Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discurages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent

become so prevalent that it is not uncommon for a child to be born afflicted with weak kid-neys. If the child urinurine scalds the flesh or if, when the child reaches an age when it should be able to

control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as

PARKER PRAISED BY REPUBLI.

J. Sloan Fassett, of New York, Talks of Democratic Chances. Atlanta Constitution

Judge Alton B. Parker is the strong est man the Democratic party could put in the field, says Hon. J. Sloan Fassett, of Elmira, N. Y., a prominent and influential Republican, who is visiting in Atlanta.

"Of course, I think Roosevelt will carry New York," said Mr. Fassett lest night, "but the Democrats couldn't pick a stronger man in the State than Judge Parker."

Mr. Fassett speaks of himself as " leep dyed Republican," but he is a great admirer of Judge Parker. Mr. Fassett's political record in New York shows, however, just how he stands with the Republican party. For eight years he was in the state senate and in 1891, he was the candidate of that party for governor of New York State. But when Judge Parker's name is mentioned he waxes enthusiastic.

"Judge Parker is a clean, strong conservative man, whose record is with out a blemish either in his public or private life. Another factor in his favor is that he has no political record. That is he has never been prominently identified with either one of the factions of the Democratic party so as to incur the enmity of the other faction.

"He has never said, I believe, just what stand he took during the two campaigns in which Mr. Bryan was a candidate for president on the Democratic ticket, but his friends have said for him that he voted and supported the regular Democratic ticket. I believe he did, for he is a very strong

"Now as to whether Judge Parker has been close enough to the people to make a strong presidential candidate outside of New York State I cannot say, but I know he is the strongest Democrat in the State, stronger than Mr. Cleveland, Mr. Hearst or anybody

"But then suppose he is not known outside New York State, did these dark horses run. As a matter of fact, however, he is a whole lot better known and more favorably known to the people of the country to-day than Mr. Cleveland was when he was nominated the first time by the Democratic party."
