## THE ELECTIONS!

### GEORGIA AND FLORIDA OVERWHELMINGLY DEMOCRATIC.

The Third Party Casts Only 5,000 Votes in Florida—Georgia Goes Democratic by 30,000.

ATLANTA, Ga., October 5.—The State election progressed quietly. The Republican State convention refused to put a candidate for Governor in the field and State Chairman Buck, United States marshal, issued circulars calling upon the Republicans to vote with the People's party as the most effective way of defeating the common enemy. The colored wing of the party, however, resented what they call Buck's interference, and voted pretty heavily for Northern, the Democratic candidate. All the colored clergy and school teachers voted that way. The indications are that the Democratic ticket is elected by 30,000 majority. The Legislature, which consists of 175 members, will have only about 35 Third party members.

JACKSONVILLE, Fla., Oct. 5.—Many negroes yesterday voted the straight Democratic ticket, though as a general thing they supported the People's ticket, as there was no Republican ticket in the field. Reports received point to Mitchell's (Democrat) majority at 20,000. The People's party vote is disappointing, as it will be under 5,000. The entire Democratic ticket is elected.

**Good Replies.**

Wilmington Messenger.

The other day Mr. Sol. C. Weil, Democratic Elector for this District, who is making excellent speeches, had some experiences in the way of Weaverite catechizing. He was reading from Butler's editorials in the Caucasian, the paper with the wrong name he edits. One of the Thirddites interrupted him, because the passages read showed how unreliable Butler was, and how not long ago he was writing in a way utterly opposed to his present treacherous, insincere and disgraceful course. Said the Weaverite: "I do not know that Mr. Butler wrote what you are reading." The reply quickly came: "If Butler did not have sense enough to write them himself, he employed others to write them, for they appeared in his paper."

Another of the same gang said: "Mr. Weil is a lawyer himself, and he knows that a man's last will and testament is the one that holds good in the courts." To this the Elector replied: "Yes, that is true, and Butler has certainly written his last political will and testament and signed his own political death warrant." That got the crowd as it got the Weaverites.

**How Marion Butler Talked in 1888.**

The Caucasian is a Cleveland Democratic paper—believes in first reducing the tariff to a revenue basis and then dealing with the internal revenue. It believes in cheap bread, cheap clothes and cheap tools, which will leave us enough clear profit to educate our children without being enervated with Federal bounties, which we believe to be a Radical trick for keeping up a high protective tariff. We believe in the prosperity of forty-nine millions even if it should work to the detriment of one million.

We are in favor of the present system of county government as long as there is a single county saved by it from African and Scallawag rule. We will forever preach that this is a Caucasian government, founded by the courage, framed by the wisdom and won by the patriotism of white men, for the benefit of all citizens alike. Therefore it is of right, ought to be, and is, managed by white men only.

MARION BUTLER, Clinton, N. C., Dec. 20, 1888.

**He collected it as Last.**

A Cleveland county Gideonite, who is an ex-Yankee soldier and a Republican, went over into Lincoln county last week to hear a political discussion. While Dr. W. L. Crouse, Democratic nominee for representative, was speaking, the Gideonite, holding up a silver dollar, began to fire questions at him about free coinage. While he was at it, a man in the crowd to whom he had owed a dollar for a long time and who had vainly tried to collect it many times, walked up and collared the dollar and brought down the house.

**Republicans Want Force Bills.**

"While I favor the passing of the tariff bill, sooner than this Congress should not pass the Force bill to see every manufacturing establishment in Massachusetts burned to ashes and the people of that State required to labor in callings in which they could not make more than fifty cents a day, and be required to live on codfish."—Senator Hoar, of Massachusetts.

The Weaver and Field trip through North Carolina last week was a flat failure. At Raleigh the Third party schemers expected to draw a crowd of 20,000 from 20 counties. Conservative estimates put the crowd present at scarcely 2,000. The horseback crowd was even 186. Weaver leaves North Carolina as he left Georgia—crest-fallen. In the meantime Glen has been doing up Butler in great shape and has completely hacked him.

The Dispatch says that the case of Mr. and Mrs. A. L. Sink, of Lexington—the worst injured survivors of the Statesville wreck of a year ago—against the Richmond & Danville railroad company, has been removed to the United States Court at Greensboro.

Orton's circus was lately at Wilkesboro and a certain Wilkes man was fleeced by the sharpers who are always along. The Chronicle says that when the man's wife found out on him she gave him a gentle thrashing and made him promise not to go anywhere any more without some one along to take care of him.

