

KANNAPOLIS DEPARTMENT

Rev. M. E. Sentelle, D. D., Dean of Davidson College, occupying the Chair of Bible and Philosophy, preached the invigorating sermon before the graduating class of the Kannapolis High School at the Y. M. C. A. auditorium Sunday, May 14th. His subject was "Eternity and Eternity." Dr. Sentelle gave a vivid contrast of these two characters, Eternity being the type that would win the hearts and affections of his acquaintances, but a man who cared only for the sensuous, selfish, and material phases of life. Jacob, in turn, was the less attractive, the "sissy" type, cowardly and deceptive, who, however, had a vision for the future, the whole difference between the two characters being determined by the fact that Jacob took God into his life. This fact changed his whole life and little took out of it all the mean and little selfishness of his former life. The sermons were a masterpiece of one and singularity appropriate for the occasion. It was heard by a large congregation, all in the churches of Kannapolis united in the service. The music, also, deserves special mention, and was thoroughly enjoyed.

LOCAL MENTION

Cotton on the local market today is quoted at 23 1/2 cents per pound; cotton seed at 66 cents per bushel. Tom Mix in "Hands Off." Also a Fox comedy is on the program today at the New Piedmont Theatre today and tomorrow. The Y. campaign starts tomorrow. You should give this matter serious consideration and be ready to make a contribution when the campaigners visit you. Register of Deeds Elliott has issued marriage licenses to Jake Harrington and Miss Myrtle Carpenter, both of Concord, and George W. Petrea and Miss Bernice Ward, both of Kannapolis. At a meeting held last Thursday the dentists of Concord decided to observe a half holiday each Thursday until September first. The new ruling will become effective on Thursday of this week. Mr. Charles Wadsworth, who left here several weeks ago for Toledo, where he joined Mr. Frank Crowl and accepted a position with a Toledo company, has returned to his home here. Five new cases of measles and three new cases of whooping cough were reported to the county health department this morning for the week end, according to the department's latest report. Mr. James Caldwell, of Albemarle, spent the week end here with his parents, Mr. and Mrs. M. H. Caldwell. He became ill yesterday afternoon and was not able to return to Albemarle until this morning. The condition of Patrolman B. F. Widenhouse, who is undergoing treatment in a Charlotte Hospital, was reported as not so favorable Sunday night. He underwent another operation at the hospital this morning. Twelve cases were on docket for trial in recorder's court this morning, according to police records. The cases included intoxication, affrays, driving a car while intoxicated and other charges. Court was in sessions several hours. The regular monthly meeting of the Fred Y. McConnell Post of the American Legion will be held in the club rooms tomorrow, Tuesday night, May 15th, at 8 o'clock. Special business will come up and all members are urged to be present. Mr. Artie W. Smith, one of the Times-Tribune linotype operators, who had been confined to his room at Mr. J. F. Honeycutt's with an attack of illness, left yesterday for his home near Stanfield, where he will spend a week recuperating. A touring car driven by a negro and a "jitney" ran together at the intersection of Spring and Corbin Streets yesterday afternoon about 5:30 o'clock. The occupants of the cars were not hurt and neither car was badly damaged. Mr. M. H. Caldwell, Jr., arrived safely in Honduras on Friday, May 14th, according to a letter received from him Saturday. Mr. Caldwell is connected with the Cuylian Fruit Company, and is stationed at Puerto Cortez, Honduras, Central America. Traffic on the old road to Charlotte is now being detoured at a point beyond the Mecklenburg county home. The detour winds through a pretty wooded section, strikes the Derita road about a mile from Sugar Creek Church, and comes back into the highway at the Church. The detour is in good shape at present. The new houses recently contracted for by the Norcott Mill have been completed, and are now ready for the painters. The houses were erected to take care of the increase in the number of operatives that will be needed when the addition to the mill is completed and the new machinery has been installed. Frank Lee, son of Mr. G. W. Lee, of this county, is playing with the High Point team in the Piedmont League this year. Lee was the twirling ace of the city league here last year, and so far has pitched fine ball for the High Point team. This is his first experience in organized baseball, and he bids fair to become a noted south-paw. Eight new elders were chosen by the congregation of the First Presbyterian Church at the morning service yesterday. They are E. C. Barnhardt, T. T. Smith, W. L. Bell, J. F. Goodson, F. C. Niblock, C. A. Cannon, Jones Pharr and Levi D. Moore. Next Sunday the members of the Church will choose eleven new deacons. ENGINE BUILT COMPLETE IN SHOPS AT HICKORY Will Pull Eight Coaches Easily at Rate of Sixty Miles an Hour. Hickory, May 13.—Engine No. 167, built complete at the Hickory shops of the Carolina and Northwestern railroad company, made its first run from this city to Edgewood Saturday. It was the only locomotive completely made here and naturally has attracted a great deal of local attention, not to mention pride. The boiler was made in Richmond, just as motors are made at separate plants for automobiles, but the rest of the job, including some improvements over existing types of engines, was planned and executed in the Hickory shops. The engine weighs 175,000 pounds, was built for combination freight and passenger service, will pull 600 tons and easily make 60 miles an hour. An eight-coach passenger train would be a proper load for the new locomotive. Many a man who covers a place of leadership, discovers that the cost would be an overdrift of his moral resources. Every achievement is a vantage ground from which to discover new opportunities.

