"STAR BRAND SHOES ARE BETTER"

We have just received shipment of the largest shoe order we have ever placed, this tremendous stock representing the New-est and most approved

FALL STYLES

in Footwear for Women and Children.

This entire purchase consisted of "Star Brand" Shoes, for it is our firm conviction that "Star Brand" Solid Leather Shoes represent the greatest values on the market today.

"Star Brand" Shoes have a world-wide reputation of being the best shoes for the price that can be bought, and the trademark STAR, stamped on the heel or lining, means that the shoe is made of good, durable leather. It means that in buying "Star Brand" Shoes you are assured of longer wear and more satisfactory service than from shoes made with "paper," fibre or other substitutes for leather in the counters, heels and insoles.

A Certificate of Quality Packed with every pair—the below being a reproduction:

Star Brand Shoes are made in a wide range of styles for every member of the family—for every occasion, dress, work or play, to meet every need. We carry a complete assortment of these splendid shoes—and as to price, our policy is Quick Turn-over and Small Profits, so you will be favorably impressed with the low prices asked.

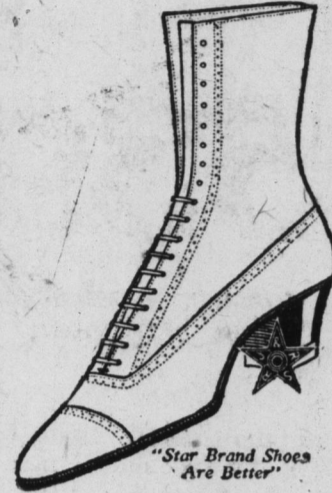

Remember it's a pleasure to show our goods and if you are not convinced that we can satisfy you and save you money we don't expect you to buy. Come and see and you too, will say "STAR BRAND SHOES ARE BETTER."
