Fair For This County is Project of New Company

Men Interested in Fair Held Meeting Monday Night and Took Initial Steps in Movement Which Probably Will Give Cabarrus County Fair Each Year.

Cabarrus County is to have a big county fair each year, it is indicated as the result of a meeting Monday night of a number of citizens of the county who are interested in such a project. While little definite action on the proposition was taken at the meeting, those persons behind the movement point out that everything that was possible was done, and interest demonstrated in the meeting indicates that the proposition eventually will be most successful.

Temporary officers chosen at the meeting were T. N. Spencer, chairman and W. A. Foil secretary. On a motion by L. T. Hartsell, a committee composed of Dr. Spencer, J. F. Cannon and H. A. Goodman was authorized to solicit funds for the company. As soon as sufficient funds are subscribed the company will be officially named and incorporated. The amount of incorporation has not been definitely decided upon. After the charter has been received the stockholders will meet and elect the directors, who in turn will choose the permanent officers of the company.

At the meeting Monday night a number of \$1,000 subscriptions were pledged, and it is believed that within the next several days the number of subscribers will be greatly increased.

It is planned now to erect the fair ground at the old Sims farm, about two miles west of Concord. The farm is now the property of Mr. J. F. Cannon, and at the meeting Mr. Cannon stated that he would charge no rent to the fair company for the first five years of the company's life. It is planned to start the fair grounds at the intersection of the roads leading to Charlotte and to the Poplar Tent road.

The persons backing the proposition declared at the meeting that for some time there had been a popular demand in Concord for a fair ground and a yearly fair, and for this reason they have started the movement which, when completed, will meet this demand. The proposed site for the grounds is ideally situated, and since the company will have no rent to pay for five years, most of the money subscribed can be used in laying off and building the track and many structures that will be needed on the grounds.

The site for the fair is easily reached from every part of the county. It is connected with Concord by a fine hard surfaced road, and persons in almost every section of the county can reach it over an improved road. The tract offered by Mr. Cannon provides enough land for all the needs of a modern fair grounds, and the lay of the land is considered ideal for the proposition.

During the past several years county fairs have proved very successful in other counties in the State, and the men behind this movement feel that such a fair would prove successful here. The fair would give the country people an opportunity to display their farm products, and their live stock and at the same time enjoy amusements and a social intercourse.

A stockholders meeting of the company will be held in the near future, and more definite plans concerning the company will be made at that meeting, when officers will be chosen.

Girls Lost Hard Fought Game to Davidson.

The local high school girls, after defeating the Davidson girls on the Davidson court, Tuesday allowed them to reap revenge by taking a hard fought game on the local floor, the score being 26 to 20. The game was close all the way through, though the Davidson girls never lost the lead which they took in the first minute of play, when Miss Shelton dropped in one from the court. At times the playing was unusually fast and the shooting good, but at other times it was ragged and slow. The local girls had it all over the visitors when it came to passing, for time after time they passed the ball the entire length of the court without losing it only to miss the basket on an easy shot. On the other hand Miss Shelton for the Davidson girls shot with uncanny accuracy and made good on most of her attempts at the basket. The Concord forwards failed to follow up their shots.

Miss Shelton was the outstanding star of the games scoring all the field goals for the Davidson girls for a total of 20 points. Miss Shoemaker, a guard for the visitors, also played a good game. For Concord, Miss Dick scored 18 of the 20 points made by her team, while Miss Broome played a fine floor game.

This is probably the last game the Concord girls will play this season. They have had only a mediocre season, but fairly good considering the fact that this is the first season they have played.

Runaway Horse and Ford Coupe Collide on Union Street.

A horse played havoc with himself and the Ford coupe of Major W. A. Foil about 7 o'clock Tuesday night in front of the Parks-Belk store. The horse came tearing down Union street and ran into the front of Mr. Foil's car, which suffered a broken headlight, a badly damaged radiator and a slightly damaged fender. The horse in turn, suffered a broken leg and had to be killed. Mr. Foil and Mr. J. A. Kimmons, who were in the car, were not hurt. The horse reared up when he finally saw the car, got his left leg between the bumper and the radiator and had the leg badly crushed.

If you are lame every morning, and suffer urinary ills, there must be a cause. Often it's weak kidneys. To strengthen the weakened kidneys and avert more serious troubles, use Doan's Kidney Pills. You can rely on Concord testimony.

Mrs. J. M. Goodnight, 45 N. Crowell St., Concord, says: "My kidneys were weak and I suffered at night, as I couldn't rest well. Mornings I got up feeling tired and languid. Frequent headaches annoyed me and I had spells of dizziness and spots came before my eyes. My feet and ankles became swollen and my kidneys acted irregularly. I used Doan's Kidney Pills, getting them at Gibson's Drug Store. They were the right remedy for me and soon gave me relief from the backaches and other signs of kidney trouble."

I did not seem to find the right remedy until someone told me of
