

All during the campaign the Bryan and free silver men were referred to by their opponents as "anarchists" and "revolutionists."

Before the election the Populists in the ninth district were saying that Richmond Pearson was as good a silver man as Joe Adams, his competitor.

"Please write me down a sound money Republican back of me. Notwithstanding combined Democratic and Populist opposition I will be elected."

Thus he repudiates and slaps in the face the Populists, who elected him. He's elected now, you know, and can afford it.

J. B. Schulken, a Populist member of the legislature to meet next January, says the Populists will not vote to return Senator Pritchard to the Senate, because he favors the single gold standard, but will vote for a free silver man.

The next Federal House stands: 207 Republicans, 130 Democrats and 22 Populists. The Republicans have 27 members less than they had in the last House. The Populists get 15 of these.

They are Coming Home. Charlotte Observer. The Statesville Landmark says that in Ireland many Populists voted the Democratic ticket, and that in Statesville those who worked at the polls worked for the Democratic ticket.

Not a G. O. P. Victory. NEWARK, N. J., Nov. 4.—United States Senator James Smith was asked today what he thought of the result in the State said:

"Well, it is quite apparent that it demonstrates beyond doubt that the people of New Jersey did not approve of the Chicago platform. But it cannot be regarded as a Republican victory, however, for the reason that, if Mr. McKinley is elected, as the returns indicate, his success is due to the action of Democrats who did not approve of the Chicago platform."

Negro Magistrates. A number of negro magistrates were elected in this county Tuesday. They received the support of many white men.

MR. BRYAN TO THE PEOPLE.

Urges Them to Stand Under the Present Defeat and Maintain their Organizations. LINCOLN, Neb., Nov. 6.—Mr. Bryan this afternoon gave out the following statement:

States: "Conscious that millions of loyal hearts are saddened by temporary defeat, I beg to offer a word of hope and encouragement. No cause ever had supporters more brave, earnest and devoted than those who have espoused the cause of bimetalism. They fought from conviction, and have fought with all the zeal which conviction inspires."

"The friends of bimetalism have not been vanquished; they have simply been overcome. They believe that the gold standard is a conspiracy of the money changers against the welfare of the human race, and until convinced of their error they will continue the warfare against it."

"The contest has been waged this year under great embarrassments and against great odds. For the first time during this generation, public attention has been centered upon the money question as the paramount issue and this has done in spite of all the attempts upon the part of our opponents to prevent it."

"I desire to commend the work of the three national committees which have joined in the management of this campaign. Co-operation between the members of the distinct political organization is always difficult, but it has been less so this year than usual. I interest in a common cause of great importance has reduced friction to a minimum."

"No personal or political friend need grieve because of my defeat. My ambition has been to secure immediate legislation rather than to enjoy the honors of office. Therefore, defeat brings to me no feeling of personal loss."

"In the face of an enemy rejoicing in his victory, let the roll be called for the engagement and I urge all friends of bimetalism to renew allegiance to the cause. It is my right, as I believe we are, we shall triumph. Until convinced of his error, let each advocate of bimetalism continue the fight. Let all free silver clubs retain their organization, hold regular meetings and circulate literature. Our opponents have succeeded in this campaign and must now put their theories to the test."

"During the next four years it will be studied all over this nation even more than it has been studied in the past. The year 1900 is not far away. Before that year arrives internationalism will cease to deceive, for ere that year has arrived, those who have called themselves gold standard Democrats will become bimetalists and with us or they will become Republicans and thus open enemies."

"Before that year arrives I trust we will have convinced still more people that a trust is a menace to private welfare and to public safety; before that year arrives the evil of a gold standard will be even more evident than they are and the people will then be ready to demand an American financial policy for the American people and will join with us in the immediate restoration of the free and unlimited coinage of gold and silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation."

The Legislature will elect a judge for the Criminal Court circuit composed of Mecklenburg, New Hanover, Robeson and other counties, and it is said that W. R. Henry, the Pop. lawyer of Charlotte, expects the job.

Bryan Might Easily Have Won.

Washington Post. An examination of the figures of last Tuesday's vote results in some very curious and interesting revelations. It will be remembered that The Post, from the very first, insisted that Bryan's chances were good, that at any stage of the campaign his election was a possibility, and that McKinley's election, although we regarded it as highly probable, depended after all upon a very narrow and uncertain margin.

These changes would have given every one of the nine States to Bryan, and adding their 60 votes to the 167 he got elsewhere, would have made his strength in the electoral college 227—three more than he needed to make him President.

It is said the vote for Guthrie is not apt to exceed 30,000. If so will not a modification of the law be necessary in order for the Populists to be officially recognized as a party? To be a party of 30,000 votes at least must be shown to have been cast for the candidate for Governor.

V. J. Hoffman, William Hoffman and their brothers, of Michigan, active Bryan men during the recent campaign, have organized a company of free silver men to form a co-operative colony in Western North Carolina. About four hundred men are in the scheme.

The latest returns from the counties show that the Populists can organize the Senate with the help of only one Republican or Democrat, and that the Republican are short ten of a majority in the House. The Legislature will stand: Senate—Populists, 24; Republicans, 17; Democrats, 9.

