Two new cases of whooping cough were the only diseases of any kind reported to the county health department Monday afternoon and night.

Mr. J. C. McEachern is confined to his home on Vance street on account of illness. His condition today is reported as unchanged.

One case of measles was the only new disease of any kind reported to the county health department Tuesday afternoon and night.

The Cabarrus "Y" baseball team, of Kannapolis, will play the Swift Rolling Company's team, of Charlotte, Thursday afternoon at 4:30.

Miss Bessie Holmes has returned to her home in Graham, after spending several days here the guest of Miss Ethel Blackwelder at her home on Kerr street.

In a good, clean, snappy game of ball last Saturday the Cabarrus "Y" of Kannapolis defeated the Mooresville team, the score being 7 to 2. A large crowd was present and enjoyed the game.

At a recent meeting of the members of the Library Association decided to spend \$100 for children's books. The money is available now, and the books will be purchased at once.

Mr. E. C. Widenhouse, youngest son of Mr. J. W. Widenhouse, of this county, graduated at the Theological University of Boston, Mass., last week, and is now serving a pastorate at Shelburne, Falls, Mass.

Mr. Sanford Neal, assistant librarian, is now undergoing treatment for his eyes in a Charlotte hospital, and during his illness, Miss Gladys Swink is assisting Mrs. Richmond Reed, the librarian.

A number of young people enjoyed a picnic at Post Mills Monday evening. The picnic was given in honor of Miss Susie Crowell, of Thomasville, and Miss Mary Hewitt Moore, of Gastonia. Mrs. J. F. Dayvault chaperoned the girls and boys.

The books of the city tax collector are being audited now, and the new collector, C. N. Fields, will take over the office now held by Frank Mills as soon as the audit is completed. It is believed the work will be completed by the latter part of next week.

Calvin, 8-months old son of Mr. H. A. Boston, died Tuesday morning at 9 o'clock at the home of his father on Power Street. Funeral services were held this morning at 10 o'clock at Mr. Mitchell, and interment was made in the cemetery there. The child's mother died at his birth.

The Bible School of St. Andrews Lutheran Church is moving along nicely. There were sixty pupils present on Tuesday with prospects of a much larger enrollment. The children and young people are very much interested in the subjects which they are studying and are doing faithful work.

The Bible School of St. Andrew's Lutheran Church opened Monday morning with forty-six pupils present. The children and young people are very much interested. It is expected that the enrollment will increase and that much good will be accomplished. This school is open to the public.

Columbia has given up her franchise in the South Atlantic League. Baseball in Columbia has been uncertain all year and with attendance getting worse and worse all of the time the club owners gave up. President Walsh has not yet placed the franchise, which may go to Gastonia or Savannah.

The members of the Smoot Missionary Society of Central Methodist Church will have a picnic Thursday evening, the 28th. The young people are requested to be at the church at 6:30 in the afternoon with picnic lunches. Transportation will be provided for all, and every member is invited to attend and enjoy the fun.

Persons desiring to get the typhoid serum or the diphtheria antitoxin free of charge should call at the office of the county health department any Saturday. The campaign has been running for two weeks now and more than 400 persons have taken the treatment so far. At present, the treatment is being given on Saturday only.

It is reported by a number of colored people here that a colored fair will be held this year if the will of the people is carried out. The plan for the fair is meeting popular favor among the negroes and it is believed that enough of them will support the proposition to put it over if a few important details can be worked out.

The excavation work for the new home of the Cabarrus Savings Bank has been completed, and part of the concrete base and foundation for the structure is being laid now. The contractors erecting the building have everything in readiness to rush work on the building, and favorable progress is being made daily now.

Quite a number of defendants were tried in recorder's court Monday and they paid fines totalling \$135. One man was fined \$250 for having liquor for sale and another \$250 for transporting liquor. He gave notice of appeal in both cases and his bond in each case was fixed at \$300. Court was in session several hours.

We have been asked to state that the union services, which were announced in Monday's paper, will include only the First Baptist, First Presbyterian and Central Methodist Churches. The first service will be held next Sunday night, in Central Church. The union services, it is said, will be held for one month only.

With the opening of the paved road to its entrance, the Cabarrus County Country Club is becoming more popular each day. In addition to the golfers who are using the course at the club, a number of people drive out each afternoon to enjoy the cool breeze that blows through the lovely grove near the club house. The road to the club property is paved all of the way now.

