WHOOPIING COUGH. This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take. —Advertisement.

When he turned his car to the left to take a curve, the steering apparatus locked and Mr. Linker was unable to straighten the car in the road, though he twisted the steering wheel off in an effort to avoid the accident. When the wheel popped off Mr. Linker was thrown against the back of the front seat but as the car crashed against the tree he was thrown forward, his forehead and lips striking against supports for the steering wheel. Several stitches were taken in Mr. Linker's forehead, but he was not seriously injured. His car was completely wrecked, and the tree almost demolished.

Interviewed Prisoners County Commissioners

Board Visited Chain Gang in Body and Gave Prisoners Chance to Make Any Statements to Them.

BOARD'S DECISION IS NOT ANNOUNCED

Chairman of Board Says the Opinion of Board as to Prison Conditions Will Be Made in Near Future.

Discussion of recommendations made in the report of the grand jury which arrived at the last term of Cabarrus Superior Court and action toward carrying out some of the recommendations of the report, were the chief features of the meeting of the County Commissioners at the court house Monday. Several minor matters were also disposed of by the board.

In addition to acting upon the recommendations of the grand jury report, the commissioners followed a suggestion of Judge James L. Webb, who presided at the last term of court and who received the grand jury report. He advised the board to make a thorough investigation of conditions at the chain-gang camps of the county, and this was done by the board members.

Going in a body to chain gang camp No. 1 Monday night, the board members gave every prisoner in the camp an opportunity to express his opinion as to conditions in the camp. The board was accompanied by Miss Cathleen Wilson, county home demonstration agent, and Miss Ethel Griffin, stenographer.

Members of the board would not disclose what information they received from the prisoners as to conditions at the camp, but J. P. Dayvault, chairman of the board, in a statement issued this morning stated "in a short time we will be able to say what the board thinks of conditions in the camps."

Mr. Dayvault's statement follows: "The members of the County Board of Commissioners interviewed prisoners of the chain gang last night and we will in a very short time be able to say to the people of Cabarrus County through the papers what we think of conditions at the chain gang camps."

The action of the commissioners in visiting the camp follows the charges in the grand jury report that several of the prisoners in the camps have received cruel and inhuman treatment recently. The report further made several recommendations relative to the life of the prisoners and the commissioners visited the camp for the expressed purpose of substantiating the grand jury report charges or of obtaining evidence to refute them.

The stenographer who accompanied the commissioners took down the statements of every prisoner interviewed, and it is understood that these statements will be carefully studied by the commissioner when they meet again this week or in the near future. Chairman Dayvault would not state when the next meeting will be called, neither would he discuss evidence that was obtained by the board. Mr. Dayvault has intimated, however, that the statements made by the prisoners will be published in full after the board holds its meeting and takes some action in the matter.

A new road was ordered by the board from the Charlotte highway to the old Sims place. The road will be changed for the benefit of the Fair Grounds.

HI-Y BOYS WILL ASSIST IN THE Y. CAMPAIGN

Will Conserve for Funds.—Joe Barringer is Campaign General. At a meeting at the Y. M. C. A. Tuesday it was decided by the HI-Y boys that they would assist in the coming campaign of the Y, and an organization was perfected and officers appointed. They are as follows: Joe Barringer, Campaign General under T. H. Webb of the Men's Division.

Charles Parks, General of the Army Division under A. R. Howard, W. C. Walker, Admiral under C. S. Smart of the Navy Division and "Penny" Ridenhour Commander of the Air Division under A. R. Hoover.

The meeting was characterized by much enthusiasm and it will be the goal of the HI-Y boys to secure 100 per cent subscriptions from the girls and boys in the High School. Such an effort will result in greatly inspiring the workers on the Men's Divisions. The Ministerial Alliance met at 7 o'clock and heard an outline of the campaign by Director Akeley and appointed a committee to draft resolutions commending the Y. M. C. A. and its work and pledging its fullest cooperation.

Plans for the big parade on next Tuesday are working out well, a large number of organizations having already decided to enter floats in the parade and others are expected to follow. Those who have already expressed a willingness to enter are: The Rotary and Kiwanis Clubs, Woman's Club, War Mothers, D. A. R., National Guard, Girl Scouts, Parks-Bell Co., Ritchie Hardware Co. and Ethel's.

It is expected that many others will join and it is hoped that every club and organization will join and make this one of the biggest and best parades ever held in the city.

The executive committee is working hard and will report at the Y tonight. The women's clubs of the city have been asked to assist in the campaign and will no doubt do their share.

A big thermometer is being made and will be placed on the front of the Concord Furniture Co., and will register the progress of the campaign from day to day.

Other printed matter and publicity is being planned that will bring the facts regarding the Y and its needs clearly before the people of Concord.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

If it isn't Thedford's it isn't BLACK-DRAUGHT Liver Medicine.
