Chicago Justice.

A decided sensation was created the recent meeting of the Illinois Bar Association by Judge John Barton able to marshal him as one man said a Payne, formerly of Virginia, but now superior court judge in Chicago. He charged that under the present system of judicial administration There is a practical denial of justice n Chicago.

> Judge Payne enjoys exceptional opportunities for knowledge on this subect, and his statement has provoked much comment. He said that much of the blame for the deplorable state of affairs in Chieago rests upon some of the individuals who are now on the bench in that city. The jury system, he says, is rotten, and he advocates the abolation of the grand jury.

This is rather hard on Senator Pritchard, Butler's colleague and political twin-brother, because while Pritchard professes to be for silver yet he openly advocates the nomination of Mckinley for President. Which is right, Butler or Pritchard?

only ones who are sensitive about their ages. A man doesn't like to be told that worse than getting old, is the appearance of age. Health

ance of age. Health keeps a man young. It doesn't make any difference if he has lived eighty years. If they have been healthy years he will be hale and hearty and won't look within twenty years as old as he is. Good digestion and rich, red blood make people look youthful. Dr. Pierce's Golden Medical Discovery makes rich, red blood. It makes health in the right way. It works according to the right theory, and in 30 according to the right theory, and in 30 years of practice, it has proved that the theory is absolutely correct. It begins at ach, liver and bowels into perfect order, but it begins its good work on the blood before it finishes with the digestive system. It searches out disease germs wherever they may be and forces them out of the body. It promotes the copious secretion of the digestive fluids, and assists in throwing off refuse matter. It makes the appetite good and the digestion strong. It isn't a violent medicine. It isn't strong medicine. It does nothing but good to every portion of the body. It doesn't do harm in one place while it is helping another place. It is meant to help the whole body and it does while it is helping another place. It is meant to help the whole body and it does help it. Whenever a man feels himself failing in health, when he feels that he is getting old too fast, that his vitality is low, and that he is losing flesh, he should waste no time in getting the "Golden Medical Discovery." It will build up quicker than anything else in the world. It will give him rich blood and solid flesh. It will make him feel half as old and twice as strong. Druggists sell it. Druggists sell it.