The summer examination for teachers will be held here on July 10th and 11th. The examination will be for both races and will be a test for State elementary and high school certificates. The tests will be held in the high school building and will begin each morning at 9 o'clock. The July examinations always prove

popular and a large number of teachers are expected to take the tests this year.

It is generally believed by sport writers in the South Atlantic cities that the Sally season will be split July first. The season has been a disastrous one for several of the cities, and with Charlotte well out in the front and Macon and Columbia far behind, a split season seems the only chance to get the league back on its feet. The Charlotte team has a good lead at the present, and seems a certain winner.

Major W. A. Foil asks that all Rotarians, Kiwanians and others who expect to attend the meeting with Albemarle citizens in Albemarle Thursday night, June 28th, notify him at once. Mr. Foil promised the Lions Club that he would get up the party of Concord citizens for the meeting, and he wants to know how many expect to be present so that he can notify the Albemarle club. Road matters will be discussed at the meeting.

Many communities in this and adjoining counties have enjoyed fine rains recently, but Concord has had only two meager showers in two weeks. Sunday the Poplar Tent neighborhood was visited by a fine rain, which also struck parts of Townships Nos. 1 and 2, Mecklenburg, Rowan and Iredell counties also had a fine rain Sunday. Monday afternoon other sections of this county had a rain, but Concord had only a very small shower.

The hot wave which has held this section of the country in its grip for the past ten days, was temporarily broken Tuesday afternoon. Tuesday night was delightfully cool, but again this morning the more torrid weather returned, and the city has been sweltering again today until a typical summer sun. Some relief from the excessive heat is promised this week by weather experts, who fail to state, however, how long the cool weather will continue.

COLORED PEOPLE TALK OF HOLDING A FAIR HERE

Have Suggested That After County Fair Is Held They Be Given Permission to Use Grounds.

The colored people of Cabarrus County may hold a fair this year. The fair idea has grown so popular with the organization of the Cabarrus County Fair that the colored people want a fair all their own, and they have already discussed the proposition with officials of the county fair.

Just how far negotiations looking to the colored fair have gone is not definitely known. It is known, however, that several of the most influential and wealthy negroes of the county have the project under advisement, and it is probable that they may definitely decide to finance the project.

If the fair is held it will be conducted the week following the county fair. Dr. T. N. Spencer, secretary of the county fair, has been conferring with the colored people relative to their fair, and he is aiding them in working out difficulties that have arisen in their tentative plans.

Why Suffer From Rheumatism? Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.—Advertisement.

The Home of the Soul.

In olden times, it was believed that the seat of the soul was the stomach, most likely for the reason that a man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Advertisement.

County Council Organized Saturday.

County Council, which acts as an advisory board for Home Demonstration work, was organized in this county last Saturday under the direction of Miss Cathleen Wilson, county home demonstration agent. The following officers were elected:

President, Mrs. Ed Ervin. Vice President, Mrs. Mason Goodman. Secretary and Treasurer, Mrs. R. V. Caldwell, Jr.

After organizing the council the members discussed plans for the home demonstration department's exhibits at the county fair, which will be held in October. This department will have charge of an important phase of the fair work, and at another meeting to be held in Miss Wilson's office on July 28th, more definite plans for the fair work will be discussed and outlined.

Draft Dollar in Next War, Harding Pledges.

Denver, June 24.—President Harding's first official act after his arrival here today was to assure the soldier sick at the Army's General Hospital that he would keep "everlastingly at it" to see that full justice was meted out by the government to its wounded and needy veterans of the World War and would "consecrate" himself, his every influence and endeavor, to prevent another war on the part of the United States.

"But," Mr. Harding said, "I want to tell you if ever there is another war, we will do more than draft the boys. If I have anything to do with it we will draft every dollar and every other essential."

Concord Merchants Protest to Interstate Commerce Commission

Several local merchants have entered protest to the latest tariff regulations issued by the American Railway Express Company, it became known here today. The latest regulation of the American Company has been filed with the Interstate Commerce Commission to become effective July 14th, and unless the Interstate Commerce Commission makes changes in it, the new regulation becomes effective that date. For that reason local merchants have filed their protest with Mr. B. H. Myers, chairman of the commission.

