An Unusual Hot Spell. All last week and part of this the weather was unusually hot over the east and south. Last Sunday was the hottest day in September of which the weather bureau has any record. The bureau has been in existence for 17 years, and in all that time it has not recorded so hot a day in September as Sunday was. The mercury reached its highest point, 98 degrees, between 2 ing over the country. In Kansas the thermometer reached as high as 104, and in Mississippi, Texas and Virginia and other States it was 100. The remarkable feature of it is that the spell lasted so long-about ten days. Monday the rain and cooler weather flags were hoisted by Dr. Gibson, and all arose up and called him blessed. However, the cool weather did not arrive on time, and it is still very hot.

Accident at Cannon's Factory. Last Saturday at Cannon's factory just a few minutes after the night hands went to work, an accident occurred to

Mr. Pleasant Thompson which caused the loss of his thumb and all the fingers on his left hand, except the little one, which wasn't touched. Mr. Thompson was working with a slubber, when in some way his hand got caught in the machinery, and in a moment his fingers were badly lacerated. The ligament was torn from his arm for nine inches. All of his fingers, except the little one, had to be amputated. He was attended by Drs. Lilly and Mont-

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting

in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidnevs, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all drug-

gists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

CANCER CURED LIFE SAVED By the Persistent Use of Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after tak ing a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tenie and blood-purifier, and, indeed, it seems as though I could not keep house without it."-Mrs. S. A. FIELDS, Bloomfield, Ia.
