GERMAN REPARATIONS MUST BE PAID IN FULL

Government's Determination. Paris, Oct. 28 .- An official communique written by premier Poincare and issued at the French foreign office this evening reiterates the French government's determination to refuse to agree to anl reductions of the German debt as fixed by the London conference

May, 1921. The communique insists that a committee of experts, organized within the cope of the reparation commission to investigate Germany's capacity for payment, has no authority to make any reduction in Germany's debt. It says it considers such a committee will practically a mere addition to the present staff of experts of the repara-

ion commission. Quoting the Versailles treaty, the communique says the reparation commis sion itself, has no power to grant any reduction in reparations and any reduction stipulating such a measure must be decided by the unanimous vote of the nations interested.