It is stated here that various organizations and individuals in this and other States which are served by the Southern Railway Company and the Southeastern Express Company, have also entered protest to Mr. Myers. The section of the new regulation which is being opposed reads: "From all offices of express companies party to this tariff, to all offices of express companies party to this tariff, whether carried by one company or by two or more companies, provided that the originating company shall have the right to the long haul so far as that can be preserved to it without causing unreasonable delay in the delivery of the traffic to the consignee."

"If that section gets by the I. C. C.," one local merchant stated, "the recent ruling of the commission relative to goods being sent by the most direct route will be made null and void. The originating company in New York and other cities beyond Washington, is the American Company, since the Southeastern does not operate except on the Southern and the Southern has no lines beyond Washington. If the original

company gets the long haul, that means the goods will be routed over the American as they have been done in the past, and this will cause a delay in the delivery of the goods.

"Some time ago a Concord concern had a shipment of goods leave New York on June 8th. They reached Concord on June 20th. The American took advantage of the long haul, and as a result the goods were sent by a circuitous route. They should have reached Concord in two days if sent to Washington over the American and then to Concord over the Southeastern."

It is understood that the Southeastern company has entered a protest with the I. C. C. A ruling on the protested section is expected to be made before July 14th, when the new tariff becomes effective.

It is not known whether or not the local Merchants' Association will make protest also, but it is expected to do so. The Concord association has been fighting the long haul plan for some time and it is expected to enter into the latest fight. Local merchants, it is understood, in their protest to Mr. Myers, contended that the shippers in New York or any other city, and the consignee in Concord or any other city, should have the right to determine how the goods should be sent. "They know which route will get the goods to Concord with the least delay, and they should have a voice in determining how the goods should be routed," one merchant stated.

It is known that several local business men have protested to Mr. Myers, and others are expected to file protests this week.

WEEVIL POISON SENT TO TWO ADJOINING COUNTIES

Rowan and Stanly to Share in Car of Calcium Arsenate Secured For This County.

Mr. R. D. Goodman, county farm agent, stated this morning that Rowan and Stanly counties will share in the car of calcium arsenate he recently purchased.

"The county agents of Rowan and Stanly have purchased some of the poison," Mr. Goodman stated, "and they will distribute it among their farmers. The car load I secured has been sufficient to aid in the fight against the weevil in three counties."

In discussing the arrival of the car of poison, Mr. Goodman added a word of warning to the farmers who have not purchased any of the arsenate. "The weevil has to be fought if the farmer makes anything of his cotton. Some of our farmers are already using the poison in this county and I think they will make a good crop despite the weevil."

Dr. C. D. Vardell Guest Here.

Dr. C. D. Vardell, president of Flora Macdonald College, was the guest of the Cabarrus branch of the Flora Macdonald Alumnae Association at a luncheon given at the St. Cloud Hotel Monday at 1 o'clock.

The dining room was tastefully decorated in the college colors and a four course luncheon was served.

Toasts were given to Dr. Vardell and to the college by Miss Sarah Barnhill and Flora McQueen. Dr. Vardell then informally told the girls of the royal welcome he received in Scotland, where he spent last summer in the interest of the college, and briefly outlined a broad program for the future development of Flora Macdonald College.

He is a man of vision, and under his capable direction Flora Macdonald College is, with rapid strides, advancing toward the first rank of educational institutions in the South.

Former Sultan Dislikes Heat of Egypt's Summer.

London, June 27.—Mohammed VI, at one time Sultan of Turkey, wanted to get away from Egypt where he finds the summers too hot. The British will not permit him to live in Palestine or Cyprus, so he is considering Switzerland.

The present Turkish government is said to be willing to allow Mohammed's wives, who are now in Constantinople, to join him, but he does not want them to come to a European non-Moslem country, so in Switzerland he will be alone with the exception of his 12 year old son, his physician, and his personal attendants.

The Fourth of July at Cabarrus Park.

Plans for the 4th of July celebration at the Cabarrus Park are being worked out nicely by the various committees. Mr. Pitt will have charge of the athletic stunts and promises some live numbers. Among them will be a boxing bout by two "middle weight artists," who understand the glove game. A program will be published as soon as the plans for the day are completed. Two games of ball will be played. The Roberts team will play the Cabarrus team at two o'clock, and the Landis team will play Cabarrus at four o'clock. Begin to make arrangements to be at Cabarrus Park on July Fourth.

