

PRESIDENT WILSON IS NOT SO WELL TODAY

Rear Admiral Grayson Has Called in Consultation Dr. F. X. Gerem, a Neurologist of Philadelphia.

HIS CONDITION IS "NOT AT ALL GOOD"

It is Not Considered Alarming, However.—Dr. Grayson's Decision Taken as a Precautionary Measure.

(By The Associated Press.)

Washington, Oct. 2.—Despite a very fine night's rest, President Wilson was not so well this morning, and Rear Admiral Grayson has called in Dr. F. X. Gerem, a neurologist of Philadelphia.

Admiral Grayson based the following opinion at 11 a. m.

"The President had a very good night's rest, but his condition is not at all good," he said.

The calling of the nerve specialist was based upon Dr. Grayson's opinion that Dr. Gerem is expected to arrive in the White House today.

The President's condition is not considered alarming, it was explained at the White House, and the decision to call in Dr. Gerem was made as a precautionary measure and to relieve the pressure on Dr. Grayson, who has been with the president almost continually since he was taken ill a week ago while on his speaking tour.

The President did not take kindly to the idea of calling in a specialist, but finally acquiesced on Dr. Grayson's insistence that he would have to have his assistance.

The President was described as extremely restless. Dr. Grayson insists that he remain quiet and is trying to divert his mind from work and executive matters in which Mr. Wilson is usually taking a hand. The chief executive, however, has been permitted to sign a few bills and attend to a few other routine matters.

Dr. Welch's Foremost Specialists.

Philadelphia, Oct. 2.—Dr. Gerem is regarded as one of the world's foremost specialists on nervous diseases. He arrived immediately to leave for Washington and will arrive there late today.

AMERICAN INTERVENTION AT TRAIT PREVENTED BLOODSHED

Probably Also a State of Actual War Between Italy and Jugo-Slavia.

(By The Associated Press.)

Washington, Oct. 2.—Intervention of the American naval forces at Traut, Albania, prevented bloodshed, which would perhaps have resulted in a state of actual war between Italy and Jugo-Slavia, according to a report from Admiral Knapp, commanding the American naval forces in European waters, transmitted to the Senate today by Secretary Daniels.

American sailors were not landed, Admiral Knapp said, until after the Italian and Italian officers who had been sent to Traut had induced the Italian sailors to withdraw after they had captured a small Serbian gun. One Italian officer and three blue-jackets were left behind, and the blue-jackets were sent ashore to protect the gun until Serbian troops could arrive, the Admiral said.

The Americans acted, Admiral Knapp said, at the request of an Italian Admiral on the Dalmatian coast, and the force was withdrawn immediately after the Serbians arrived and took charge. In the meantime the commander of the Italian raiders was ordered to trial by court martial by the Italian Admiral.

Amunds Cummins Railroad Reorganization Bill

(By The Associated Press.)

Washington, Oct. 2.—By a vote of 47-15 the Interstate Commerce Commission today tentatively amended the Cummins-Railroad reorganization bill to provide that rates be fixed so as to yield the stockholders a return of 5 to 12 per cent, plus half of 1 per cent for maintenance. The original bill left the rate of yield to determination of the Interstate Commerce Commission.

Religious Community Fair to Be Held Thursday, October 9th, 1919.

The success of this fair will depend upon the interest manifested by the community at large, and as this is the only one held at Bethany, no pains should be spared to make it a grand success, and one that will be highly creditable to all who contribute to it as well as to the community and surrounding country.

IMPOSSIBLE TO IDENTIFY THE RED EGG THROWERS

Eggs Were Thrown in Darkness.—Senator Reed Did Not Comment on Matter.

(By The Associated Press.)

Ardmore, Okla., Oct. 2.—Whether an official investigation would be made of the demonstration here last night which resulted in throwing of eggs at United States Senator James Reed, of Missouri who was on the platform at Convention Hall here to deliver an address in opposition to the peace treaty and the league of nations was a subject of discussion here today.

Although several officials declared an investigation should be made and those guilty of participation punished, they pointed out that as the egg throwing took place when the building was in darkness, it would be virtually impossible to identify the persons who took part. Senator Reed left Ardmore late last night for the west without commenting on the demonstration and the belief prevailed that the incident was closed.

Jugo-Slav Troops Shoot at Italian Transport.

(By The Associated Press.)

