J. F. BRATTY & MOORE CO

A SOUTHERN YANKEE IN BOSTON.

Charlotte Observer.

Rev. William M. Brown, bishop of the Protestant Episcopal Church of Arkansas, recently delivered a lecture on "The American Negro" to a Boston audience composed largely of clergymen. He began by saying that his discourse represents the best thought of native Southern and of Northerners who lived in the South, and contained:

"I am a Northern man and lost my father in the cause of freedom. I was never south of the Ohio river previous to 1898, when I went to Arkansas as Bishop Coadjutor. I am a Republican, have never voted the Democratic ticket and probably never shall. But I do not vote the Republican ticket in the South, and for the present I shall not vote at all. Speaking generally, the temporal and moral condition of the Southern negro is almost incredibly deplorable. I have slowly reached the conclusion that the negro race as a whole is almost hopelessly degraded. I am convinced that no one who has not been in the black belt of the South can have any real conception of the physical, intellectual and spiritual state of this most unfortunate people."

After stating that the negroes have retrograded since they were freed, the speaker declared in regard to lynching and its course:

"If this awful misfortune were to come home to men of this congregation, there is not one in ten among you who could or would resist the almost overmastering impulse to join those who would avenge the crime at the end of the rope."

While we continue to regret the extreme positions generally taken by persons who discuss the negro, it is encouraging to note such views coming from a Northern and going to a Northern audience. We believe the Bishop was describing only a small portion of the negroes of the South, but as it happened to be directly opposite from the conditions upon which Northern people usually base their arguments, we hope the ideas advanced will serve as an antidote to some which have been brought before the public.

"I have suffered greatly with indigestion, constipation, also a severe liver trouble, with loss of appetite. Could not rest well at night; in fact, had no energy to work or even walk around. I felt like I was packing a heavy load and, was easily exhausted; until I took Dr. Thacher's Liver and Blood Syrup, which helped me almost from the first dose. When I had taken one and one-half bottles I felt like a different man, and I knew that it was due entirely to your medicine. I used it all throughout, and consider myself perfectly cured. FACTS ABOUT HERMIT KINGDOM

Korea, the bone of contention, is a small state with an area of 82,000 square miles and a population of 5,600,000. It is governed by an emperor, and is nominally independent, but for ten years a struggle has been in progress between the Japanese and Russians as to who shall be the real master of it. The Japanese have the right of maintaining a force of 1,000, to protect the telegraphs there, which are their property. The Russians have obtained concessions in the north, on the banks of the Yalu, and are reported to have fortified Yongamp'o.

The strategic importance of Korea is great. The country is only 175 miles from Japan; from it Japan draws a great part of her food supply, and to it she sends her surplus population. It has two fine harbors, Fusan-Masampo and Gensan. Both have been coveted by the Russians.

Korea has an army of 17,000 men. The standing army now consists of about 17,000 men with European methods. In 1898 it was taken in hand by a Russian colonel with three commissioned and ten non-commissioned officers, who retired, however, in 1898. A royal body guard of 1,000 men was formed and has been well drilled and periodically a draft of trained men is transferred from it to the other regiments of the standing army.

Revelation Regarding A. and N. C. Affairs.

Cor. Raleigh Post.

NEW HESN, N. C., Feb. 29.—To-day marked the beginning of what will prove to be the making of the Atlantic and North Carolina Railroad, if true statistics amount to anything. In order that the road may be able to pay the wages of its employes an imperative reduction of men was necessary. It is intended to reduce the expenses here now between \$1,500 and \$2,000 per month. No doubt the decrease will be extended if the receivership holds good.

It is said on good authority that the Atlantic and North Carolina Railroad has not the funds on hand to meet the pay roll that will be due March 1.

The Post correspondent was also informed to-day by a gentleman who is well posted on the affairs of the road that the taxes for year 1903, due last October, have not been paid. Continuing, he said furthermore, that out of twenty agents of the road eleven of them were short in their accounts and have been so for months. Notice has already been served on their bondsmen to make their shortage good. Several agents have not been checked up yet.

It is also said that the road lost \$10,000 last season on the Atlantic Hotel.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam. For sale by M. L. Marsh.

The fire loss on the Greensboro Female College has been satisfactorily adjusted, the insurance companies, of which there were sixteen interested, agreeing to pay the whole amount of \$35,000, for which the property was insured.

Grip's

Grim Grasp Caused Heart Disease.

Could Not Lie On Left Side.

Dr. Miles' Heart Cure and Nerve Cured Me.

Mrs. H. R. Jobe, formerly of Birmingham, Ala., writes from Eldredge, the same state, as follows:

"It is with the greatest pleasure that I recommend Dr. Miles' Nerve and Heart Cure. I only wish that I could tell every sufferer how much good they have done me. Last winter I had severe attack of La-Grippe, which left my heart in a very bad condition. I could not lie down for the smothering spells that would almost overcome me and the feeling of oppression around my heart. I had not been so that I could lie on my left side for a long time. I got your Heart Cure and took three bottles. I have no trouble now with my heart and can lie on my left side as well as my right. Formerly I had suffered for years with nervous prostration. I had tried so many remedies that I had got clear out of heart of getting anything that would help me. The nerves of my heart were so affected that sometimes it would lose beats so it would seem to stop altogether. It was on the advice of a lady friend that I tried your Restorative Nerve. I felt better after the first few doses and two bottles of Nerve and one of Heart Cure made me feel like a new person. My heart is all right and my nervousness is all gone. I never fail to recommend it to others afflicted as I was."
