CUTTING DOWN THE WASTE PAPER.

The high price of raw newspaper has had one good result. It has in a measure abated the nuisance of the heavy Sunday newspaper. The Circulation Manager, published in Chicago, says that by limiting returns on Sunday papers to 5 per cent. newspapers of New York City have Chicago dispatch. saved over 90 tons of of paper each week, while two of the New York evening papers in abolishing returns not only secured a greater revenue from circulation, but reduced the

Edward Hines, newly-newly president of the Virginia and Rainy Lake Lumber Company, the largest combine of its kind in the world predicts cheaper lumber and a new area in its production as a result of the new organization.

"It is our intention to cheapen the cost of manufacturing, and of course, to cheapen the cost to consumers proportionately." says Mr. "We will not do this, how-Hipes. ever, at the expense of the country by reckless or wasteful lumbering methods.

We will utilize all the timber on the ground we cut over. We will not simply pick out the choice trees, leaving dead wood and brush to feed forest fires. We will clear land so that instead of being worthless wilderness after it is cut over it will be valuable for farming purposes.

"We are also hoping that a further reduction may be made in the cost of lumber to American consumers by the taking off of the tariff. the greater part of our land is in anada and this would enable us to bring the Canadian lumber into the United States, a thing that the tariff practically prohibits now."

Looks Bright for Whitney. allabury Post, 485.

A. H.
