NEWS OF THE CHURCHES

The Kerr Street Revival. There was a large congregation...

Every child of God should enjoy the freedom of the Christian religion...

First. One is the lack of a frank confession of our sins...

Second. Another is the hurry of life. We don't take time to think...

Third. Then another thing that keeps us from God is irregularity of spiritual nourishment...

Fourth. Then the attraction of worldliness. This is a beautiful world...

Fifth. Still another is grieving the Spirit. The Holy Spirit comes to us...

Sixth. The sixth thing is deliberate disobedience. Let us confess our wrongs...

Service tonight at 7:30. Come. PASTOR.

Choir Practice Tonight. Prof. Doyle will meet with the Central Methodist Church choir...

Kerr Street Baptist Revival. The revival started in reality Tuesday night...

The world has a very poor opinion of a quitter. Paul would not take Mark with him on his second missionary tour...

First. Some turn away because things don't go just as they think they should in the church...

Second. Then some turn away because other professed Christians don't treat them as they think they should...

Third. Some turn away because of temptation. Look at Jesus in the wilderness. Listen: "I am that God's word says that He will not suffer us to be tempted more than we are able to bear..."

Fourth. Some turn away because of persecutions. They persecuted Jesus and He said that they would persecute us...

Fifth. Then a large number turn away because of bad companions, keeping bad company. Shun evil companions, bad language, disdain; God's name held in reverence; nor take it in vain...

Sixth. Then some turn away because of the allurements of the world. Service tonight at 7:30. Come and worship with us. PASTOR.

With Our Advertisers. Fall suits in the latest patterns and designs are on sale now at the Browns-Cannon Co.

The Carolina Cafe caters to the general public. Meals for the entire family.

The Ritchie Hardware Company has a beautiful line of football goods. See ad for particulars.

Much Cotton Wilt This Year. Raleigh, N. C., Sept. 19.—Cotton wilt, a disease that has been present in the cotton sections of the State for a number of years...

Government plant breeders have developed a wilt resistant variety of cotton that has since been reared to meet boll weevil conditions...

"Cotton wilt is distinguished by certain symptoms appearing in the fields," says Mr. Fant. "Spots appear varying in size from a few feet to an acre or more where the cotton dies or becomes stunted in mid-summer..."

30-CENT COTTON REALTY AS STAPLE ADDS \$6 A BALE

New York Exchange Sees October Contracts Rise to 30.30, December 29.90.

December contracts followed with sales at 29.90, these prices representing net gains of 130 points or about \$6 per bale.

Slight setbacks near the close left the market finally very nervous but generally strong, at net advances on active position of 65 to 103 points.

Today's violent upturn to new high levels for the season marked the culmination of a strong bull movement which has been almost continuous since the end-July government report floods it plain to the cotton world that the supply of the fleecy staple this year would fall considerably short of earlier estimates.

It stimulated a demand from American and foreign mill interests that readily absorbed the weight of first new crop receipts, in connection with the speculative buying that ensued, and started an advance that has added fully nine cents a pound, or \$45 per bale, to the value of the south's crop.

The immediate cause of today's sensational rise was a report of floods in northern Texas and Oklahoma, together with predictions for cooler weather and a higher basis in the southwest, which seemed to forecast an even greater reduction in the crop promise, besides injuring the grade.

Washington, Sept. 19.—Freight traffic on American railroads in July this year was the largest in history for that month with the exception of 1918 and 1920.

Statistics prepared by the bureau of railway economics show the movement, measured in net ton miles, was 38,513,283,000. This figure was exceeded in July, 1920, by nearly 5 per cent, and in 1918 by about 2 per cent.

Compared with last July, when the shippers' strike was on, the month showed increased traffic of 42 per cent. In the southern district figures were 30 per cent higher. The average load per car also was the highest for any July since 1917, being 28 1/2 tons.

Loading of revenue freight for the week ending September 8th was 928,858 cars, an increase of 105,611 over the same period in 1922, according to the American Railway Association. The total, however, was less than for the previous week, owing to labor day and the suspension of work in the anthracite fields.