CABARRUS MILL.

Miss Myrtle Freeze gave a birthday party at her home on Fenix street Saturday night. A large number was present. After playing games the guests were invited to the dining room, where ice cream and cake were served by Mrs. Dan Freeze, assisted by Mrs. Edna Faggart. Miss Freeze received many nice and useful gifts. The guests departed to their homes after wishing Miss Freeze many more happy birthdays. Those present were: Misses Floy Allred, Amy Klutz, Juanita and Dorothy Fletcher, Delia Hinson, Dorothy Underwood, Ollie B. Ketter, Lois Holland, Flois and Ethel Hurlocker, Myrtle, Nettie and Edith Freeze, Mrs. Edna Faggart; Messrs. Mr. Richard Tarlton, who had the misfortune of falling in the mill and breaking his shoulder bone, is improving.

Mrs. John Smith is able to be out of her home on Corbin street again.

The mill is expecting to stand for the fourth. We don't know just how long it will stand.

SALISBURY YOUTH HELD FOR ALLEGED MURDER

Jackson Collins Arrested in South Carolina For the Death of Gus A. Adams. Greenville, S. C., June 27.—Gus A. Adams, Canton, Ga., a student at the Chick Springs government vocational school, died in the U. S. Veterans Hospital here early today of stab wounds. Jackson Collins, of Salisbury, N. C., another student, was placed in Greenville County jail charged with the stabbing. An inquest was ordered for this afternoon.

The stabbing was done during a fight between the two men that started as they were on the starway of the dormitory building at the school, according to a story told here today. Adams is alleged to have struck Collins with a bottle and inflicted a scalp wound. When this occurred, it was said, Collins struck Adams with a sharp instrument used in repairing automobiles.

Adams had been at the institution four months and Collins about a year.

CASE AGAINST FORMER BANKERS GOES TO JURY

J. H. Hightower and H. H. Massey Are Charged With Violating Banking Laws. Raleigh, June 27.—The case of J. H. Hightower and H. H. Massey, president and cashier, respectively, of the defunct Central Bank & Trust Co., of this city, charged with receiving deposits knowing the bank to be insolvent, was given to the jury early this afternoon. The trial started Monday afternoon.

The entire morning session was consumed with argument and the judge's charge to the jury.

Recommends Chamberlain's Tablets.

"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Old Railroad Time Table.

Henderson, N. C., June 27.—An old time table of the Raleigh and Gaston Railroad, dated September 16, 1878, has been found in an old house being torn down here. The table reveals that no trains were operated by the road on Sundays and that during the week days only one passenger train was run. The table found is one of the sixth edition put out by the company.

DR. BUCHANAN DISCUSSES TREATMENT FOR DIPHTHERIA

Thinks Parents Should Consult Physicians and Where Needed Children Should Be Treated.

Dr. S. E. Buchanan, county health officer, is anxious to get as many children as possible treated now for diphtheria, and for this reason he is giving the diphtheria antitoxin in the office of the county health department each Wednesday afternoon from 2 to 5 o'clock and each Saturday.

Dr. Buchanan has prepared the following letter, which he has given wide publicity throughout this city and county:

Dear Friend: It is the desire of your County Board of Health to call your attention to the statement made by Dr. W. S. Rankin, Secretary of the North Carolina State Board of Health with regard to the alarming increase in deaths from Diphtheria in the State during the past four years.

According to the records there were 3519 cases of diphtheria reported in 1919 and 232 deaths, while in 1922 there were 8198 cases reported with 508 deaths, more than double in four years. The disease is practically dormant during May, June and July with a steady increase from August to December. Why this should be is a question to be answered? Why there should be any cases at all is another question in view of the fact that all can have their children protected against the disease as in Typhoid Fever with no cost and no danger. Consult your family physician with regard to having your child protected.

In order that each and every parent may have the opportunity to get their children protected, arrangements have been made so that these treatments may be secured every Wednesday afternoon from 2 to 5 p. m. and on Saturday from 10 to 12 a. m. at the County Health Department, (next to Court House). Three treatments being necessary you are urged to have your children between the ages of 6 months and six years begin these treatments at once.