Tarboro Southerner: Cally Jones, a colored man on Joshua Killbrew's farm, had a mule which displayed too great a fondness for Jones' field, so he took his gun with him one day last week, to scare the animal as he ran if out. As he was approaching the mule he stubbed his toe and fell. The gun was discharged and the mule killed.

The Salisbury Herald says: Mrs. Mary and Martha Kelly, sisters-in-law, were arrested at the Salisbury cotton mills, on the charge of retailing and gambling in Montgomery county. They have been residing at the mills for some time and were arrested on a capias from Montgomery county. Deputy R. P. Roseman left with them this afternoon for Troy, for trial at court which convenes at that place next week.

E. City Economist Falcon: We hear that the negroes in Gates county, in public meeting assembled, formerly severed their connection with the Third party and openly denounced Weaver. One of the speakers said Weaver was started as a whale but had "snunk to a minnow." We want Weaver and Ramsey to make an appointment in Elizabeth City. We want the boys to have their fun. Rotten eggs is riz.

The Wilmington Messenger says a man-eating shark, seven feet in length, with wicked amber colored eyes, and a ravenous set of saw teeth, was caught in the Banks Channel at the Hammocks on Wednesday. He had been on several times recently and Mr. A. Roder, proprietor of the Island Beach Hotel, ran out a hook and line for his capture. He was caught near the bath house along the gangway. He the traditional pilot with him, a long, flat, eel-like reptile that clung to him until he was landed on the gangway.

It gives us great satisfaction to know that the Raleigh and Gaston Railroad Company has agreed to surrender its right to be exempt from taxation, and that so much property is to be put on the same footing with the property of other citizens in the State. We believe that the Wilmington and Weldon Railroad now stands alone as exempt from contributing its share for the support of the government, and we have reason to hope that it too will surrender its exemption on reasonable terms. We trust it will be speedily done. Let there be equality, says the News and Observer.

A special to the World from Boston says John L. Sullivan has announced his intention to challenge Corbett to fight again. The dispatch says Sullivan hints that he was "fixed" by drugs before the fight in New Orleans.

The commander of one of the posts, a negro, at the Grand Army encampment at Washington, had the proprietor of Harvey's restaurant indicted for refusing him food at the restaurant. The defendant was acquitted.

Weaver, Field and Mrs. Lease spoke in Richmond, Va., last Monday night to quite a large audience, which was very orderly and attentive, but some boys during the speaking threw eggs through the windows at the speakers.

At Springfield, Ill., a wonderful phenomenon was observed in the heavens Wednesday evening about 6:30 o'clock. Those who saw it declare that a bright body, resembling in size and brilliancy a good sized star, was seen moving with astonishing velocity toward the moon, which it struck with tremendous force and seemed to burst like a bomb, darkening its light for an instant. The scientists explain it by saying a meteor or comet was within the moon's attraction and fell into it.

Dun & Co's weekly report says that business continues larger than ever at this season of the year. All textile mills are crowded with orders. Money is in ample everywhere and collections are generally very good. The crop reports are uniformly favorable. Hither prices of cotton have much encouraged business at the South. Business is not only large and remarkably healthy, but the outlook for the coming months is regarded with the utmost confidence. Exports from New York for September, though smaller than for the same time last year, were larger than for the same period of any previous year and the increase in imports were about 7 per cent greater than for September, 1891.

**Weaver Did Not Deny.**

News and Observer.

Gen. Weaver spoke at Raleigh, and did not deny a single thing that the Democratic papers had printed about his records. He did not deny the charges made about his conduct at Pulaski, Tenn. He did not deny having used the words quoted from his speeches against the Southern people. He did not deny being in favor of paying the Federal soldiers over again.

**Another Bag Factory in North Carolina.**

A company for the manufacture of high class seamless bags has been incorporated in Reidsville. The company is composed of Col. A. J. Boyd, President of the bank of Reidsville, S. H. Boyd, secretary and treasurer of the Reidsville Cotton Mills and Mr. T. E. Richardson, a tobaccoist of that place.

Is there any work of organization going on in this country? The best way to strengthen a party is to see men at their homes. Do not waste too much time on Third partyites who have been blinded and prejudiced by treacherous sneaks and traitors beyond the power of redemption. They are joined to their idols; let 'em alone. Look after the forty or fifty thousand who usually stay away from the polls. Get them to come out to save their country from the rule of ignorance, dishonesty and combats.—Salisbury Truth.

