EDITOR AND PROPRIETOR

We see it stated that the mail o Southern Senators and Representatives is full of protests from ex-Confederate soldiers against the proposal of Senator Butler, to give them federal pensions. Senator Butler has found out before this that the Confederates do not consider themselves mendicants. They have gotten along for over thirty years without federal help, and they can continue to do so. The Southern people they are unwilling to put themselves in the attitude of paupers by asking alms from the United States government. Of course they could ask it on no other ground. The people of the South are doing a great deal toward taking care of the needy ex-Confederates and widows of those deceased. North Carolina has a Soldier's Home, and quite a sum is distributed every year in pensions. Right here in Concord there is a handsome monument to the Confederate heroes who fell in battle. These things show that our people revere the memory of the dead and are doing all they can for the comfort of the living.

Senator Mason fired an unexpected bomb-shell into the ranks of the Philippine annexationists when he offered his resolution, starting with a quotation from the Declaration of Independence, "Whereas, all just powers of government are derived from the consent of the governed," and declaring that the United States will not attempt to govern the people of any other country without the consent of the people themselves or subject them by force to our dominion against their will. Unless the attitude of Aguinaldo and his follows changes widely from what the latest official advices state it to be, we have got to govern them by force or not at all.

W.LMINGTON, N. C., Jan. 5 .- The city authorities have begun an active crusade against houses of ill fame. Early this morning when these joints were in full blast squads of police swooped down upon three of them and nine of the female occupants, together with a number of young men, were placed under arrest. They were arraigned before the mayor to-day and were given the extreme penalty of the law, the mayor stating that the judgments would be suspended in each case provided the women would leave the city and never come back. To this the defendants agreed and officers were detailed to buy their tickets and see them off, which was done. Several of the occupants who escaped arrest at the time of the raid were arrested to-day, and without trial were sent out of town. The mayor announced that the crusade would continue until the community is rid of these resorts.

Butler's Seat Uhanged.

Senator Butler, of North Carolina, will have a much better location in the Senate after the 4th of March than he occupies in the present Senate. His seat at present is number 74 in the extreme rear of the Republican side of the chamber, and is one of the most undesirable in the body. It is two far back to enable the North Carolina Senator to catch Mr. Hobart's eye, perhaps, as often as he would like. In the next Senate he will occupy the seat now he'd by Senator Gray, of Delaware, which is in the front row of the Democratic side, being the first seat from the center aisle and the most desirable in the whole Senate. The transfer of Mr. Butler from the Republican to the Democratic side of the Senate, while without any political significance, may perhaps work redemption in his political heart. The Senator at any rate will be excel-

William Jennings Bryan, it is said, them in at a special discount for which will be silver at the ratio of 16 to 1. The fight againsts trusts and monopolies and opposition to imperialism colonization and expansion will be issues

subsidary to that of silver. Silver Democrats, silver Republicans and Populists are to join together in the contest and, as in 1896, Mr. Bryan will be the leader. This was settled upon at a meeting of the ways and means committee of the national Democratic committee at

These goods vary from % to 27 inches wide.

370 yards at 3c per yard. 7321/2 yards at 4c per yard. 8031/2 yards at 5c per yard. 655 yards at 61/4c per yard. 5431/2 yards at 71/2c per yard. 1131 yards at 10c per yard. 141 yards at 121c per yard. 19 yards at 20c per yard. 9 yards at 25c per yard. 9 yards at 27te per yard.

The bulk of these goods would be cheap at 25 to 33 1-3 percent. more, but the quantity is larger than we care to handle at regular prices, for our stock on hands January 1st amounted to 745 yards, making our present stock about 4,000 yards. In looking through the 121c lot we found the same goods we were selling at 18c. While the same discount does not run through the entire line, we can assure you you can save money on every yard, whether it is 3c or 271c goods.

## Special No. 2.
