BAPTIST MISSION FOR MOHAMMEDAN LAND. Rev. and Mrs. Fred B. Pearson and Rev. and Mrs. Wash Watts going to Palestine.

Richmond, Va., Feb. 26.—To open up the first definite mission work of Southern Baptists in a Mohammedan land, Rev. and Mrs. Fred B. Pearson, of Louisville, Ky., and Rev. and Mrs. Wash Watts, of Laurens, S. C., have just reached Palestine and will establish their headquarters at Jerusalem.

Dr. J. F. Love, secretary of the Foreign Mission Board of the Southern Baptist Convention, has announced.

These persons will first make a general survey of the situation in Palestine and Syria and when they have completed their report it will be studied by the Foreign Missions Board with a view to the final formulation of its future program in that section, it was stated.

The work in Palestine and Syria, where some native workers have been active for the past few years, it is anticipated, however, will take the form of a general evangelistic effort, the launching of a hospital, a school for the training of native Christian workers, and, ultimately, the establishment of a national literature in the native tongue.

Where the King's Horses Are Kept. London, Feb. 26.—One of the most interesting places in London is the Royal Mews. They are situated in Buckingham Palace Road, at the back of the palace itself.

No other horses in the world have such a splendid home. A long line of rooms built goes down each side of the main building, which is in the form of a quadrangle. The Mews have now a "population" of eighty-five, but before the war it housed one hundred and sixty-six horses.

The fittings are of polished steel and brass, and every animal is worthy of its surroundings. Over each stall is an engraved plate bearing the name of the occupant. There are the special horses for the State coaches, the carriage pairs, His Majesty's chargers, the Queen's horses, and those of the royal princes.

WORK OF STATE LEGISLATURE. Raleigh, Feb. 27 (By the Associated Press).—On third reading the House of Representatives today passed the \$10,000,000 appropriation bill without amendment by a vote of 102 to 11.

The bill carries in its provisions a \$500,000 appropriation for the rehabilitation of oyster and fishing industries in the east. Following a long speech by Representative Murphy, of Rowan county, explaining the measure, it was put to its vote without a dissenting voice.

By unanimous vote the House today passed a resolution introduced by Speaker John G. Dawson which would provide for the reimbursement of A. D. Watts, former Commissioner of Revenue, in the amount of \$5,800, which Mr. Watts paid into the state treasury on failure of the Commercial National Bank of Wilmington, where Mr. Watts had deposited that sum of State money.

The resolution was supported by Representatives Burgwyn, Fountain, Pharr and Bennett of Anson, and met with opposition by the Republicans.

Supporters of the resolution said that inasmuch as Mr. Watts had deposited the amount which he had deposited before the failure of the Wilmington bank in a local bank out of his private funds, he was entitled to reimbursement.

Work of Senate. Raleigh, Feb. 27 (By the Associated Press).—Passage in the Senate of the bill to make the state laws of prohibition conform to the Volstead act with certain special North Carolina provisions retained made this measure today the law. The Senate action followed a brief debate originally proposed by a motion introduced by Senator Squires, of Caldwell, to refer the bill with instructions to the committee to draft it in exact conformance with the Volstead act.

The Gies farm loan bill was put in order today for its second reading tomorrow when it will be considered as the first thing on the public roll calendar after the vote on the general revenue bill.

The general education bill reached its third reading today, was deferred temporarily, but kept on the calendar at the request of Senator Woodson, and it is expected to be put to the vote later today.

The farm loan bill by consent of the author was amended to limit the appropriation it carries to \$800,000, a reduction of \$2,500,000 originally provided for, and the \$1,500,000 written into the committee substitute.

Senator W. L. Long announced in the senate that his "usury" bill which would permit a "private corporation" to sell its bonds to bear as high as 8 per cent. interest, had passed the House of Representatives Saturday, and had been ratified and made law, getting through the House without general attention therein being directed to it, and in order that it might have full consideration in the lower body he introduced a repealing measure, and it was passed under suspension of rules. Immediately afterwards Senator Long reintroduced his bill and the Senate put it through its readings and sent it to the House.

