penitentiary. While the printers discontinued and upon inquiry it was there are enough bankers there to start a clearing house, enough preach-ers to form a ministerial association, change. The moral is obvious, even if one does have to improve on Mark Twain to point it out. Mark said : "Be good and you'll be printers." But really this is well for the craft and we note it with pleasure. As a rule the printers are the most intelligent class of workingmen we have, and we are glad to know that when it comes to being good they are in a class to themselves.

#### Remarkable Occurrence.

1. A National Bank is under the supervision of the United States Government.

Why a NATIONAL BANK is Best

2 Laws governing National Banks are very strict.

3. They are required to submit to the government a sworn detailed statement FIVE TIMES a year.

- 4. The stockholders are held responsible for DOUBLE the amount of their stock. This is for the benefit of the depositors.
- 5. The capital stock is required to be paid in cash, and must be held intact for the benefit of the depositors.
- 6. The Bank is required each year to add to its surplus account before declaring dividends. This is for the further security of the depositors.
- 7. A National Bank cannot loan more than 10 per cent. its capital to one man or firm.
