

KANNAPOLIS DEPARTMENT

Kannapolis, June 27.—In a ceremony characterized by beauty and impressiveness, Miss Ella Tillman was wedded to Mr. James Vaughn Corn Monday evening, June 25, at the First Baptist Church of Kannapolis, the bride's pastor, Dr. C. K. Turner, officiating.

The pulpit was set with ferns and Queen Anne's lace, which, together with an arch draped in green and white, formed an attractive background for the wedding.

Prior to the ceremony a violin solo was rendered by Mr. McKenzie, assisted by Mrs. McKenzie at the piano. Following this a vocal solo, "Oh, Promise Me," was beautifully rendered by Miss Neely Weddington, of Mooresville, followed by a vocal solo, "I Love You Truly," by Mr. Sam Parker.

When Mrs. McKenzie, gowned in pink organdie, and wearing a corsage of sweet peas, sounded the notes of the bridal chorus from Lohengrin the bridal party entered. First came the ushers, Messrs. Charles Turner, Raymond Brinkley, Randolph Hartis, Jay Cashion, all of Kannapolis, who advanced down opposite aisles and crossed in front of the arch. Next came the bridesmaids, Misses Ida Reader and Beulah Corn, becomingly dressed in blue organdie and carrying arm bouquets of pink and white sweet peas.

Down opposite aisles came the flower girls, Mazie McGee and Miriam Tillman, dressed in blue and pink organdie and carrying baskets of sweet peas. Preceding the bride down opposite aisles came the maid of honor, Miss Naomi Tillman, sister of the bride, attractively gowned in pink organdie, carrying an arm bouquet of pink and white carnations, and little Edith Turner, dressed in orchid and white organdie, and carrying a bouquet of bride's roses and sweet peas. Mr. Corn was attended by Mr. Everett Cashion, of Kannapolis. Mendelssohn's wedding march was used as a recessional.

Immediately after the ceremony Mr. and Mrs. Corn left for a wedding trip to the mountains of Western Carolina, after which they will be at home in Kannapolis.

The high esteem in which the young couple is held was made evident by the many beautiful and useful gifts of silverware and cut glass which they received.

Monday night six men, Messrs. Butler Brigman, Lee Brigman, Mack Overcash, L. B. and two others whose names the writer has been unable to ascertain, received a severe electrical shock while working on a car in a garage at Mr. Butler Brigman's home. A dropcord had been extended from the dwelling to the garage and it is said that on account of the ground being wet from the rains of the afternoon the current was much stronger.

ASHEVILLE MAY BE KLAN HEADQUARTERS

Talk of Moving Headquarters From Atlanta; Council to Meet Soon.

Asheville, June 27.—Plans for moving the imperial palace of the Invisible Empire, Knights of the Ku Klux Klan, from Atlanta to Asheville, will be considered at the imperial council meeting July 16, it was reported yesterday. Grand dragons of the order from every State in the Union will be present for the session. It is understood that a prominent resident of Asheville, who is affiliated with the Klan, has offered to donate property for the erection of the palace in Asheville.

While those affiliated with the organization here are silent on the plans this information was obtained on what is declared to be good authority.

Glaays Walton, Picture Actress, Weds Salesman.

Los Angeles, June 27.—Glaays Walton, motion picture actress, and Henry M. Herbel of New York, assistant sales manager of the company starring Miss Walton, were married here late last night. Refusal of the first three ministers sought to tie the knot, delayed the ceremony. Miss Walton obtained her final decree of divorce from her first husband, Frank P. Liddell, Jr., less than three weeks ago. Rev. E. P. Ryland, pastor of a Hollywood Congregational church, held the wedding ceremony at his home.

Code of Ethics Should Be Observed.

Raleigh News and Observer. The code of journalistic ethics as printed in The News and Observer Monday and as adopted by the North Carolina Press Association at its meeting in Blowing Rock, is sound doctrine. Every member of all departments of a newspaper ought to read it and live up to it. Newspapers are a very important public agency, and they should have high standards.

To Enlarge Carrier Force at Salisbury Postoffice.

Salisbury, June 27.—Local postoffice officials are making efforts to enlarge the force of carriers and clerks July 1, basing their requests on the enlarged business of the Salisbury office. This increase is shown in figures just compiled by Assistant Postmaster Ratts. During the first five months of the present year the business done was \$44,000. This almost equal to that of the entire year of 1922.

LEGION TO TEACH REVERENCE FOR FLAG

"Star Spangled Banner" to Be Learned and Respected For Bunting Enforced. Washington, June 28 (Capital News Service).—The recent action of the American Legion in drawing up a code for flag observance strikes a responsive chord in the hearts of all lovers of the Stars and Stripes.

This code, covering proper civilian usage of the American flag and conduct in its presence was adopted at the conference of national organizations called by the American Legion, and a permanent committee authorized to disseminate it throughout the country.

Each of the more than sixty organizations represented is to promote the study of the words and music of "The Star-Spangled Banner," and its teaching in all schools and in juvenile organizations, as suggested by President Harding. State legislatures are asked to enact uniform laws requiring display of the flag in and over all schools, parks and playgrounds, and over other public buildings.

The code covers fifteen rules for display of the flags and a list of fifteen "things to avoid" in addition to setting forth the proper use of bunting, the salutes and pledges to the flag.

The suggestion of a fine arts commission that the flag is "the wrong shape" meets with little approval.

The flag is now 190 in length to 1 in width. The proportions say the arbiters of beauty should be 167 to 1. The flag is too long for its width to satisfy the sense of beauty of those who make beauty their business.

The general consensus of opinion seems to be that regardless of the laws of proportion, the flag, in its present shape, has been so long identified with all that is revered in American ideals that a change in it would be a desecration, not an "improvement."

Beaten, Georgia Women Appeal to Governor.

Douglas Ga., June 27.—At least one white woman of this county, Zeilla Rawlins, has appealed to Governor Hardwick for protection, following a number of beatings administered to women during the last few days.

Zeilla Rawlins is not the mother of Milton Hawkins, paroled this week by Governor Hardwick, it was stated to night by Sheriff Tanner. The sheriff stated that he has placed six men under bond in connection with the whippings. The three women flogged are Mary Adams, "Sissie" Rawlins, and Harry Hightower.

Some of the women are reported to be in a serious condition. All are under care of doctors.

Photographing the Brain.

New York, June 28.—The photographer of the future will not tell you to "look pleasant." He will exclaim "Look clever!" For the latest development of photography is the brain-photograph. Thanks to the X-rays, photographs of most of the human anatomy are already common. One can obtain pictures of the unseen damage going on inside the teeth, the grotesque bones behind the superficial beauty of the hands, or the needle that has penetrated the foot. But the brain "snap," in its latest form, is something fresh.

The picture is not taken, as in the case of X-rays, through the head. An opening is actually made in the skull, and a photographic systoscope is inserted. Two tiny lights are affixed to the end of this, and a child of ten months who recently had its brain photographed in this way suffered on ill effects. Several pictures of the child's brain were taken, and they were all in the interests of the child's future brain-development.

Few individuals have made mistakes through too great boldness in pushing forward, but thousands fail through lack of courage.