Raleigh, Feb. 27 (By the Associated Press).—A bill to authorize the town commissioners of Smithfield to issue bonds for the building of a "municipal hotel" passed its third reading in the Senate today and became a law, as it has passed the House before introduction in the upper body.

Among new senate bills today was one introduced by Senator Boyett, of Stanly county, to amend the "absence voters" law by permitting registration by mail. The bill was referred to the committee on election of laws.

Raleigh, Feb. 28 (By the Associated Press).—Under suspension of rules by motion of Senator Woodson, of Rowan, the Senate concurred today in the resolution originating in the House to reimburse Col. A. D. Watts, former Commissioner of State Revenue, in sum of \$5,795.25 which he paid into the State treasury, according to the resolution, to protect the state from loss of that amount which was on deposit to the credit of the State in the Commercial National Bank at Wilmington, when the institution's doors were closed by the examiner.

The resolution recites as a fact that Col. Watts borrowed the money with which to pay the State. No debate preceded the vote today, and the resolution passed unanimously.

An effort was made early in today's session to table the "collector's salary" bill which passed the House today and gone upon the senate calendar with a favorable committee report. Senator Woltz, of Gaston, made the motion to table the bill but withdrew it when a point of order was raised.

On motion of Senator Giles the Senate passed a resolution of honor to the memory of the late Governor Thomas W. Bickett, today the birthday of the deceased, the resolution providing that the General Assembly stand in silence for one minute at noon.

The bill proposing to add the State Superintendents of Health and Public Welfare to the board of directors of the State prison was tabled today on motion of Senator Squires, who stated that his action was at the request of the present prison authorities.

Work of House. Raleigh, Feb. 28 (By the Associated Press).—Consuming nearly an hour on debate the House today passed the bill introduced by Senator Parker, of Wayne, which would provide for the sanitation of manufactured bedding by requiring that manufacturers label mattresses by showing the material used, whether new or renovated, their source, and the fumigation of the material.

Representative Parker, of Alamance, championed the measure and met with opposition from Representative Person and Matthews of Mecklenburg county, who declared such a measure would form a monopoly. The bill, however, passed the third reading and became law.

The House also concurred in a Senate resolution in honor of the birthday of the late Thos. W. Bickett, former Governor. Both houses suspended for one minute at 12 o'clock in honor of the former governor's memory.

The House passed on third reading the Justices of the Peace bill which now goes to the Senate for final action.

The Varner bill proposing an amendment to the constitution to provide that any sinking fund law passed by this General Assembly should be irrevocable, failed to come to a vote when objections were lodged and a question arose as to whether the bill should provide for the enactment of this General Assembly to be covered by the proposed law, or the fund the enactment would carry. The bill then went over until printed copies could be had and distributed to the membership for study.

Representative Townsend of Harnett had set as special order for tonight immediately following the Grist soldiers aid bill, the omnibus school bill and general equalization bill. The resolution was introduced by Senator Burgwyn of Northampton county asking that the University of North Carolina convey its interests in 10 acres of land in Roanoke Rapids to the board of county commissioners that it might be devoted to a colored school.

The maintenance appropriations bill was introduced by Representative Murphy, of Rowan, and Representative Connor of Wilson, introduced a bill which would require banks to furnish securities for all state funds deposited.

A long discussion on whether a certain portion of Currituck County should be exempted from the operation of the stock laws featured consideration of the local calendar. The bill was passed.

Bitter Debate. Raleigh, Feb. 28.—(By the Associated Press).—Opposition to the provision in the general revenue bill to exempt from taxation stock in "foreign corporations" held in this state, developed into the most strenuous engagement of conflicting forces of the term in the Senate when the bill reached its second reading today.

After debating the Varner amendment offered to strike out proposed exempted stock, the Senate recessed at 2 o'clock for lunch, with the stipulation that the debate be continued at 2:45 o'clock.

