Members of the delegation stated that the day for Mr. Morrison's appearance had not yet been chosen, this matter to be left to the fair officials who will consider the program as first announced and determine what day will be best for Governor Morrison to visit the fair.

It is probable that Governor McLeod, of South Carolina, will also be a guest here during the fair. Fair officials probably will send a delegation to Charleston in the near future to officially invite Governor McLeod to be here on the same day Governor Morrison comes, and in case he accepts he will share the honors of the day with the Chief Executive of North Carolina.

As he did so, Lethco fell back against an embankment, his head striking it and being snapped down on his chest, breaking his neck. HARD SURFACE ROAD FROM THIS CITY TO MT. PLEASANT SOON

Paved Road Between the Two Towns Assured by Action Taken by the County Commissioners.

STATE WILL HELP WITH THE MONEY

The Citizens of Mt. Pleasant Agree to Build the Road There—County Will Pay the Difference.

A hard surfaced highway from Concord through Mt. Pleasant is assured for Cabarrus County as the result of action taken Monday by the commissioners of Cabarrus County and citizens of Mt. Pleasant. Announcement of the board's action was made immediately after the meeting of the board Monday in the court house here.

Under the plan adopted by the commissioners, Cabarrus County will furnish the bulk of the funds required to construct the paved road from this city to the eastern outskirts of Mt. Pleasant, but the State Highway Commission and citizens of Mt. Pleasant will also have a hand in financing the project. The proposition adopted by the commissioners on Monday was approved by Commissioner Wilkinson, of the Sixth District, some time ago, according to one member of the board, and since it has now been approved by the commissioners and representatives of Mt. Pleasant, it is certain to be carried out.

The plan provides for the State Highway Commission to furnish \$100,000, and Commissioner Wilkinson has agreed to furnish this amount under the agreement offered to the board and accepted Monday. Mt. Pleasant will pave that part of the highway extending through it and will give its proportionate share of the money furnished by the State. The other funds will be provided by Cabarrus County.

While the exact amount of money needed to be furnished by this county is not known now, it is estimated some that Cabarrus will have to furnish about \$175,000.

The plan for the State to give \$100,000 to the project was made some time ago by Commissioner Wilkinson, according to one board member, provided the commissioners took some action on the matter not later than Monday. The agreement was formally ratified Monday by the board and also by a delegation from Mt. Pleasant. It has been forwarded to Mr. Wilkinson along with a report of the board's action.

Members of the board were unable to take Monday just when work on the road will begin. The contract will be let by the State Highway Commission, which will supervise the building of the road as it has done with every project to which it subscribed funds. The commissioners are anxious for the commission to let the contract as soon as possible.

The road from Concord to Mt. Pleasant is one of the most important in the county, and the commissioners are delighted that they have found a plan by which the road can be paved.

Death of Little Henry Bangle Motley.

It is with a degree of sadness that we chronicle the death of little Henry Bangle Motley, son of Mr. and Mrs. D. A. Motley, of No. 2 township, which occurred at the Concord Hospital Friday afternoon about four o'clock.

Little Henry was two years, four months and eight days of age, and is survived by a father, mother, two sisters and two brothers. His sweet, winning ways and loving disposition made him especially dear to all who knew him.

The funeral was conducted Sunday morning at Fairview by Rev. J. T. Sisk, and the little body was laid to rest in the cemetery there. H.
