In speaking of the vote on the motion by Col. Means to make the negative vote on the platform unanimous Observer says:

"The whole great mass of delegates rose almost as one, but there was one little nest of three; they were Meckenburgers, with the obstinacy of the men of Revolutionary days from whom they were probably descended. They were Joseph P. Caldwell, editor of the Charlotte Observer, and two others."

Washington Star.

The Star saw, and so stated, some weeks since that the leaders of both the Republican and Populist parties in North Carolina were in an agony of despair over the prospect of free silver triumph of the Democracy at Chicago. Now that prospect has been changed to a certainty, and the Pop. and Rep. leaders are demoralized. Look at Marion Butler. He sees that his "personally conducted" silver party will cut no figure in he coming elections. With free coinage platforms and free coinage tickets, both National and State, the Democrats will sweep the country. North Carolina will go Democratic. Many Republicans will yote our ticket. Thousands of Populists will come back to the only party that can ever rehabilitate silver in this country; and on the sixth day of next November, Marion Butler will see that the Populist party has been annihilated. In less than sixty days the veriest tyro in politics will see that the fight in North Carolina has settled down to one between the Democrats and Republicans. With that issue the Democracy will triumph.

DEMOCRATIC STATE CONVENTION.

The Great Gathering of the Unterrified Raleigh Last Week.

It is estimated that the vote at the Chicago convention will stand 570 for silver and 348 for gold.

The Populists of this congressional district will meet in Salisbury July 16th to elect delegates to the national convention at St. Louis on the 22d.