JULY FREIGHT TRAFFIC THIS YEAR WAS HEAVY

It Was Exceeded Only by July in 1918 and 1920, and Then by Only Slight Margin.

Washington, Sept. 19.—Juries cannot return compromise verdicts, Supreme Court opinion says this afternoon and the Nash county triers who sought to compromise a disputed account will have to try it over.

The case docketed Batholomew versus Parrish was an action of a merchant to collect from S. L. Parrish a store account made by Spencer Parrish. The merchant declared that Parrish gave his tenant car blanche while the defendant says he limited the tenant to \$100. The merchant alleged an indebtedness of \$366.51 and the jury awarded \$283.25 writing on the verdict "compromise." Judge Kerr let it stand.

Justice Clarkson writing the law says the verdict was improper since it did not pretend to speak the truth, the meaning of a verdict. It might have been \$100 or the \$366. It might have returned the verdict that it did, but when it wrote into the verdict "compromise," it published the inpropriety of such a finding. The case goes back.

Files at Rate of 266 Miles an Hour. Mitchell Field, S. D., Sept. 18.—Lieut. "Al" Williams, navy pilot, today established two electrically timed air speed records over the measured one-kilometer course at Curtis field. He averaged 247 1/2 miles an hour in four trips over the course, and on one flight, aided by a brisk wind from behind, he reached the speed of 266 miles an hour. Both records were accepted by the navy department as authentic.

Mrs. Joe Lang, of Gates county, is visiting Dr. and Mrs. G. L. Lang.

Who told the beaver how to build a dam? Selecting clothes for men is an inborn art—at least, so we are told.

Blushingly then, we recite here for your information the following happening:—

After he had penciled down our order for the Fall Suits that are here to-day the R. & W. representative turned back in his order book and showed us that we had chosen the identical same patterns and models as did a leading New York clothier whom it is rumored pays his buyer \$25,000 a year for knowing the right from the left.

This story stands—and the Fall Suits are here to-day to back it up,

R. & W. Fall Suits—made right in the first place—selected with care and priced very carefully.

NEWS OF THE CHURCHES

The Kerr Street Revival. There was a large congregation present Wednesday night even though it did rain and God was there to bless His people. It seems that God was in every song and every prayer. Mr. Clark and Miss Allman sang a beautiful duet entitled "He Prayer." The preacher spoke from Proverbs 6:16. These six things doth the Lord hate. His subject was "What Keeps Us From God." He said in part:

Every child of God should enjoy the freedom of the Christian religion. But there are things that keep us from God.

First. One is the lack of a frank confession of our sins. We should be honest with ourselves, honest with one another and honest with God. Some people try to cover up their sins instead of confessing them to the world and God.

Second. Another is the hurry of life. We don't take time to think. We hardly take time to pray. Take time to be holy; speak oft with thy Lord.

Third. Then another thing that keeps us from God is irregularity of spiritual nourishment. We read God's word too seldom. We attend God's house too seldom. We need to commune with God.

Fourth. Then the attraction of worldliness. This is a beautiful world and God wants us to be happy in it. It is all right to be in the world, but it is not all right to have the world in us.

Fifth. Still another is grieving the Spirit. The Holy Spirit comes to us over and over again and calls us to a higher and nobler life and we do not try to respond.

Sixth. The sixth thing is deliberate disobedience. Let us confess our wrongs so that we may have influence for God. Service tonight at 7:30. Come. PASTOR.

Choir Practice Tonight. Prof. Doyle will meet with the Central Methodist Church choir for rehearsal this evening at 7:30 at the church. He desires all those who have been singing in the choir to be present.

The evening services of the church will be held at 7:30 o'clock hereafter. W. A. JENKINS, Pastor.

Kerr Street Baptist Revival. The revival started in reality Tuesday night. God just came down in such power that the devil was driven away. There was a noise of a mighty rushing wind that filled the house and it carried the mind back to Pentecost. God's power was in the singing in such a way that it seemed that everyone present was moved. The junior choir did some fine singing and it seemed that God moved upon the whole congregation in song. There was a larger congregation present to greet the singers and preacher Tuesday night. The preacher spoke from Matthew 27:46, and made a strong appeal to those who had turned their back on God. He said in part:
