DOLLIVER'S DISAPPOINTMENT,

VOLUME XXXV.

CONCORD, N C., MONDAY, JULY 1, 1909.

THE

Citizens Bank and Trust Company

OF CONCORD, N. C.

Has grown into the strength that comes from faithful and efficient service to a progressive community.

With resources of two hundred thousand dollars, and with every facility for handling your business well, we invite your patronage.

A. JONES YORKE,

CHAS. B. WAGONER,

M. L. MARSH, Vice President. JOHN FOX, Assistant Cashler.

THE ONE SURE WAY

to have money is to save it. The one sure way to save it is by depositing it in a responsible bank. You will then be exempt from the annoyance of having it burn holes in your pockets, and aside from the fact that your money will be safe from theft, the habit of saving tends to the establishment of thrift, economy, discipline and a general understanding of business principals essential to your success.

To those wishing to establish relations with a safe, strong

bank, we heartily extend our services.

offer enough boot.

A new telephone directory of New ness in New York City. Five hundred thousand copies of the book were printed. The New York Joursquare and weighs about two and a half pounds. Some idea can be F. G. DeFontaine, at Chester, S. C. formed as to the magnitude of this from a band of looters. ved, this book is entirely revised and rian of Congress. a new issue distributed three times a year, in order that it may be at all times as correct as it is humanly possible to make it. The work of compiling the data for this direction is going on all the time, about thirty men being steadily employed.

A Bold Step. To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal comounds, Dr. R. V. Pierce, of Buffalo, N. , some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrans of doubtful merits, and made them Remedies of Known Composition. By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not alread to subject them to

the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, pid liver or billiousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerstandard medical works, of all the discrete schools of practice, containing very numer ous extracts from the writings of leadin practitioners of medicine, endorsing in the atrongest possible terms, each and every instre-dient contained in Dr. Pierce's medicines One of these little books will be malled fre-to any one sending address on postal card of to any one sending address on postal card or by letter, to Dr. R. V. Plorce, Buffale, N. Y., and requesting the same. From this little book it will be learned that Dr. Plerce's med-icines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite, Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanily functions, correcting displacements, as prolapsus, anteversion and retoversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

A BOY'S HOLIDAYS.

The ardent controversy which has been waging in England and America concerning the best way to dispose of school boys in the long summer vacation has prompted the Grand Trunk Railway System to issue a special publication giving suggestions and practical hints to parents, as to what to do with the public and preparatory school boy during the months of July and August. The vacation camp is one of the solutions and the publication entitled, What shall a Boy do with his Vaca-To reheve constipation, clean out the tion" thoroughly covers the ground and lives the problem of the best way for
