WHO CANNOT BE CURED. Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Pavorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling

their means of cure.

The Vice-President Independent Order of Good Templars.

An experience which many women have was related by Miss Agues Stebblings of 231 East 30th Street, New York City, as follows: "I had very poor health for a year until life looked dark and dreaf) to me. Had headaches, backache, also pain, my sieep was broken and fiful. I longed for health. Tried several medicines but none were of any lasting benefit until I took Doctor Pierce's favorite Prescription. I soon realized that I had found the right remedy. It helped nature to throw off the poisons that saturated the system, removed all pains and strengthened the digestive organs, and brought the roses of health back to my cheeks. This medicine if taken occasionally keeps the system in perfect condition, helping it to throw off the disease and consequences of exposure to dampness. I am pleased to give it my endorsement."

"Favorite Prescription" makes weak stomen strong, sick women well. Ac-

women strong, sick women well. Accept no substitute for the medicine which works wonders for wesk women.