Rome, Oct. 2.—An Italian steamer with 200 Italian troops and some American officers on board, bound from Cattaro, is declared in a dispatch from Bari to a local newspaper to have been shot at by Jugo-Slav regular troops.

Conflicting Thoughts

A GREAT MEETING OF EPISCOPAL LEADERS

Three Important Matters Will Be Brought up at Meeting to Be Held in Detroit This Month.

(By The Associated Press.)

Detroit, Mich., Oct. 2.—Revision of the Book of Common Prayer of the Episcopal Church, adoption of a new canon touching church unity, and revision of the canon on matrimony are three of the most important matters to be brought to the attention of the delegates at the triennial convention of the church that will open here October 8. It is anticipated that upwards of 3,000 delegates and many of the leading churchmen of this and other countries will attend the convention, which will last two weeks or longer.

The proposed revision of the canon on matrimony would make it impossible for an Episcopal clergyman to marry divorced persons, even the innocent party to a divorce. It has been anticipated that this question will provoke much debate. The proposed new canon on church unity, it is stated, would make it possible for a minister of another communion to be ordained in the Episcopal church without first giving up his original affiliation. The revision and modernization of the prayer books is expected to take much of the time of the gathering.

During the convention daily meetings on social service are to be held, and the Church League for Social and Industrial Democracy will complete its organization with Bishop Charles D. Williams, of Detroit, its leader.

Representatives of capital and labor will be invited to give their views in the open forum meetings on social service, preliminary to the launching of the new league. The purpose of the league, it is stated, is a country-wide educational propaganda for better cooperation of all walks of human life for a state of society in which man will get all he earns and earn all he gets, where no man will live on the fruits of another man's labor and no man will be denied the fruits of his own labor.

Church leaders anticipate that the question of open sessions of the house of bishops will again come before the Convention as it has the past score of years. The proposal lost by one vote at a recent convention of the bishops.

BODIES OF TWO SOLDIERS FOUND BURIED ON BEACH

Believed to Be Those of Lieutenants Waterhouse and Connelly.

(By The Associated Press.)

Nogales, Ariz., Oct. 2.—The bodies of two men dressed in American army uniforms and with the insignia of the aviation corps in pockets, were found buried on the beach of the Bay of Los Angeles, lower California, about 30 miles south of San Diego, are believed to be those of Lieutenants Frederick B. Waterhouse and Cecil N. Connelly, according to a report made to the military authorities today to Joe Richards, of Chicago, upon his arrival from Mexico.

Lieutenants Waterhouse and Connelly disappeared six weeks ago while on border patrol duty.

AMENDMENTS TO TREATY TO BE TAKEN UP TODAY

Under Agreement Reached Yesterday for Final Vote Before Adjournment.

(By The Associated Press.)

Washington, Oct. 2.—With the calling of the German peace treaty to the Senate at 2 o'clock today the 33 amendments proposed by Senator Fall, of New Mexico, will be taken up under agreement reached yesterday for a final vote before adjournment. This will make the first vote on the amendments to the treaty taken in the Senate. The Fall amendment would eliminate American representation on various commissions to be established by the treaty.

CONDITION OF COTTON CROP IS ONLY 54.

A Total Production of 10,696,000 Bales Is Forecasted.

(By The Associated Press.)

Washington, Oct. 2.—The condition of the cotton crop on September 23 was 54 per cent of a normal, forecasting a yield per acre of about 158.0 pounds, and a total production of about 10,696,000 bales, the Department of Agriculture announced today. The indicated yield per acre and forecast of production by states is as follows:

Virginia 200 pounds and 16,000 bales; North Carolina 224 pounds and 651,000 bales; South Carolina 211 pounds and 1,127,000 bales.

Today's reports include forecast of production by states for the first time in the history of cotton reporting by the Department of Agriculture.

Cotton Ginned 1,854,170 Bales.

Washington, Oct. 2.—Cotton ginned prior to Sept. 25 was 1,854,170 round bales, including 19,524 round bales, 2,228 bales of American Egyptian, and 427 bales of Sea Island, the Census Bureau announced this morning.

Helin Says Not Over 10,000,000 Bales Will Be Produced.

Washington, Oct. 2.—Not more than 10,000,000 bales of cotton will be produced this year in the South, Representative Helin, Democrat, of Alabama, said today upon his return from a tour of the South, adding that the boll weevil and dry weather had greatly diminished the crop.