## POLITICAL NOTES.

The Philadelphia Ledger, Republican, thinks New York will go Democratic.

When Maj. Field, of the Weaver ticket, spoke in Savannah, he had but 55 hearers.

At a Third party meeting near Scotland Neck, on Wednesday night, there were only 37 present, of whom a dozen were negroes.

Mr. R. B. Glenn will meet Marion Butler at all appointments up till the 8th instant, inclusive, after which Mr. C. B. Aycock will meet him.

The Greenville Reflector, a home paper, quotes Col. Harry Skinner as saying that he intends to vote the Democratic State and county tickets.

There is reason to believe that Senator Hill agrees with Governor Flanders in the belief that Cleveland's plurality in New York will reach 50,000.

M. Lee S. Overman, of Salisbury, tells the Greensboro Record that Rowan will give a larger Democratic majority this year than ever before—just for the fun of the thing.

John S. Henderson is excelling himself in making admirable speeches this year. The Lexington Dispatch says that his fine speech there strengthened the Democracy considerably.

Mr. Lease is hollowing for help. His wife is out canvassing with Weaver. The milk is out of the bottle, and the baby is bellowing like huzzes. He too is saying with Weaver, "This is hell!"

The Weaverites talk about Weaver's being elected. As a matter of fact, if every State in which he has a ticket were to vote for him solid, he would not get enough presidential electors to elect him. He has tickets in only a few States.

Such men as Gen. Rufus Barringer, Col. William Johnson, and Maj. William A. Guthrie, who have been life long Republicans, but who now declare their intention of voting for Cleveland will be of great value to the Democracy.

The Lenoir Topic says: If H. A. Forney, Third party elector in the Seventh district has not withdrawn, why in thunder is he sitting back in his home at Newton, declining to meet Leazer, Democratic elector, who has been canvassing in Catawba county by school districts?

The New York Herald, Sunday morning, publishes a two column interview with Rev. Sam P. Jones. In that interview, Mr. Jones says: "The South will go solid for Cleveland without the exception of a single State—first, because he is a Democrat and second, because he is something better than a Democrat—a man true to his convictions and who will try to do right by every section of the country."

The Weaver meeting at Raleigh Thursday was necessarily a disappointment to the promoters. Fifteen thousand of Exum's goats were expected and the News and Observer estimates that 1,500 were present. It is gratifying to know that Gen. Weaver and Sister Lease have been allowed to hold their meetings and speak their little pieces in North Carolina without interruption. They have come and gone and the Democracy is none the worse off but rather the better, says the Charlotte Observer.

It is stated that Judge Gresham has announced his purpose to support Mr. Cleveland. This is as it should be. Judge Gresham has the confidence of a large number of the people of the West and his advocacy of Cleveland will tend greatly to strengthen our national ticket in Illinois, Indiana and in the doubtful States of the Northwest. The influence of Gresham's action will be found to be very great, and it may determine the vote of half a dozen close States.

## NOTES AND COMMENTS.

Gov. Campbell introduced Gen. Stevenson to an Ohio meeting of Democrats as that efficient Democrat who had at his request out of the heads of sixty-five Republican postmasters in two minutes!

White North Carolinians harrumphing for old Weaver, late of the Northern Army of Invasion, and the persecutor and maligner of the South, is enough to make true men ashamed of the race that can produce such creatures.—Wilmington Messenger.

A gentleman in Rockingham recently received a letter from a friend in Massachusetts and in that letter the writer says old Massachusetts is sure to go for Cleveland. The Australian ballot system, he says, is what will give Massachusetts to the Democracy.—Rocket.

Of course no good Confederate soldier is going to vote for Weaver. We once heard a man in the line curse Gen. Lee, and if that fellow is alive he may vote for Weaver, but no man whose heart was in the cause of the South will do any such thing—New Bern Journal.

The Birmingham Age Herald says that "General" Weaver was not the first man to be decaying in fruit in the "Cleveland" campaign." The Springfield Republican adds that Weaver received every assurance of protection while in Georgia and that his effort to pose as a martyr is but evidence of his cowardice.

Our despatches from Florida received just before going to press, give us great satisfaction. The Third party and their allies are routed horse, foot and dragons. Even respectable negroes could not stomach the Third party crowd. They preferred the respectable white folks, and scorned to vote with the Weaverites. How low have these deluded people fallen—that even the negroes turn up their noses at them! And the negroes are quite right. They preserve their self respect by having no dealings with those people.—News and Observer.

