DEMOCRATS CALLED FOR CONSULTATION BY THE PRESIDENT

Senators Walsh, of Montana, and Robinson, of Arkansas, Called to the White House Today.

REPUBLICANS IN CONFERENCE ALSO

Senators Curtis and Lodge Talk With President.—Oil Lease Question is Discussed by All.

Washington, Jan. 31.—Both democratic and republican leaders of the Senate were consulted by President Coolidge today just before debate on the Walsh oil lease annulment resolution was resumed.

After the ranking senators in the republican organization had paid an early call to the White House, the President summoned Senator Walsh, democrat, of Montana, who has had a prominent part in the oil inquiry, and Senator Robinson, of Arkansas, the democratic floor leader, and author of the resolution calling for the resignation of Secretary Denby.

Senator Walsh recently stated in the course of the Senate debate that he had assumed from the fact the President had not called any democratic senators into consultation that Mr. Coolidge considered the whole subject a partisan matter.

Senator Curtis, of Kansas, the republican whip, reached the executive office before they had opened for the day, and when he found the President still was in the White House proper, hurried there to talk with him.

The republican floor leader, Senator Lodge, of Massachusetts, arrived at the White House soon afterward.

White House officials said the President desired to discuss with the two Democratic leaders the whole question of the investigation as made by the Senate committee and as contemplated by the executive branch of the government.

The conference was the first the President has had with Democratic Senators since the oil lease inquiry assumed its present proportions.

Silas H. Strawn, one of the special counsel selected by the President to conduct the government investigation, arranged for the White House almost simultaneously with the two Senators, but did not go into conference with the President with them.

THE IMPERIAL DIET OF JAPAN DISSOLVED

Dissolution Came After the Scenes of Greatest Disorder in Which Flasks Were Thrown and Fists Used.

Tokio, Jan. 31 (By the Associated Press).—The Imperial Diet was dissolved today following the scenes of the greatest disorder in which water flasks were thrown and fists used.

The turbulent scenes which occurred in regard to the attempt to wreck a train at Nagoya carrying opposition leaders to Tokio.

The turbulent scenes which occurred in the lower house made further business impossible. The outbreak came shortly after representatives had taken their seats upon the resumption of the Diet session.

Interpreting the government in connection with the train wreck, the foe of Premier Kiyoura and his newly installed cabinet demanded that the Premier reply personally.

The Premier, however, refused to rise. Great disorder followed, during which Minister of Communications Komatsu attempted to reply to the interpellations.

In the confusion an agitator not a member of the Diet, rushed to the platform and thrust the minister aside. Hostilities continued until the speaker hastily declared a temporary adjournment which was followed by dissolution of the Diet.

Six rallies were held in Tokio by oppositionists this afternoon. The police, strengthened by the adoption of a new force, were maintaining a close watch upon the proceedings.

POSTPONE BOK PEACE HEARING UNTIL MONDAY

Postponement Made Because of Public Interest Centered in Naval Oil Inquiry.

Washington, Jan. 31.—Because public interest is so centered in the naval oil inquiry the Senate investigation into the Bok peace award was postponed again today by the propaganda committee until next Monday.

Chairman Moses announced that it was the unanimous decision of the committee that in the present situation the inquiry could not command the attention which it was entitled.

Miss Esther Everett Lape, in charge of the Bok policy committee, can determine in the meantime, Chairman Moses said, whether she will answer the questions put to her on Tuesday as to how the peace plans submitted were eliminated, and the choice on one made.

The committee at an executive session lasting one-half an hour voted 4 to 1 that this line of inquiry was within the purview of the resolution of inquiry.

Little Red School House Not Always Well Managed.

Morgantown, W. Va., Jan. 31.—Declaring that the teachers in the rural schools of this county in some cases are "not playing the game with 100 per cent efficiency," Superintendent Lynn Hastings has sent a letter to all of them urging a more conscientious attitude toward their work.