TENTH DISTRICT RALLY

Of the Methodist Protestant Church Held Here Saturday. The Tenth District Rally of the Methodist Protestant Church held its first session here in the First Church on Ann street Saturday morning at 10:30. A number of delegates were present for the opening session which was presided over by Rev. J. T. Sisk. Three sessions were held Saturday and each one was full of interest and enthusiasm as the different phases of church work were discussed. Rev. Lawrence Little, Field Secretary of the work of the young people of the Church, spoke Saturday on the "Sunday School." Mr. Little has had a large experience on this subject. He is a live wire and never fails to entertain and instruct. At the last session of the annual conference he was called to this work from the Louisiana conference, and now has the work well in hand, as evidenced by his familiarity with the work of the church. Rev. A. G. Dixon, D. D., president of the conference, was present and spoke on the "Church." Dr. Dixon was heard with pleasure each time he appeared on the program. He has held a number of offices in the church organizations and is alive to the best interests of the church. He is one of the best speakers in the denomination, as well as one of the most popular, and what he has to say on matters pertaining to the church is always edifying. Rev. D. A. Braswell spoke during the conference on "The Optimistic Outlook for Our Church." Among the clergy of the church no one could have been assigned this subject who would have put more into the subject than Mr. Braswell. He has done more real, honest work for the church, perhaps, than any member of the conference and now in his old age is seeing the results of many years of his labor being rewarded. He bid the men go forward, as there were yet greater things ahead for the old church. Saturday night "The Business of the Church in the Community" was discussed by Rev. J. C. Hardy, of Rockingham. Mr. Hardy showed that the church was beginning to realize that it had a place in the community, and that the world also was awakening to the fact that it could not do without the church. His address was full of good and wholesome advice as to how the church could benefit the community. Sunday morning at 11 o'clock, Rev. A. G. Dixon, D. D., occupied the pulpit of the church, taking for his text "Stewardship." He spoke on the needs of the church and said among many other good things that the members of the church are just now beginning to realize that in order to be successful and go forward that it is necessary to follow the teachings of the Word of God on Tithing. He showed how the storehouses of the church could be filled and running over if the churches would tithing and give to God the tenth that belonged to Him. It was a great sermon and will do much good for the church. At the afternoon service an educational rally was held, this being in the nature of a boost for the new college of the denomination which is being erected at High Point. In the absence of Dr. Andrews, Dr. Dixon presided and gave to those present some history in regard to the building of the college. He stated that 18 years ago he traveled the bonnets of the conference and the largest subscription he could get for the proposed college was only \$1,000, and now the church had one man, Mr. J. Norman Willis, of Greensboro, who had given \$100,000 on the condition that the church would raise \$300,000 and Dr. Dixon told his audience that the church would not fail, and that the college would be ready to open in 1924, the equal of any college in the State, and would not only be a credit to the church but to the State as well. He urged those who had made pledges to pay them at once, and also asked for new pledges, in order that the work might go forward. Rev. Lawrence C. Little made a few remarks at this service, and Rev. R. G. Currie, of Charlotte, on the outlook for the college and the denomination. At the eight o'clock service the Congregation heard a masterly address by Rev. Lawrence C. Little on the work of the young people. Mr. Little is a leader of ability with a vision, and after hearing him the church is to be congratulated on appointing him to this work. A letter man could not have been found, and he knows young people and how to work among them. He has spent two years at Tulane University in New Orleans, and while there was president of the college Y. M. C. A. and held other offices among the student body of this institution. He is fully equipped and is full of enthusiasm. No speaker during the conference was heard with more pleasure than Mr. Little. The convention adjourned after the splendid address of Mr. Little. It was the first conference of its kind to be held and will prove of much good and benefit to the church. About twenty-five delegates were present from the district, and entertainment was provided those who attended. At the close of the service Mr. Currie, of Charlotte, thanked the Concord Church for the splendid entertainment and hospitality given the delegates.