TO EXAMINE CRIPPLE CHILDREN OF COUNTY. Fifteen Children of Cabarrus County To Go to Gastonia for Examination. Raleigh, N. C., Feb. 26.—The inauguration of a systematic examination of approximately 658 crippled children in North Carolina by the clinic of the Orthopedic Hospital, at Gastonia, under the direction of Dr. Oscar Miller, superintendent, tonight was announced by Miss Emeth Tuttle, of the Bureau of Child Welfare.

Dr. Miller first is taking the twelve counties west of Raleigh and will examine crippled children in these as rapidly as possible. Fifteen children in Cabarrus and sixteen in Gaston already have been summoned to appear at the clinic through letters written to parents or guardians by hospital authorities. Whenever it is found a child may be relieved through treatment, it will be received in the institution as soon as possible.

The names and addresses of the cripples were obtained in a recent census conducted by the bureau of child welfare. Miss Tuttle stated that she did not believe the 658 cripples reported were one-third of the actual number in the state, but with present accommodations at the orthopedic hospital, the list now available will consume three years of the institution of fiscal time. She is writing county superintendents of public welfare to assist in securing further names and addresses of cripples and in seeing that children summoned are carried to the clinic for examination.

Two clinics, established at strategic points in eastern North Carolina, probably at Wilmington and Wilson, it was stated, are being planned by the department of public welfare to examine children in this section of the state.

SALISBURY MAN DEAD; THREE SUSPECTS HELD. Robert L. Thornburg Dead From Wounds Received in Free For All Fight. Salisbury, Feb. 28.—Three men were held today pending an inquest this afternoon into the death of Robert L. Thornburg, a carpenter, who died last night after was said to have been a free for all fight near the Van Hook Cotton Mill. Thornburg's death apparently was caused by a wound in the head.

Phones Brother; 'I'm Going Away,' Then Pulls Trigger. Ashboro, Feb. 26.—Max Wagner, Randleman merchant, shot himself in the heart about 2 o'clock this afternoon. He was at his residence at the time. Mr. Wagner had been in ill health for a number of years and this is thought to have been the cause of the suicide.

Mr. Wagner called his brother, I. D. Wagner, of Ashboro, over the telephone shortly before 2 o'clock.

"I am going away," he said, "I want you to be a father to my children."

The brother asked him where he planned to go but received no answer. Fearing suicide, knowing of the ill health of the Randleman man, Mr. Wagner jumped in his car and drove to Randleman as rapidly as possible, finding his brother dead when he arrived.

The dead man's wife is in New York buying goods for the store. The body will be sent to Danville, Va., where his father and other relatives live, tomorrow, and Mrs. Wagner will go there from New York. Robert Wagner, High Point jeweler, is a brother.

Within the past few years Mr. Wagner had undergone a number of operations, having gone to New York, Baltimore, Md., and Rochester, Minn., for treatment. There was no improvement, however, in his health and this fact, according to popular belief in Randleman, led him to take his life.

Mr. Wagner was well known in Greensboro, where he had visited many times. His wife, who was, before marriage, Miss Sarah Tempko, is a daughter of Mr. and Mrs. Max Tempko, who live in Ashe street.

With \$80,000 as prize money to the winners, the state bowlers' tournament will do their "dullest" at the A. B. C. tournament in Milwaukee next month.

PRESIDENT WILL BE CANDIDATE AGAIN IN THE 1924 RACE

Convinced That Half a Dozen Men Are Preparing to Run, Friends of Mr. Harding Start Campaign.

MOVEMENT IS NOW IN ITS INFANCY

But Every State Will Be Acquainted With It Before Summer is Over, Under Present Plans.

Washington, Feb. 28.—Convinced that half a dozen aspirants already are making cautious overtures to test their strength as republican presidential possibilities for 1924, some of the friends of President Harding have begun work to assure him a renomination.

This far the movement in behalf of the President has not reached the proportions of a closely knit organization but it has progressed to the point where it promises to make itself felt in many states before the coming summer is well begun.

The attitude of Mr. Harding himself toward a second term remains unannounced, and it is considered improbable that he will make any public statement of his intentions, at least in the near future.