The faults cited by the superintendent include the following: not punctual in opening school; close to early in the afternoon; neglect classes during the day; crocheting, reading or writing during school hours; permit children while on the school grounds to use obscene language and otherwise misconduct themselves; fail to solve difficult problems to upper grade arithmetic; do not prepare their lessons properly and have to consult text books on many questions during the recitation period; too disinterested to attend teachers' meetings; teachers and janitors do not build fires early enough in the morning to insure comfort when school opens; fail to take interest in community in which they are teaching and speak disparagingly of it; do not obey the law requiring a flag to fly over all school buildings while school is in session.

Use Waste Paper Profitably in Construction of Homes.

Stockholm, Jan. 31.—A new building material made from waste paper and designed for ceilings and wall linings has been perfected by a Swedish engineer, and production on a large scale soon will be undertaken.

The raw materials are ordinary waste paper such as accumulates in cities, clay and sulphate lye, the cheapness of which warrants an inexpensive finished product. The covering is said to be fire-proof and durable; can be applied by unskilled labor, will take paper, paint or stain, and can even be polished. It is a good non-conductor, and does not respond to changes in temperature.

Funeral of Mrs. Connor Today.

Wilson, N. C., Jan. 31.—Funeral services for Mrs. H. G. Connor, wife of U. S. District Judge Connor, will be held here this afternoon at 4:30 o'clock at St. Timothy's Episcopal Church. Rev. E. W. Baxton, pastor of the church, assisted by Rev. E. L. Flannaghan, pastor of the Presbyterian Church, will officiate.

Mrs. Connor died last night after a long illness. She was 70 years old. Her six sons will act as pall bearers.

Kinston, Jan. 30.—Snow, hail, rain, thunder and wind all came out of the same storm south of here early today. The temperature changed many degrees in a short time. Near Trenton a lively snow fall occurred for a few minutes. Shortly afterward Elm Grove reported enough hail to cover the ground. A vivid electrical display was next on the bill. Rain followed.

DEMOCRATIC MOVE OPPOSED BY LODGE

Wanted to Attach Resolution Asking For Denby's Resignation to the Oil Lease Resolution.

Washington, Jan. 31.—A move to attach the Robinson resolution calling for the immediate resignation of Secretary Denby to the Walsh oil lease annulment measure was made today immediately after the Senate convened.

Immediate opposition was voiced by Senator Lodge, the Republican leader, who declared he would resist very strongly such a declaration by Congress. There was only one way by which the legislative branch could remove the cabinet officer, he said, and that was by impeachment.

Secretary Denby Initiated Transfer.

Washington, Jan. 31.—Secretary Denby initiated a transfer of the California and Wyoming naval oil reserves to the Interior Department, Rear Admiral Lattimer, judge advocate of the general of the Navy, today told the House naval committee.

The witness said Mr. Denby had told him he had "initiated the transfer for such a declaration by Congress, there was only one way by which the legislative branch could remove the cabinet officer, he said, and that was by impeachment."

Washington, Jan. 31.—Woodrow Wilson has been indisposed for two days, it became known tonight, but Dr. Sterling Ruffin, who was summoned in the absence of the city of Dr. Cary T. Grayson, described tonight he did "not consider the former President's illness serious."

Dr. Ruffin added, "had nothing to do with the former grave illness of Mr. Wilson."

Dry Speakers to Stump the State.

Raleigh, Jan. 30.—Beginning the first of February the Anti-Saloon League will again put its debating team on the field. They are now planning for a six months' itinerary. The team is composed of Rev. M. E. Cotton, who has been field secretary for over four years, and R. L. Davis, Jr. The organization has just invested in a car so that they can reach any town, hamlet or large country church.

The object of the debate is to create a sentiment for respect for law. Those who have heard it are enthusiastic in their expressions of praise for it and strong in their belief that the delators are doing a really constructive work.

The golfer in the Fiji Islands finds conditions for his liking. Having sliced, pulled or topped his ball the player merely follows it along the line of plants which shrivel at the touch of an object. The golf links are covered largely with this sensitive plant.
