WHERE THE TROUBLES ORIGINATE.

Stateville Landmark.

The Landmark has on occasion expressed the opinion, in one form and another, that the almost entire absence of efficient family government—the failure to properly restrain children—in so great a majority of homes, is bearing and will continue to bear abundant evil fruit in all ranks of society. The evidence of this may be seen daily in every community. When children grow up now properly governed and restrained it is a subject for comment as something unusual—an exception rather than the rule. Taking the recent rebellion of the students at the A. and M. College for a text, the Raleigh Post recently preached a sermon on this subject that should arrest the attention of every thoughtful parent and should be pondered in every home. That article was printed in the Landmark just a week ago. If it escaped any of our readers they should look it up.

On this same matter we are gratified to find an excellent article in the North Carolina Christian Advocate of last week, from which we make the following extract:

"The most of our troubles, however, are the result of lax government in the home. The anarchy which threatens the peace and order of society begins about the fireside. Neither school authorities nor civil government can cope successfully with the spirit of lawlessness that has been tolerated if not nurtured in the home. There is serious reason to fear that the greatest peril of our time is the inevitable anarchy resulting from insubordination which characterizes, we fear, the majority of our homes. The fact that parents urge Dr. Winston and other college presidents to use force with their boys may indicate only that they now see the necessity of a discipline which they have not been willing to undertake in the home. It will be in vain for them to urge him to resort to 'hickory sticks' in managing the boys that they were not willing to control with tiny switch but a few years ago.

"The remedy for anarchy is in the home, where parents are permitted, in the order of providence, to reign supreme. These outbreaks in our schools are but remote symptoms of a widespread spirit of insubordination, which is destined, without a check, to burst out in anarchy, dreadful in its consequences. The redemption of our society from such a curse is to be sought, not so much in the reformation of those who have always made trouble by going wrong, as by a reformation in the homes, so that the material for organized lawlessness will not be available, either in a student body or in the citizenship of our Commonwealth."

We are more than gratified to reproduce this article from the Advocate. It is probably not the business of the secular paper to lecture on this subject, but we cannot refrain from calling attention to it occasionally, for we candidly believe, and we say it with due reflection, that the greatest evil in the country today is the failure of parents to control their children. It is from this source that practically all evil flows. It is amazing, under the circumstances, that so important a matter receives so little attention from the pulpit.

Better Than Pills.

The question has been asked—in what way are Chamberlain's Stomach and Liver Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—they are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale at 25 cents per bottle at M. L. Marsh.

Greensboro Female College, which is being re-built, was advertised to open October 5th but the opening has been postponed until the 12th.

MR. ROOSEVELT IN NEW YORK.

New York World.

The Republican prophets are claiming that even though Odell-Higgins stand to lose the State Mr. Roosevelt will carry it.

What ground have they for such a prediction? There is certainly nothing in the record of Mr. Roosevelt's candidacies in New York to warrant it.

Mr. Roosevelt ran for Mayor on the Republican ticket in 1886. He received 60,435 votes. In 1888 Mr. Erhardt, running under the same conditions, polled 73,087 votes, and Mr. Einstein in 1892 got 97,923.

In 1898 Mr. Roosevelt was a candidate for Governor, with the glamour and glory of the Spanish war thick upon him. He received 661,707 votes and a plurality of 17,786. Two years before Governor Morton got 673,000 votes and a plurality of 156,108. In 1895, in an off year, the Republican plurality for Secretary of State was 90,000, and two years after Roosevelt squeezed through with less than 18,000 plurality Odell—even Odell, was elected by 111,000.

So much for the city and the State with Mr. Roosevelt as a candidate before the people. Nor is the verdict of the vicinage," as given in the vote of his friends and neighbors, any different. In 1898 Mr. Roosevelt received for Governor 5,415 votes in the county of Nassau. Two years later Odell got 6,900. In Queens, the adjoining county, Roosevelt polled in 1898 9,715 votes, and two years later McKinley had 12,341.

Mr. Roosevelt received for Governor in New York county 112,806 votes, and Judges Cohen and Daly, Republican candidates on the same ticket, received respectively 3,500 and 8,500 more votes than he did. The voters of this city have not yet forgotten Mr. Roosevelt's erratic, unequal, oppressive and nonsensical "enforcement of the law" when he was Police Commissioner.

While the fears and distrust of certain "high financiers" which led them to oppose Mr. Roosevelt's nomination quailed Senator Hanna lived have been quieted, the apprehension of thousands of conservative citizens, aroused by his bellicose utterances and impulsive actions, still exists. Mr. Roosevelt is this year even more than heretofore a weak candidate in his own State.

Roosevelt, He Says, 'Is Raw and Rotten.'

The bitter sentiment which some Southerners entertain toward President Roosevelt, on account of his attitude on the negro question, is illustrated by a speech made at Jackson, Miss., recently at a Democratic campaign mass meeting in the court house.

H. M. Quinn, Democratic candidate for Presidential elector, is quoted by the Daily Clarion-Ledger, Gov. Vardaman's organ, as having said:

"Roosevelt strikes me as strutting about the White House yard with his hands in his pockets comparing the mountain to the hill, the river to the ocean, and finally remarking 'the same God that made me made the daisy.'"

"He is raw at one end and rotten at the other. Raw in his ideas of statesmanship, in his idea that the Constitution is paramount and that he is paramount to the Constitution, and in his ideas of executive power; rotten when being the son of a woman of Southern blood he invites a man of inferior race to dinner and tries to establish social equality—rotten to the nation."

