Dyspepsia

The explanation is simple. It is found in that impure blood which is continually feeding the nerves upon refuse instead of the elements of strength and vigor. In such condition opiate and nerve compounds simply deaden and do not cure. Hood's Sarsaparilla feeds the nerves pure, rich, red blood; gives natural sleep, perfect digestion, is the true remedy for all nervous troubles.

WHY THE COMING WOMAN?

Correspondence of THE TIMES. MR. EDITOR:- Ever since the "coming woman" was announced she has been universally condemned. Those to whom she naturally looked to for protection have branded her as an adventuress, a pitiable specimen of humanity possessing more sentiment than braina woman who had lost the attractive charms and gentle manners to which chivalrous knights of old did homage, naking her the shrine of his adorations. Vile epithets are flung at her as she pins around on her bicycle-a gift of her own industry and economy-or as she busies herself in the thousand haunts of men, places once occupied by them, but know them no more. When she steps across the threshold of any calling that particular calling feels her presence, the magic of her touch, and in spite of all that has been said she has remained. When the hour for business opens she is always at her post of duty. No headache from a night's debauch, no fumes or odor ot tobacco, but with a bright smile and willing hands she has in many ways demonstrated her superi-

Gladly would she have remained in painted, "goddess of the household," but she lives in a new era and must do or die. For long, long years she has waited for a change and during the waiting her quick perception has discovered that she is treated with less consideration and courtesy to-day than formerly, not only in the thoroughfares and busy haunts of industry but at home. She has seen her fondest hopes decay and her ambition is ground finer and finer. While she practices the strictest economy she has observed that the sterner sex drink whiskey and go the money of Washington and Hamilindividual poverty becomes more appaent each day. up a sturdy health with which to meet the trials to come. The "Favorite Prescription" is not a universal panacea. It is good for but one thing. It is directed solely at one set of organs. I am now living on Church street, in rear of the Methodist church, and am ready at all times to do any kind of sewing machine repairing. I will attend any call in 50 miles of Concord. "I have been a sufferer from 'female weakness' for six years. I grew worse; had severe cutting pains in left ovary, also in left side and stomach. The pain in left side was constant. I would have light spasms previous to monthly period and when the spasm would leave I would suffer from severe soreness all over and could bear nothing to touch me. I also suffered from severe headaches; burning pressure on brain which almost caused me to be insane. I could not lay my head down without smothering, My face was poor; eyes looked dead; wasted in flesh. I was constipated and suffered severe pain when bowels would act. I could not eat for the fullness in region of stomach. I had tried three of the best doctors here but they only gave me temporary relief. I had given up all hope of ever getting well again. At last I concluded to give Dr. Pierce's Favorite Prescription a trial. I have taken two bottles, one of the 'Golden Medical Discovery' and one of 'Pellets.' I have not felt any signs of my old disease; headache all gone; menses regular without ache or pain. Indeed I feel like a new person." Yours truly. Read the following testimonial
