Democrats Certain to Carry the Fifth.

Raleigh Special, 21st. It is almost certain the Republicans will lost the Fifth district, now represented by Congressman Motley Morehead, who "as an Insurgent," captured the Republican State convention from National Committeeman Dunean and State Chairman Adams of the "old guard," and had himself elected State chairman and general politieal boss and Federal office distributor, which goes along with the office.

Unlike the western "Insurgents" Morehead is a Taft man good and strong. He declined renomination for Congress and dictated another man as the nominee, D. H. Blair. The district is normally Democratic anyway, and a strong man, Major Charles M. Stedman, has been nominated by the Democrats. He is the only Confederate soldier nominated for Congress in North Carolina in four years and is running like a whirlwind. The other two districts with Republican Representatives are doubtful.

Raised Cain at Depot.

Frank Stafford, a well known colored man, of Silver Hill, was arrest- nothing is realized. By a chemical ed at the depot about 1:30 o'clock analysis and the consequent enlightwas drunk and fell to cursing Mr. in each of the kinds of soil, the farm-Frank Mills. Mr. Mills telephoned or will better know how to apply, and age these boys in their undertaking Luther Boger's machine. Meanwhile Frank had been taken to his home at Silver Hill, where the officers proceeded and soon had him in charge. Frank says he has no recollection whatever of the affair at the depot. He is a good negro, and has never been up before. He has been working in the machine shop o fthe Cannon Mills for ten years, and has the reputation of being one of the best negroes in the city. He admits that he had been drinking.

"SINS OF THE FATHER."

Tremendous Reception Given Tom Dixon's Play at Norfolk Last Night Special to The Tribune.

Norfolk, Va., Sept. 21.-Thomas Dixon's recent prediction that his latest play, "The Sins of The Father" would be his greatest dramatic effort was verified by its production for the first time on any stage in the Academy of Music tonight. Every seat in the immense auditorium was sold out several hours before the rise of the curtain. It was estimated tnat at least three thousand persons were turned away. Ticket speculators reaped a rich harvest. They placed their premiums as high as five dollars a seat and anxious purchasers were

eager to comply with their demands. In "The Sins of The Father" Mr. Dixon has sounded a new note on the race problem which will be echoed for many years to come. Tonight the big audience was thrilled as an audience has never been thrilled before in the theatrical history of Norfolk. As the play unfolded itself the auditors gripped their seats and at the conclusion of each act applause was wost

enthusiastic and long continued. In a speech tonight at the conclusion of the second act Mr. Dixon expressed his confidence in the success of the appeal contained in his new play to the manhood and womanhood out the great menace to the life of
