Inactive

Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

If it isn't Thedford's it isn't Liver Medicine.
