All He Thought Worth While to Say.

LINCOLN'S STORY OF HIS LIFE.

I was born February 12, 1809, in In France and most European Hardin County, Kentucky. My system, of merely of the skin, that it has given rise to a formidable list operations and suggestions for treatment. A great deal of itching is caused by eczema—a disorder of the skin. There are two kinds of eczema. It is the kind that is called "dry" or "scaly" eczema which gives rise to a most disagreeable and persistent form of itching, some of whom now reside in sometimes does not stop even after the skin seems to here healed. Another form, called "senile skin seems to here for the fixed at the skin seems to he laws, and knows even more about girls and the larger share of divorces. Hinois. My paternal grandfather, and persistent form of itching, which sometimes does not stop even after the skin seems to have healed. Another form, called "senile bearing of the skin seems to have healed. Another form, called "senile pruritus," attacks old people whose circulation is defective and whose skin has a tendency to become thin and atrophied. In many of these it has given rise to a formidable list countries divorces are few in rural parents were both born in Virginia. and atrophied. In many of these cases it will be found that there is fact has much to do with the constant irritation of the skin that some old people complain of so bitterly, and which is often so aggregated as.

The only country which metaboo open a farm in the forest. His gro. That, in its essence, would ancestors who were Quakers, went to Virginia from Berks County, being the mean the domination of the negro in South Carolina and Mississippi to Virginia from Berks County, and this be divorced seek this remedy diminishes. It is now not much over four of the same name ended in nothing more definite than a similarity of gro. That, in its essence, would mean the domination of the negro in South Carolina and Mississippi to Water, good neighbors and good market advantages.

"Isn't it strange," remarked a wayback farmer, as he watched an ishes. It is now not much over four years.

The only country which metaboo open a farm in the forest. His gro. That, in its essence, would mean the domination of the negro in South Carolina and Mississippi to Virginia from Berks County, and many parts of other Southern States.

"Isn't it strange," remarked a wayback farmer, as he watched an ishes. It is now not much over four years.

The only country which metaboo open a farm in the forest. His gro. That, in its essence, would mean the domination of the negro in South Carolina and Mississippi to Virginia from Berks County.

We have disfranchised every negro.

"We have disfranchised every negro."

We have disfranchised every negro.

"We have disfranchised every negro."

and which is often so aggravated as to threaten the general health, if not life itself, by reason of the incessant one marriage in three is ended by Solomon, Abraham and the like.

Indice definite than a similarity of gro we could under the Fifteenth Amendment, and the only instrumentality available was to require such as Enoch, Levi, Mordecai, Solomon, Abraham and the like.

Put everything down in writing life itself, by reason of the incessant one marriage in three is ended by nervous irritation and loss of rest. Anything that will restore the lost function of perspiring will relieve the itching in many of these cases.

A most intense and horrible form of itching is, as we all know, often caused by the bites of certain insects. People differ greatly in their suspensed by the bites of certain insects. People differ greatly in their suspensed by the bites of insects, but the some are driven almost crazy by the six of the control of the control of insects, but the some are driven almost crazy by the six of the control of the contro People differ greatly in their susceptibility to the bites of insects, but some are driven almost crazy by the bite of a mosquito. This itching is about a fifth as many divorces as the United States. The divorces in the acid poison injected by the impelling instinct to scratch, but by quickly meeting the acid poison by quickly meeting the acid poison of an alkali, such as household ammonia, or simplest. by the application of an alkali, such as household ammonia, or, simplest of all, by rubbing the spot with a ed even to Europe. Twenty years absolutely nothing to excite ambiof all, by rubbing the spot with a piece of common soap.

In nervous itching, where there is no break in the skin, great relief is no break in the sourced. This has extend ed even to Europe. Twenty years absolutely nothing to excite ambition for education. Of course, when in any divorced person to be presented to the sovereign. King Edward has solutely nothing to excite ambition for education. DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to thomselves and their easy-going or over-husy doctor, separate diseases, for which husy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and pottons. In reality, they are all only symptoms caused by some utering disease. The physician, prorant of the course of suffering, he ps up he treatment until large bills are made. The effering patient gets no better to reason hit he wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the course would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that a disease known is half cured."