This is quite a general agreement among those on the inner circles of Washington politics, however, that a desire for public endorsement of his stewardship will impel him to stand for re-election.

It is upon this presumption that any candidate that those who want to see him remain in the White House for another four years are proceeding. Included in the group of friends who have been in conference here are some of the men who led the successful pre-convention campaign of 1920, and some who came over to the Harding ranks from other camps after the convention was over. As a result, the ultimate lineup of the Harding forces of 1924 is expected to resemble only in part the organization that fought and triumphed in the nomination fight of three years ago.

Attorney General Daugherty, who was the pre-convention manager for Mr. Harding in 1920, is expected to again take a hand in urging the renomination. But for several reasons Mr. Daugherty is not expected by his friends to be as active as he was in 1920. His health recently failed him, requiring him to remain in bed for several weeks, and although he has virtually recovered, he cannot take the burden of travel and conference which would fall upon an active campaign manager.

MRS. ANNA BUZZI HELD AS MATERIAL WITNESS. In Connection With Death of Frederick Schneider in the Bronx Monday.

New York, Feb. 27.—Mrs. Anna Buzzi, known also as Anna Schneider, housekeeper for Frederick Schneider, wealthy contractor, who was found murdered in a lonely section of the Bronx yesterday was arrested today as a material witness. She denied all knowledge of the crime after detectives had questioned her for six hours, and became hysterical when lodged in jail. The police also questioned Schneider's wife had a number of girls employees.

Mrs. Buzzi, who is thirty years old, was divorced from her husband in a suit in which Schneider was named as corespondent. The police said she was known to her neighbors as Mrs. Schneider.

Meanwhile the police continued their search for a blonde woman who was seen to leave Schneider's automobile shortly before his body was found with two bullets in the head.

CABINET CHANGES ARE MADE BY PRESIDENT. Senator New Will Succeed Postmaster General Work, Who Will Succeed Secretary Fall.

Washington, Feb. 27.—Selection of Postmaster General Work to succeed Albert Fall as Secretary of the Interior, and of Senator Harry S. New, of Indiana, to become Postmaster General was announced today at the White House.

The change in the cabinet lineup is to take place March 4th when Mr. Fall retires after two years service, and the nomination of Mr. Work and Senator New were sent to the Senate today to permit their confirmation before the present session of Congress comes to end.

Senator New's nomination was confirmed immediately by the Senate in open session following precedence of courtesy of sitting members.

Millers to Meet in Statesville. Statesville, Feb. 27.—The North Carolina State Millers' Association will convene in annual session here March 14 for two days, Karl Sherrill, of this city, president, has announced.

M. A. Briggs, Durham; E. L. Milner, Indianapolis, Ind., and A. B. Shingleton, Henderson, will be the principal speakers.

A puzzling question that remains unanswered: "Why is Rubie Button allowed to pay in the American association and at the same time called ineligible by the National League?"

In Los Angeles is a retail drug store which occupies 15,000 square feet of floor space and employs 100 clerks.

The site of ancient Carthage, destroyed by the Romans, is in the hands of speculators and is being sold. The hills surrounding the ancient site are being slowly covered with residential villas.

PEOPLE OF ENGLAND SHOWING INTEREST IN HARDING'S PLAN

British Newspapers Think the Plan of the President Indicates We Will Abandon Our "Aloofness."

PRESENT POLICY "WORN OUT" ONE

London Express Says "The Whole World Will Welcome President Harding's Late Pronouncement."

London, Feb. 27 (By the Associated Press).—President Harding's proposal for the participation of the United States in the permanent court of international justice receives much attention in today's newspapers, which interpret it as an important sign that American aloofness in European affairs is being abandoned.

The Times says that "the aloofness is a creed worn out and useful in its time, but forlorn for conditions of a world which has passed away" and that the proposal will be received favorably by all members of the league.

The Telegraph thinks that because it involves no adherence to the league, the chances of ultimate approval of the plan are good.

The Daily News says: "With
