Special Honor to Mrs. C. B. Wagoner.
Charlotte Observer.

In the last afternoon concert that they are to give in Charlotte until next year, Mr. Creator and his great band did special honor to a Cabarrus county composer, Mrs. Janie Patterson Wagoner, by opening and closing the program of the afternoon with her famous Mecklenburg march. Mr. Creator gave the number the first place on the program, but as Mrs. Wagoner was not in the hall at the time, coming later, he repeated the composition, closing the program of the afternoon with it.

The march is quite famed in the Carolinas, and has been used by many, but it never has been played as it was yesterday. The band men realizing that the composer was from the vicinity of Charlotte, threw heart and soul into the interpretation, the effect was great. The work is one of unusual musical merit—a bright spirited brilliant march, which is already known as one of the best of North Carolina compositions.

THE STATE FAIR

Thirty Thousand Dollars in Premiums Are Being Offered.

Raleigh, N. C., Oct. 10.—Thirty thousand dollars in premiums are offered by the North Carolina State Fair, which opens Monday, in contests of the various departments, according to the fair management. Entries have been received from many states. Mrs. Edith Vanderbilt, president of the fair, has sent out the last call for entries, though she says that the number already received exceeds that of last year.

The generally prosperous business and agricultural conditions in the State are declared to be reflected in the outlook for the fair this year. It is the expressed belief of the management that this will be the biggest and best fair ever held in Raleigh.

Live-stock entries for the State Fair have closed. Entries in the cattle exhibits, says General Manager E. V. Walborn, have been made by breeders from as far North as Ohio and New York and as far South as Florida. Even Iowa will be represented, he says.

Mrs. Vanderbilt has expressed much elation over the prospects of the fair. This is her second year as president of the State Fair Association and she is taking even more lively interest in the organization's annual event than she did during her first year as head of the association.

Big Crowds Expected.
Raleigh, N. C., Oct. 10.—With every indication of the biggest crowds and the most varied exhibits in its history of 63 years, the Great State Fair will open its doors to the public next Monday to remain open until the last crowds have left the grounds the following Friday night.

Mrs. Edith Vanderbilt, who is serving her second term as president, has spent much of her time to make the Fair an event representative of the State, and she expresses herself as much gratified over the results achieved.

There will be the midway for amusement and the agricultural and industrial exhibits for instruction, while those who have an eye for sports will find the races each day better than ever before, says Mrs. Vanderbilt.

Free attractions, including star aerobic performances, will be put on every day, while spectacular fireworks displays will be produced every night.

The management, headed by E. V. Walborn, says it is to be a real fair, but clean and wholesome. Gambling devices which shows have been outlawed, it is stated.

TO QUESTION HAULE IN MURDER MYSTERY

Haule Was Close Friend of Miss Elsie Barthel, Who Was Slain Early Sunday in Pittsburgh.

Pittsburgh, Pa., Oct. 9.—Walter Haule, a close friend of Miss Elsie Barthel, a nurse who was slain early Sunday in the old Hussey mansion was to be further questioned by police today. Alonzo Savage, negro voodoo doctor, is alleged to have confessed to killing the nurse by striking her with a brick when she refused him payment for "curing her love ills."

Detectives admit there is no tangible evidence on which to hold Haule, but the finding of two of Miss Barthel's handkerchiefs in his pockets, and alleged discrepancies in his stories the day before and after Savage's arrest, have caused his detention.

Old Corn Worth More in New York Than Best Wheat.

New York, Oct. 9.—The scarcity of old corn here has resulted in a remarkable shifting of values compared with other commodities. In normal times corn sells about 25 cents under the price of wheat.

Today, No. 2 yellow corn in the local market was quoted at \$1.22 1-2, or fully six cents a bushel over the price of No. 1 Manitoba wheat, and only a couple of cents under American cash wheat.

Granulated corn meal was quoted at \$2.90 per 100 pounds, which is equivalent to about \$5.60 per barrel for flour, whereas soft winter wheat straight, a good grade of wheat flour, were quoted around \$5 and the very best brands of spring patents not over \$6.75. New corn is expected here within 30 days.

CONFIDENCE VOTE GIVEN STRESEMANN IN THE REICHSTAG

Bill Giving Government Unusual Authority in Dealing With Economic and Financial Problems is Up Now.

IMPERIAL COUNCIL APPROVES MEASURE

Resolution to Abolish State of Siege in Two Districts Defeated, Giving Chancellor More Powers.

Berlin, Oct. 9.—Having given Chancellor Stresemann a vote of confidence in the face of opposition by the nationalists, the communists and the Bavarian people's party, the reichstag today considers the measure that gives the government extraordinary authority in dealing with economic and financial problems. The bill was approved yesterday by the reichsrat, or imperial council.

The chancellor's victory in obtaining a vote of confidence was strengthened by the rejection of a resolution to abolish the state of emergency in the reichstag and in Bavaria, and by the passage of a socialist resolution endorsing the government's constitutional attitude toward exceptional measures in Bavaria.

No Further Action by America.
Washington, Oct. 9.—The American government having presented to the nations of Europe the proposal that an international commission be formed to ascertain Germany's ability to pay reparations, will rest on that proposition and no further steps to bring it to the attention of European nations will be made.

Does Not Favor Economic Conference.
Washington, Oct. 9.—With the present condition of mind existing in Europe President Coolidge sees little or nothing to be gained from an endeavor to hold a world economic conference.

NEW ORLEANS COTTON CLOSES AT NET GAIN

Fluctuations Carry Prices Above and Below Monday's Level, But Close is Above.

New Orleans, Oct. 9.—Fluctuations in cotton today carried the price moderately above and moderately below the level of yesterday's close but in the late trading private reports of much rain in some sections of Texas and the storm warning for the Louisiana coast proved the strongest influence of the day and prices hardened until they reached the highest of the session, December rising to 27.10 cents a pound when the list showed net gains of 24 to 31 points. The close was at net gains on the day of 11 to 18 points with closing sales of the December position ranging from 26.97 to 26.99.

On the opening the weather map was regarded favorably as there was little rain in the belt but enough uneasiness was felt over the low barometer in the Gulf of Mexico to bring about advances of 2 to 11 points. Sensing an unfavorable reports from the cloth market almost immediately put prices 4 to 8 points under the close of yesterday, and this sort of price change prevailed for a considerable period, the market not getting much of anywhere.

Around noon the softest spot on the day was reached and considerable selling appeared to be caused by easiness in the stock market. It carried December off to 26.58 on the list to net declines of 18 to 26 points. A little later the storm warning was the main influence and still later Texas rains were a support. Some private telegrams from Texas predicted further serious damage to open cotton by wet weather. Late in the day short contracts were covered because of expectations of an unfavorable weather map tomorrow morning.

Water Transportation Commission Meeting Today.

Raleigh, N. C., Oct. 10.—The State Ship and Water Transportation Commission met again at 10 o'clock this morning, October 10th, to remain in session through Thursday.

Dr. Clapp has surveyed many of the important harbors and ports of the world, including the ports of Baltimore, Md., Charleston, S. C., and also has written a number of books on port and terminal questions.

Wilmington, it has been announced, will file a supplementary brief with the commission and will be represented at the meeting by a number of citizens.

Dr. Rankin to Be Field Director of Information.

Boston, Oct. 9.—A clearing house for the spreading of information on public health proposed by a committee of the American public health association was approved at the annual meeting today. The United States public health service is adding in its establishment and Dr. Paul Probie, of the latter organization, will direct it. Dr. W. S. Rankin, State health officer of North Carolina and president of the American Public Health Association, will be appointed field director.
