the Melville claim before Ezra can arrive. BEATRICE, beautiful daughter of Neilson, is loved by Ray Brent, but she detests him. When Ben and Ezra arrive in the north woods, Darby's memory suddenly is restored. On the way to Showy Gulch, Ben and Ezra meet a frontiersman who tells Ezra that the Neilson gang is already at the Melville claim. Keeping this knowledge from Ben, Ezra sug-gests that Darby go to Snowy Gulch to call for Fenris, pet of Hiram Melville. Ezra goes alone toward his brother's claim. At Snowy Gulch. Ben calls for Fenris and finds him to be a wolf who has just broken loose and is about to spring upon a girl standing in his pathway. Ben seems to pos-sess some secret power over the wolf and succeeded in quieting him instantly. Beatrice Neilson, the rescued girl, travels with Ben to join her father. On his arrival at the Yuga River, Ben ean find no trace of Ezra, so he calls upon Fenris to aid him in the search. GO ON WITH THE STORY

"He's my buddy, old boy, and I want you to find him for me." Ben went on, more patiently. He searched his pockets, drawing out at last the copy of the letter Ezram had given him that morning, and, because the old man had carried it for many days, it could still convey a message to the keen nose of the wolf. He put it to the animal's nostrils, then pointed away into the darkness.

Fenris followed the motion with his eyes; and presently his long body stiffened. Ben watched him, fascinated. Then the wolf sniffed at the paper again and trotted away into the night.

In one leap Ben was on his feet following him. The wolf turned once, saw that his master was at his heels, and sped on. They turned up a slight draw, toward the hillside.

Fenris halted at the edge of a distant thicket. The cold sweat sprang HAD JUMPIO HIS CLAIM. out on Ben's forehead, and he broke into a headlong run.

He realized that this boat afforded him means of traversing this great waterbody, certainly should be a factor in the forthcoming conflict. The boat had evidently been the property of Hiram Melville Then he noticed, with a strange, inexplicable leap of his heart, that its lone occupant was Beatrice Nellson. His eye kindled at the recosnition, and the beginnings of a smile flashed to his lips. But at once remembrance came to him, crushing his joy as the heel crushes a tender

flower. . The girl was of the enemy camp, the daughter of the leader of the triumvirate of murderers. While she herself could have had no part in the crime, perhaps she already had guilty knowledge of it, and at least she was of her father's hated blood. He must simulate friendship.
