ABSOLUTELY FREE

ed for that purpose. Contest will close Saturday evening, June 2, at 6 o'clock, and the drawing will take place at 7 o'clock at Central Graded School, on Spring street, two blocks from the square. All the numbers held by the merchants will be gathered together and put in one big box and the drawing will take place. The first number drawn will be for the Chevrolet and the second for the Ford. The persons holding the lucky numbers will be given the cars right on the spot. In order to win the prizes the persons holding the Lucky Numbers must be present with their tickets. In case no one is present holding any number drawn another number will be drawn in place of it. When the second chance is drawn, in case the duplicate is held by the person winning the First Prize car, the ticket will be thrown out and another drawn. This rule will be carried out until a ticket is drawn and the duplicate held by person other than the one winning the First Prize. No one person will be entitled to win both cars.
