into the lake.

More than 150 persons with serious injuries are being cared for at the insane hospital and Wright and St. Luke's hospital. Arc light wires were strung throughout the devastated district today to enable the soldiers and civilian relief workers to continue their search of the ruins.

Late today 47 bodies had been recovered and taken to temporary morgues. About 30 more are thought to be lying beneath the wreckage of the storm which swept a path four blocks wide through one of the prettiest cities in Minnesota.

STRONG EVIDENCE

Is the Statement of This Salisbury Woman.

Backache is often kidney ache. A common warning of serious kidney ills.

"A Stitch in Time Saves Nine."

Don't delay—use Doan's Kidney Pills.

Profit by the experience of Mrs. J. V. Fisher, 507 E. Kerr St., says: "About a year ago kidney trouble came on me and I don't know what caused it. My back was lame and sore and ached all the time. I felt rundown and tired and had blinding dizzy spells. My head ached a great deal and I was very nervous. My kidneys acted irregularly, too. I used Doan's Kidney Pills and in a short time they removed every ache and pain in my back and regulated my kidneys. Doan's made me feel like a different person."

Make Money in your home town in spare time. Sell hosiery with a guarantee. The kind that won't wear out. Ready market in your own neighborhood. Big money maker. Experience unnecessary. We teach you. PHOENIX HOSIERY CO., West Market Station, Philadelphia, Pa.

PUBLIC NOW TOLD ALL ABOUT TANLAC.

Authorities Now Show Just What this Medicine Really Is.

In a recent issue of this paper announcement was made that Tanlac now has the largest sale of any medicine of its kind in the world, and that more than twelve million bottles had been sold during the past four years.

These are unusual figures, and the question naturally arises in the mind of the reader why this phenomenal success and why has this preparation so far outstripped all other medicines of its kind. It is only natural therefore that the manufacturers should offer some explanation to satisfy public interest.

In the first place, Tanlac is in one of the largest and most modernly equipped laboratories in this country. Its formula is purely ethical and complies with all national and state pure food and drug laws. Altogether there are ten ingredients in Tanlac each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began and some of them have been used and prescribed by leading physicians everywhere but until they were brought together in proportion and association as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the most important ingredients of Tanlac the Encyclopedia Britannica says: "It has long been the source of the most valuable tonic medicines that have ever been discovered."

In referring to others of the general tonic drugs contained in Tanlac the 13th Edition of "Potter's Therapeutics," standard medical text book, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well known authority in describing the physiological action of still another of the ingredients of Tanlac which is of value in treating what is commonly known as a "run-down condition" uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which because of their influence upon the appetite digestion, assimilation and elimination improves the nutrition and vital activity of all the tissues and organs of the body, and produce that state of general tonic which is called health.

In discussing another ingredient the Encyclopedia Britannica says: "It is one of the most efficient of that class of substances which act upon the stomach so as to invigorate digestion and thereby increase the general nutrition. It is used in dyspepsia, chlorosis, anemia and various other diseases in which the tone of the stomach and alimentary canal is deficient." Concerning still another ingredient this same standard authority says: "It causes dilatation of the gastric blood vessels, increases secretion of the gastric, and causes greater activity in the movements of the muscular layers in the walls of the stomach. It also tends to lessen the sensibility of the stomach, and so may relieve gastric pain."

The United States Dispensary makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestion organs or where a general tonic impression is required. Dyspepsia, atonic gout, hysteria, and intermittent fever are among the many affections in which it has been proven useful."

There are certain other ingredients described in the Dispensary and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification

of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed, and the entire system is invigorated and vitalized.

Tanlac was designed primarily for the correction of disorders of the stomach, liver, and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must therefore have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country, and that is also why it is the most widely talked-of medicine in the world today.

Tanlac is now sold in Salisbury by the Smith Drug Co., S. M. Purcell and the Empire Drug Company—and by leading druggists everywhere. Advertisement.

Edward Leonard Killed in Automobile Accident.

Lexington, June 23.—An automobile accident near here yesterday afternoon resulted in the death of Edward Leonard, a well known citizen of Lexington. Mr. Leonard with his family and the parents of Mrs. Leonard had spent the day in the country with friends and were returning to town when near the county home the touring car turned over down an embankment, injuring Mr. Leonard so badly that he died a few hours after being carried to his home. The others in the car were slightly bruised.

Labor Body to Work For a 44-Hour Week.

Atlantic City, June 23.—The American Federation of Labor at the closing session here today, of its annual convention, pledged itself to obtain a general 44 hour week for workers in all crafts throughout the United States and for employes in the government service. The demand was based on a determination to prevent unemployment which the delegates declared is one of the two primary causes of industrial unrest. The other cause is the decreased purchasing power of the dollar. Manufacturers and employers are urged to "bridge the gap" and increase wages without any controversy.

Sale of Valuable Real Estate.

Pursuant to the authority contained in a certain Mortgage Deed of Trust executed by Charlie Long and wife Mattie Long, to the undersigned, Trustee, on July 1st, 1918, which is duly recorded in the office of the Register of Deeds for Rowan county in book of Mortgages No. 63, page 10, default having been made in the payment of the indebtedness therein secured, and at the request of the holder of the note therein secured, the undersigned, Trustee will expose for sale at public auction for cash at the Court House door in the city of Salisbury, N. C., on

Saturday, July 28th, 1919,

at the hour of 12 M., the following described real estate:
Beginning at a stake on the east side of Concord Avenue, corner to lot No. 2; thence with lot No. 2 south 41 degrees east 249 feet to a stake, corner to lot No. 2 on line of lot No. 4; thence north 40 degrees east 190 feet to a stake, E. A. and L. G. Goodman's corner; thence north 41 degrees west 288 feet to a stake on the east side of said Concord Avenue; thence with said Avenue south 30 degrees west 100 feet to beginning, being lot No. 1 of E. A. and L. G. Goodman property, known as the "Moyle tract", as shown on map made by N. A. Trexler, C.S., June, 1918.
This June 23rd, 1919.

JOSEPH L. REEDMAN, Trustee, Reedman & Reedman, Attorneys.