In concluding Mr. Quinn said: "If we want to say to the North that we are in earnest about Roosevelt and that we repudiate Rooseveltism, I say, as a friend of the South and as a Mississippian from top to bottom, bring out every vote meaning true Democracy."

If troubled with a weak digestion try Chamberlain's Stomach and Liver Tablets. They will do you good. For sale by M. L. Marsh.

Mr. A. D. Watts Figures Out Newland's Majority at 1,550.
Newland Observer.

Mr. A. D. Watts, who has just returned from a visit to his home in Iredell county, being asked as to conditions and prospects in the Eighth district, said:

"I have no idea that Mr. Newland's majority will fall a shade below fifteen hundred, and I really expect to see it two thousand. As to Iredell county, the majority will be between 1,000 and 1,200. All elements in the party in that county are thoroughly united for Mr. Newland, and I really expect to see his majority increased over that given for Mr. Klutz two years ago, on account of the increased vote which will be brought out in the Presidential year. In its entire history Stanley county has never failed to give a large Democratic majority. Even in the disastrous years of 1894 and '97, when most of the counties of North Carolina were carried against the Democratic party, Stanley gave our ticket handsome majorities.

Being somewhat familiar with conditions in the counties in the Eighth district, I am satisfied that a conservative estimate would place the majority about as follows:

MAJORITIES FOR NEWLAND.	
Alleghany	150
Alexander	100
Cabarrus	500
Caldwell	100
Iredell	1,000
Rowan	1,500
Stanley	500
Total	3,850

MAJORITIES FOR BLACKBURN.	
Ash	400
Surry	400
Watauga	500
Wilkes	1,000

Leaving a majority for Newland of 1,550.

Mr. J. A. Hartness, chairman of the Democratic Committee of Iredell county, who is in the city, says:

"I consider the above estimate of Mr. Watts very conservative indeed; and I really expect Mr. Newland to have a larger majority when the votes are counted. As far as my own county is concerned, I would not compromise on a majority of 1,000. I confidently expect our majority to be greater than that."

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 35c. at all druggists.

"The bride nearly fainted during the ceremony, and had to be supported by her father until it was over." "Yes, and now I hear her father is supporting both of them."

HOKE SMITH'S GREAT SPEECH AT CHARLOTTE.

Hoke Smith, of Georgia, Secretary of the Interior in President Cleveland's second Cabinet, spoke on the issues of the campaign at Charlotte on the night of the 3rd, his audience entirely filling the Academy of Music. Mr. Smith, who is native of this State, was enthusiastically received. He was introduced by United States Senator Overman. Mr. Smith said, in part:

"The masterful and patriotic service of President Cleveland makes the only break in Republican administration for the past forty years.

"We may well compare the record of the Democratic party under Mr. Cleveland with the record of the Republican party under Mr. Harrison. Mr. Cleveland left the treasury in 1889 with a surplus on hand of \$330,384,916. He had paid on the public debt \$384,348,499. When he returned to office in March, 1893, he found the surplus squandered and the appropriations already made for the ensuing year exceeding the revenue provided to the amount of \$90,000,000. The Republicans had already prepared the plans for a bond issue which their administration had rendered necessary. Roosevelt's administration has exceeded the expenditures of the last Cleveland administration to the amount of \$88,000,000.

"The Cleveland administration repealed the Sherman purchasing act and put an end to the coinage of depreciated silver dollars.

"The maintenance of the gold standard should not be given as a credit to the Republicans. It belongs to the administration of Grover Cleveland."

House-Owner's Revenge Makes His White Neighbors Furious.

The property owners and residents of a fashionable block on Mount Royal avenue, in Baltimore, are indignant because Anthony N. Rettaliata says he will rent his house to a negro family.

Imbhis advertisement Mr. Rettaliata announces that in order to get negro tenants he will make any alterations in the house that may be desired.

"Yes," he said, "I want a family with thirteen negro kids to sit on the front steps and play ring-around-a-roy on the pavement in warm weather. I want permanent tenants, too. No white need apply."

Mr. Rettaliata's grievance is that a neighbor has been trying to force him to connect his drain pipe at an exorbitant rate, and failing, got the Health Department down on him. The neighbors, however, declare that Mr. Rettaliata allowed his drain pipe to overflow until it became a nuisance.

John Henry Keene, a lawyer, who is also one of the neighbors, declares that there is no way to balk the negro tenant plan. It is proposed that neighbors combine and buy Mr. Rettaliata's house. If he rents his house to negroes there will be a general exodus of whites from the neighborhood and property values will fall one-half.

Lies About the Inside Inn

We don't believe in knocking, hence we're not going to say a word about the other fellows, but in simple self-defense we propose to absolutely demolish the malicious statements circulated by the St. Louis hotel and boarding house fraternity regarding the ability of the Inside Inn to care for the crowds who daily seek its hospitable roof.

We, therefore, make the following statements in "make good" on each and every one of them:

1. The Inside Inn is able, at all times, to comfortably accommodate all who come, at whatever rates they wish to pay.

2. The enormous size and wonderful equipment of the Inside Inn—with its 2,207 bed rooms, and its immense dining halls seating over 2,500 people—a single meal—absolutely precludes overcrowding or discomfort.

3. The fact that the Inside Inn is situated upon a beautiful eminence and surrounded by a natural forest makes it the coolest and most delightful spot in all St. Louis.

4. The convenience, comfort and economy of staying right inside the grounds has been appreciated by all, and the management spends no pains to make the solution of each and every guest thoroughly enjoyable in every way, and one of the pleasant memories of the great World's Fair.

5. The rates are very reasonable, ranging from \$1.50 to \$5.50 per day. European, and \$3.00 to \$7.00 American plan—including daily admission to the grounds.
