Spring is here, at least theoretically. FATHERS AND SONS MEET AT THE FESTIVE BOARD

Dinner Makes Bit of Spring at the Y.—More Than a Hundred Present. The annual father and son dinner was held at the Y Tuesday night and proved to be one of the outstanding features of the season. There were about 140 or 150 present and the way everyone entered into the festivities made it an occasion long to be remembered.

The annual observance was in charge of a committee of the Board of Directors of the Y with A. S. Webb, chairman, J. O. Moore and W. K. Patterson, Mr. Webb arranged with Mrs. W. A. Foll for serving the banquet. Mr. Moore took charge of the program and Mr. Patterson arranged the distribution of the tickets. The complete success of the program shows that each member of the committee worked hard and entered into the spirit of the occasion. Mrs. Foll and Mrs. Ralford deserve special credit for the way they served everyone. There were about 25 more people than the committee prepared for and it naturally embarrassed the ladies in providing for these as they came in. Everyone seemed to be well satisfied with the whole affair and seemed delighted with the occasion.

Rev. J. C. Rowan took charge of the program as toastmaster and the way he kept things moving showed that he is as capable in this capacity as he is in the pulpit. Toasts were responded to by the following: C. H. Barrier on "What Are Boys Good For Anyway?"; W. C. Walker on "Why Then a Dad?"; Raymond Snyder on "Our Fathers"; and Rev. W. A. Rollins on "Just Boys." Each speaker seemed specially fitted to handle his part of the program and said a lot of witty and interesting things about his topic. Mr. Rollins told about a number of men who have become great who showed their ability when just boys. The program closed with some group games called "gatherin' nuts" under the direction of Secretary Verburg. Secretary J. C. McCaskill had charge of the orchestra and also sang in a male quartet of high school boys who sang several selections which greatly pleased the crowd.
