Girl Found Mourned as Dead for Several Years.

Mourned as dead since soon after her fateful wedding, December 16, 1905, to Jno. C. Cavendish, alias Lord Percy Reginald Sholto Douglas, the notorious bigamist, who it is said married more than half a dozen young women in Virginia and North Carolina, Miss Josephine Hood, of Asheville, has been located in Tucumcari, New Mexico.

The Girl Has Again Disappeared.

Miss Josephine Hood, the Asheville girl who was located in Tucumcari, N. M., Wednesday, after a search lasting since her marriage, in 1905, to "Lord" Reginald Sholto Douglas, the notorious bigamist, and disappeared, and all efforts to locate her have been futile.

Two Cock Fight Raids.

A few days ago, the Cabarrus sheriff, accompanied by a deputy, went clattering down the road leading to a piece of woods that made a covering for a party of a hundred or more sports engaged in a cock fight. The object was to capture them, the crowd leaving not so much as a feather to tell the tale, or to give evidence of a fail.

Over 200 Die in Fire in Mexico.

Between 250 and 300 people were burned to death and many were injured in a fire which destroyed the Flores Theatre in the City of Acapulco, Mexico, last Sunday night.

A Pin in the Appendix.

Eugene Erwin, the 4-year-old son of Mr. and Mrs. Harper Erwin, of Durham, was brought to Long's Sanatorium Friday afternoon for an operation for appendicitis. He was operated on Saturday morning and a long black pin was found in the appendix. The pin had penetrated the appendix and an intestine.

The admirers, and to be sure there are no end of them, in North Carolina, of the state's great commoner, Z. B. Vance, are much pleased at the bill introduced in the legislature to appropriate \$10,000 for a marble statue of him in Statuary hall, the old senate chamber in the capital at Washington.

The property of The Daily Industrial News was offered for sale Monday at Greensboro and was bid in by E. C. Duncan, of Raleigh, at \$5,000. Judge Boyd declined to confirm the sale at this price, and it is probable that either a resale bill be ordered or the property turned over to the mortgagees to be disposed of as they may see fit.

THE LEGISLATURE.

Senator Barringer introduced Tuesday, as he declared in all seriousness, a bill to move the State capital to Greensboro, the bill declaring that city to be nearer the center of the State, and more accessible for a majority of the people.

S.S.S. CURES SKIN DISEASES

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our systems and preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When, however, the blood is impure, and becomes infected with humors and acids, these too must be expelled, and coming in contact with the delicate fibres and tissues with which the skin is effect showily by Eczema, Acne, Tetter, and skin affections of various kinds. These impurities and humors get into the blood through a deranged or inactive condition of the system, the members whose duty it is to carry off the waste and refuse matter of the system to properly perform their work, and this impure, fermenting matter is left in the system to be absorbed by the blood. The skin is not only affected by poisons generated within the system, but poisons from without, such as Poison Oak, Poison Ivy, Nettle Rash, etc., enter through the open pores and glands, and so thoroughly do they become rooted in the blood that they are ever present, or return at certain seasons of each year to torment the sufferer. Salves, washes, lotions, etc., cannot cure skin diseases. True, such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause, and at best can be only palliating and soothing. A thorough cleansing of the blood is the only certain cure for skin diseases. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients of the forest and field, is the proper treatment. S. S. S. goes down into the purifying the blood, and curing skin affections of every kind. It supplies all other parts of the body, the nutritive qualities necessary to sustain the skin and cures Eczema, Tetter, Acne, Salt Rheum, Poison Oak and Ivy, Nettle Rash, and all other skin troubles, and cures them permanently by removing every trace of the cause from the blood. Special book on Skin Diseases and any medical advice desired furnished free to all who write.