The Bryan electors in Wyoming have 380 majority; Osborne, Democratic candidate for Congress, 401 majority, and Corn, Democratic candidate for Supreme Court Judge, 404 majority.

St. Paul, Nov. 10.—Nothing but the official count will show in South Dakota, but from the best information obtainable from all sources at Pierre to the indications are that the Bryan electors will have a majority in the neighborhood of 100. The whole Republican State ticket will be elected by exception of Governor, will be elected by small majorities.

LOUISVILLE, Ky., Nov. 10.—Secretary Richardson, of the Democratic campaign committee, said last night that his committee has strong hopes of electing two, if not three Bryan electors. Mr. Richardson thinks it probable that not only Smith, who heads the list of Democratic candidates, but also J. P. Tarvin, from the State at large and D. Flournoy, from the first district, will pull through. Mr. Richardson also said: "I have not stopped figuring yet. We still think that Bryan has carried Kentucky," said that Bryan electors, if any, will win.

As the situation now appears, William McKinley, Jr., will have 275 votes in the electoral college, while William J. Bryan will receive 172. This estimate gives to the Republican candidate twelve of Kentucky's thirteen electors, and two of Delaware's three. It also considers to him the votes of South Dakota, a State which, according to latest advices, is now neither one way nor the other. There is little doubt, however, that the vote will ultimately go in the McKinley column.

Unexpected complications arose in Delaware and Kentucky, by which the electoral vote of these States is not retained by one candidate, each of them giving one vote to Bryan. McKinley carried Kentucky, by only 456 votes.

The News and Observer estimates that the Legislature will be composed of 66 Republicans, 58 Populists, 41 Democrats, with two in doubt.

The chat is that Judge Dick has only been waiting for the election of a Republican President before resigning, which he can now do and retire on full pay.

GENERAL NEWS.

Rev. Dr. Talmage is to lecture in Greensboro on the 17th. In Texas the total vote was 550,000, and Bryan's majority is estimated at 330,000.

"Silver Dick" Bland was re-elected to Congress from Missouri. He was defeated two years ago. McKinley carried Pennsylvania by a plurality of 297,000. Twenty-seven Republicans and three Democrats are elected to Congress.

Jerry Simpson, the sockless statesman of Medicine Lodge, Kan., was elected to Congress Tuesday. The last time he was a candidate he was defeated.

In the late election, Chicago cast 345,775 votes and New York cast 299,730. This would settle it that Chicago is the biggest city if these facts are honest.

Col. Breckinridge, who had the support of the gold Democrats and the Republicans, was defeated for Congress in the Lexington, Ky., district but will contest the election.

It is very close on the governorship in Tennessee but Taylor, Democrat, is believed to be elected. Bryan carried the State by about 15,000 and the Democrats claim eight of the ten Congressmen.

From all over the country come reports of the starting up of mills, shops and mines, giving employment to thousands of idle workmen. We hope these reports are all true, but some of them may be taken with a few grains of allowance.

Mrs. Mary V. Marvin, the wife of a prominent business man of Seattle, Wash., greeted her husband at the door as he returned home Wednesday evening and eagerly inquired if Bryan was next time. Populism and fusion stand no show in this stronghold of Democracy. Credit is due Chairman Lee S. Overman and the county candidate for their excellent and thorough work in the campaign. Mr. Overman telegraphed Chairman Manly yesterday afternoon, claiming the banner and it is confidently expected to reach here soon.

Rowan Claims the Issues. SALISBURY, Nov. 6.—Rowan Democrats accept the defeat cheerfully. They find glory and consolation in the fact that they carried the county for Bryan by 1,600 majority and the county and State tickets by from 600 to 1,000 votes. In this they justly claim to have been the banner county of the State. The sister counties throughout this noble Commonwealth will take note and join her next time. At North Carolina headquarters Bailey, of Republican headquarters, is in charge of the campaign figures. He said Tuesday afternoon: "From these we find Bryan has carried the State by about 16,000; Russell by 12,000. To the latter I am ready to swear."

Populist Opportunity.

The Populists have claimed that they are honestly for free silver. They will soon have an opportunity to prove it. The Legislature will meet in January. A United States Senator is to be elected to succeed Pritchard. The Populists and Democrats combined will probably have a majority of 30 on joint ballot. Now, if the Populists are honestly for free silver they will vote for Pritchard because he is gold-bug. The opportunity of their lives will be presented to them. If they will vote with the Democrats for Senator a free silver man can be elected to succeed Pritchard; will they do it?

Seattle, Wash., Nov. 9.—A boom has been started here for Wm. J. Bryan for United States Senator from this State. The silver fusionists will control the senatorship. The constitution of Washington provides that to be eligible to the office the candidate must have been an "inhabitant" of the State at the time of his election, so that the fusion majority could elect Mr. Bryan without any trouble. Richard Winsor, Sr., the Populist leader in Washington, and James Hamilton Lewis, Democratic fusionist and member-elect of Congress, are rival candidates for the senatorship, and Mr. Bryan has been suggested as a compromise.