Allison Corner, Sept. 21, '92.

The results of the elections in Florida and Georgia are indeed very gratifying. In Florida Tuesday Mitchell, Democrat, carried the State by about 20,000 majority. Baskin, the People's party candidate, polled only about 5,000 votes in the whole State. The negro vote was divided. In Georgia there was a signal Democratic victory yesterday. Georgia was supposed to be the greatest stronghold of the Third party, but the returns show that the party was defeated there by about 30,000 majority. Georgia will go Democratic in the Presidential election by 50,000 or 60,000. Thus it is. The Third party in the South will soon be only a memory. Arkansas, Alabama, Florida and Georgia have in succession given the new party a black-eye. After November there will be no more Third party. It will be swallowed up in the Republican party.

Gen. Weaver has an appointment to speak at Pulaski, Tenn., next Saturday. There will doubtless be trouble if he speaks there.

**A Drunken Husband Drives a Wife to Attempted Suicide.**

Charlotte Observer.

Mrs. Derby Baker, wife of Robert Baker, attempted suicide late Saturday afternoon by taking laudanum. Mr. and Mrs. Baker live on South Tryon street, extended, near Dr. C. G. McManaway's. The husband had been drinking for some weeks, and it seemed had driven his wife to desperation. She told some friends a week ago that if he did not do better she was going to kill herself. Yesterday he was still drinking, and upon his coming home in that condition she went to a neighbor's house and secreted herself in the closet. Her husband came to the house after her and she was greatly terrified. Leaving the house, she went to Mrs. Teagan's store, purchased a ten-cent bottle of laudanum and drank it. Some minutes after she reached her own door in a half stupefied condition with the bottle in her hand. The alarm was raised and Dr. McManaway summoned. The woman was nearly unconscious when he got to her, but with skillful and prompt treatment she was resuscitated. She has two children by a former marriage, the oldest of which threatens vengeance against his step-father for driving his mother to such a step. The affair created quite an excitement on South Tryon street last night.

**Proposed Her Death—The Strange Death of Mrs. Taylor.**

Charlotte Observer.

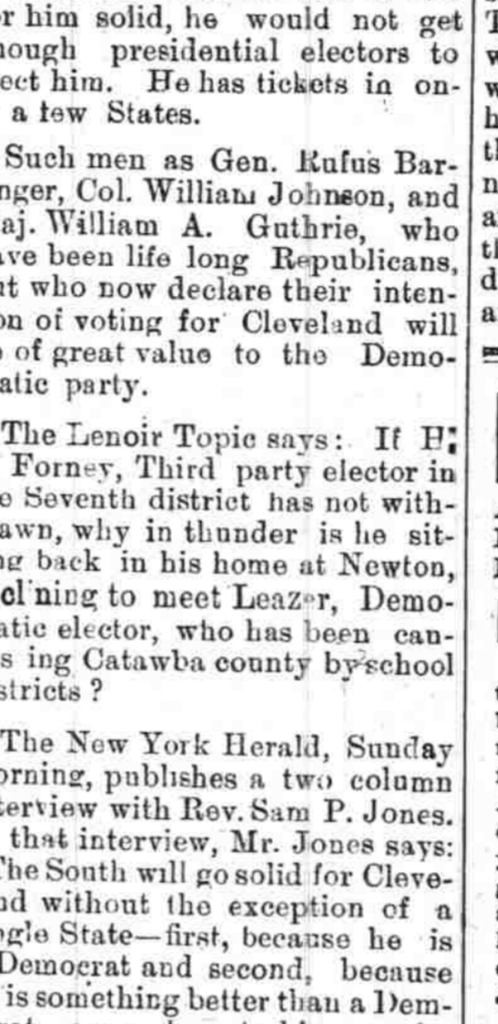

Mrs. Eliza Taylor died at her home in Dilworth yesterday morning at 6 o'clock, of heart disease. Deceased told her relations last Saturday that she would die yesterday morning at 6 o'clock. They laughed at her and tried to reason away such an idea as she seemed firmly convinced of, but nothing could break her belief that she would depart this life at that time. Friday she made all her arrangements, and literally put her house in order. Friday night she went to bed, telling them all that she would be a corpse before another day. During the night several times and inquired what time it was, saying that it seemed a long time until 6 o'clock. When the clock struck 6, true to her prophesy, she expired. Deceased was 66 years of age.