"The price should hold well, however," Helin said, "and cotton is now being sold for prices between 30 and 40 cents. There are only between two and a half and three million bales in storage this year, and together with the shortage should make a fair price."

THE COTTON MARKET.

Report of Census Bureau Showing Small Ginnings Sends Prices Up.

(By The Associated Press.)

New York, Oct. 2.—Reports of the Census Bureau showing only 1,854,170 bales of cotton ginned prior to Sept. 25 compared with 3,770,351 last year, and higher Liverpool cables led to a firm opening in the cotton market here today. First prices were 20 to 45 points higher, with December settling at 52-42 on the call, but small ginning figures had been generally expected, and the advance met a good deal of realizing in preparation for the government report on crop conditions and prospects.

QUIET NOW AT ELAINE, ARK.

Gov. Brough's Arrival With 500 U. S. Troops Eases the Tension.

(By The Associated Press.)

Helena, Ark., Oct. 2.—The arrival this morning at Elaine of 500 United States troops accompanied by Governor Brough, somewhat eased the tension of the situation brought about yesterday by a race riot in which three white men were killed, some wounded, and an unknown number of negroes killed and wounded.

The arrest of twenty alleged instigators of the rioters is also believed to have removed a great deal of the source of the trouble. The prisoners were brought here and placed under guard.

How the Race Trouble Started.

Helena, Oct. 2.—It developed today that the race trouble in the southern part of this county was due largely to propaganda spread among ignorant negroes by rich white men and a negro said to reside at Winchester, Brew County. The negroes, it is said, were told the government was to buy cotton and they must demand their share. Social equality was also said to be part of the propaganda.

KING ALBERT AND QUEEN IN NEW YORK

King and Queen of Belgians Given a True American Welcome as Ship Steamed Past Outer Harbor.

A SALUTE OF 21 GUNS WAS FIRED

The Official Greeting of the City Will Take Place Tomorrow.—Awakened at Dawn by the Firing.

(By The Associated Press.)

New York, Oct. 2.—King Albert of the Belgians, Queen Elizabeth and Prince Leopold, who come to America to personally express their gratitude for the aid extended to their marred country, received a noisy welcome in New York when, greeted at dawn by the firing of salutes as the transport George Washington steamed past the outer harbor fortifications, it was truly an American welcome such as has greeted returning heroes from France since the cessation of hostilities.

The George Washington arrived off Fire Island lightship at 7 o'clock yesterday. She anchored at sunset three miles east of the Ambrose lightship. A flotilla of twelve destroyers escorted the George Washington on the bay to army pier Number Three at Hoboken. As the ship came up the harbor salutes of 21 guns were fired. In response the George Washington broke out at her masthead the flag of Belgium's royal family and the national ensign, American warships responded by dipping their colors.

The official greeting of the city will take place tomorrow morning, May or Hyman will extend the freedom of the city to the royal couple, and the King will make a brief address in reply.

Washington, Oct. 2.—Charges of union labor leaders that the United States Steel Corporation employed large numbers of foreigners in order to prevent the unionizing of its men, were denied today by Judge Elbert Gary, chairman of the Corporation's board when he resumed testimony before the Senate committee investigating the steel strike.

Judge Gary was questioned at length on foreign labor by Chairman Kenyon.

Chairman Kenyon read the principles of the war labor board promulgated during the war, guaranteeing the right of collective bargaining to employees and asked that Judge Gary endorse that.

"If you mean what labor unions call collective bargaining, no," Judge Gary responded. "If you mean organization of plant committees to present grievances, yes."

"I'd like to know what the differences are between you and the labor unions," Senator Jones of New Mexico, said.

"The unions are endeavoring to compel the employers to contract with them," Judge Gary answered, "and when that is done non-union men cannot be employed. I would like to see you get the fullest of information as to the result of these contracts in all industries."

"Let me understand your position," said Senator Walsh, Democrat, of Massachusetts. "You recognize the right of men to join unions. You let them stay in your plans when they join?"

"That's right," Judge Gary responded.

"Well, now, what good is it then to belong to unions?" Senator Walsh persisted. "If when they join you refuse to discuss anything with their representatives?"

"Is it right," Judge Gary countered "for 10 per cent of the men who may belong to unions to dictate conditions to the other 90 per cent?"