Owners of Seized Vessels Released. Hull, England, May 11 (By the Associated Press).—The owners of the trawler James Johnson, seizure of which recently occasioned a protest from Great Britain to the Russian Soviet government, have received a telegram from the skipper stating that he had been released by the Bolsheviks and now is at a Norwegian port expecting to sail homeward. John Kenlon, chief of the New York fire department, the largest fire-fighting organization in the world, started life as a sailor before the mast after running away from his home in Ireland.

WEATHER FORECAST

Cloudy with showers Tuesday in extreme southwest tonight; not much change in temperature. The second week of the tuberculosis clinic in this county opened this morning with a full day's work ahead of Dr. Sprull, who is conducting the clinic. The clinic will be conducted in Kannapolis tomorrow and Wednesday, and will be concluded here Thursday, Friday and Saturday. Great interest continues to be shown in the clinic and the number examined this year probably will be larger than at either of the other two. You will be glad you helped when you see the result.

WE THINK MORE OF YOU

We think more of you than we do of your money! There's lots more money in selling fair clothes at good prices than in selling good clothes at fair prices.

Browns - Cannon Co. Where You Get Your Money's Worth. New Hats, New Caps, New Shirts, New Ties. A case in point: Instead of selling Satisfactory Suits at \$30.00 to \$40.00, we could skip down to New York or Baltimore for a few days and bring back suits that would net \$5.00 more profit for us—and about \$12.00 less in value for you. The point is—we like you more than we like your money—and we think as much of our reputation as we want you to think of it. Here now—a storeful of good clothes cheap—but not a stitch of cheap clothes good, bad or indifferent.

ROSE COLORED Spectacles. WE know a young couple who enjoy life tremendously. They haven't a large income, but they're never worried over money matters—and they expect a lot of the future. In short, they look at the world through rose-colored spectacles. But should you say as much to them, they'd tell you that their spectacles take the form of a thriving savings account! The CITIZENS BANK and TRUST Company CONCORD, NORTH CAROLINA.

PAINT PAINT. The importance of painting is greater today than ever before, because you could not replace your buildings at near their original cost. High priced labor and building material should prompt you to protect and preserve your property. "SAVE THE SURFACE AND YOU SAVE ALL" Homes and How to Paint Them Ritchie Hardware Co. "Your Hardware Store" PHONE 117. Hats trimmed in Two-Tone Ostrich; Flowers Used in Many Ways; Pond-Lilies also make a becoming trim. All and many other Trimmings found at SPECIALTY HAT SHOP Hair Nets, Veils, Hose.