"But your position is the same," Senator Walsh continued "even if 90 per cent of the men were organized you would not confer with their representatives?"

"I have not said so," Judge Gary returned.

"Let's settle this point right here," Senator Walsh broke in. "Will you confer with any representative of organized labor today to help settle this strike?"

"I will not," Judge Gary returned positively.

Spoke Lightly of Woman, Is Fined \$50

High Point, Oct. 1.—Mrs. Floss Spough spoke disparagingly of a character of Mrs. Mattie Hardy, an employee of the Baptist orphanage at Thomasville, and today she paid a fine of \$50 in municipal court here. Judge Kirkman said he would write a letter to the management of the orphanage exonerating Mrs. Hardy. The trial created more than a stir of interest in municipal court when a half dozen prominent High Point women appeared in a body to testify to the high character of Mrs. Hardy. Mrs. Spough said she had only repeated what she had heard.

WILLIAMS AND SALEE THE PITCHERS

In the Second Game of the World Series to Be Played in Cincinnati at Three O'clock Today.

REDS GAIN "PEP" FROM THE VICTORY

Of Yesterday, While Manager Gleason Says His Team Will Work Harder on Account of the Defeat.

(By The Associated Press.)

Cincinnati, O., Oct. 2.—Baseball enthusiasts were greeted by bright skies today and it appeared that weather conditions would not interfere with the playing of the second game between the Chicago White Sox and the Cincinnati Red at Redland Field this afternoon. Local forecast for the day was cloudy and warm.

With the Cincinnati Reds, national league pennant winners, leading by a run total of one game won, the world series of 1919, in which the Chicago White Sox are the other contestants, will be resumed here today. The weather man is still in the followers of the great national pastime, and predicts fair weather for the second contest.

Statements from Manager Moran of the Reds and Manager Gleason of the White Sox indicated that the winning of the first game had made the home team more confident, while it had the effect of making the losers even more determined to regain the ground lost. According to Manager Gleason, he indicated last night that he would pitch Claude Williams, his star left hander. Manager Moran announced that "Slim" Salee would be on the mound.

Eddie Roush, Real Catcher.

Eddie Roush, who Cincinnati fans expect will be an important factor in the present world series games, with his heavy hitting, would not be playing baseball today but for an unfortunate love of the game which enabled him to overcome a severe handicap some years ago.

When Roush first began playing professional baseball he was an infielder and a right-handed thrower. Now he is an outfielder, considered to be one of the best in either league and throws with his left hand.

The change was brought about through an accident in which Roush's right arm was broken. It didn't heal properly and when the cast was taken off, Roush found that his arm was so weak that it would be impossible for him to ever whip the ball across the diamond with his old speed.

First he decided to quit baseball—but found that was easier said than done. With the warm weather came the longing to get hold of a bat and glove—but the right arm had no strength.

Determined not to be kept out of the game, Roush decided to learn to throw with his left hand. It took him a year—but he stuck to it. Now he is considered one of the greatest throwing outfielders in the game as major National league base runners will testify.

RATIFICATION IN ITALY WILL NOT BE PREVENTED

By Dissolution of Italian Parliament.—May Become in Force by Royal Decree.

Paris, Oct. 1.—Ratification of the Versailles and St. Germaine treaties will not be prevented in Italy by the dissolution of the Italian parliament. It is unnecessary to wait for the convening of the new parliament, it is said in peace conference circles, as, according to Article Five of the Italian constitution, treaties may become a "force of execution" by royal decree, which may be presented before the new parliament for approval.

Premier Nitti's official argument to King Victor Emmanuel in asking for a dissolution of parliament was that the mandate of the chamber of deputies expired in October, 1918. The main issue during the coming election will be the international issue before the country, Finme and internal situation caused by the revolutionary tendencies of the socialists. Premier Nitti is expected to read the dissolution decree before the chamber of deputies within the next few days.

CUPID CROSSES WIRES.

Jersey Telephone Exchange Crippled By Hymen's Hellos.

New Brunswick, N. J., Sept. 26.—Automatic telephones will be installed in the local exchange, because Cupid has been playing havoc with the operators here. Four of the bells have been married this week, deserting their posts, and there has been a veritable epidemic of marriages for more than two months.

Nearly every girl employed at the local exchange is wearing an engagement solitaire, and the management does not know when it will be left flat.

Generally fair tonight and Friday; little change in temperature. Gentle variable winds.
