WIS' CHANCES TO HARRY THE WESTERN STATES ARE GOOD

Have Increased as a
Result of a Week-End Con-
ference With Sen. Walsh
and Carl Vrooman.

WIS WILL MAKE A SPEAKING TOUR

Woman Urged the Nominee
to Address Himself to the
Farm Problems and Propo-
sals of Lands Reforms

Valley, New York, July 14.—
W. Davis' hopes of carrying the
agricultural states have gone
up as a result of the week-end confer-
ence with Senator Walsh, of Montana,
and Carl Vrooman, of Bloomington, Il-
linois.

Vrooman, who was an assistant
of agriculture under President
Taft, is the Democratic nominee at
this time. It is understood that
W. Davis, who farms large tracts
near Illinois, urged Mr. Davis to
address himself with vigor to farm prob-
lems and to present practical propo-
sals of land reforms.

On the claim of counsel for Sinclair
that the Senate if it had authority to ask
the questions, had deprived itself of juris-
diction by the resolution to refer the oil
case to the courts for determination, the
opinion held that this was only a part
of the subject matter of the Senate in-
quiry which, he asserted, still was un-
completed.

In view of the far reaching questions
involved, the Justice made the date for
Sinclair's next move, 20 days ahead, so
that if he desired, he would have reason-
able opportunity to apply to the court
of appeals for the allowance of a special
appeal. This procedure, it was said,
would expedite the decision by the final
court of the United States, where the
case ultimately is expected to be settled.

MAJ. McLEARY'S BODY HAS NOT BEEN FOUND

No Additional Clues Found.—Another
Search This Afternoon.

Ashville, July 14.—After searching
the woods two miles northwest of Canton
since early morning, parties organized to
look for the body of Major Samuel H.
McLeary, missing United States Army of-
ficer, who it is feared was slain while en-
route from Norfolk, Va., to Charleston,
S. C., returned early this afternoon empty
handed. Another search will be made
during the afternoon.

No additional clues regarding the army
officer, missing since July 2, were found
this morning, although some corroborating
data was collected concerning the
course of the Major's automobile, a Dodge
touring car, which was found abandoned
on the Thickety Road.

Was Major McLeary in Winston-Salem?

Winston-Salem, July 14.—A man be-
lieved to have been Major Samuel Mc-
Leary, missing United States army officer,
was seen in Winston-Salem as late as
midnight last night, according to R.
E. Edwards, of Galveston, Texas, who
is here aiding in the search for the of-
ficer. He said today that he had learned
that this man had stopped at a filling
station between this city and Greensboro
Saturday afternoon, and that he had
been seen walking bareheaded on the
street here last night.

AMHERST PROFESSOR REPORTS SUN SPOT

Dr. Todd Predicts Disturbance to Radio
and Other Electrical Equipment.

West Chester, Pa., July 14.—Dr. David
Todd, astronomer professor emeritus
of Amherst College, making observations
at the observatory of P. M. Sharples, at
his Greystone home, near here, announced
yesterday his discovery of a huge spot
near the center of the sun, plainly seen
by the aid of smoked glass. Dr. Todd
said it means a display of aurora and
much disturbance to radio and other elec-
trical equipment.

Dr. Todd recently announced finding
many sun spots and an indication that
large portions had been split from the
sun, while a big crack was apparently
developing and means the possible break-
ing away of a large portion to form a
new orbit.

Nomination of Davis Will Hearten Business.

Gastonia, July 13.—Interviews with
Gastonia business men strengthen the
conviction among them that John W.
Davis' nomination will have a hearten-
ing effect upon business. Bankers,
brokers and cotton mill men were
among those who were confident that
business would take a turn for the bet-
ter shortly.

"Lots of this talk about hard times is
purely psychological, anyway," said a
leading banker. "Folks just need a little
encouragement. These little temporary
depressions don't amount to anything.
The country's business essentially is
sound, and there is no reason for
alarm. I look for better times right
soon and the quicker folks quiet talking
hard times, the quicker will times get
better."

SIX OF TEN COUNTS IN THE SINCLAIR CASE SUSTAINED

By the Supreme Court of the
District of Columbia—Sin-
clair Was Indicted for Con-
tempt of the Senate.

SINCLAIR GIVEN TWENTY DAYS.

In Which to Make Further
Pleadings.—Senate Has
Power to Compel Pertinent
Testimony, Says Opinion.

Washington, July 14.—Six of the ten
counts in the indictment of Harry F. Sin-
clair for contempt of the Senate, were
sustained in the Supreme Court of the
District of Columbia today.

Sinclair was given 20 days to make fur-
ther pleadings. In reviewing the case,
Justice Boehling cited various precedents
and following the general rule in such
questions declared the issue of the au-
thority of Congress should be resolved
against the defendant, and in favor of
the existence of the power to compel per-
tinent testimony in aid of the exercise
of its legislative function, but excluding
self-incrimination.

On the claim of counsel for Sinclair

PRINCE OF WALES ADDRESSES AD. MEN

More Than 4,500 Delegates Gather in London Today.

London, July 14.—A royal welcome to-
day was given to the 4,500 delegates of
the International Advertising Convention
by the Prince of Wales when he formal-
ly opened the official sessions of the con-
vention.

The large conference hall at Wimley
was filled to capacity and more than
capacity early in the morning, and it was
necessary to pack several hundred dele-
gates into adjoining halls where the
speaker later visited them and delivered
his addresses over again. The Prince said:

"I think it is the very name of the con-
vention which suggests international
interest in the subject. When I see so
many people in this hall from every part
of the earth, I am convinced this aim
has been realized. You come together
from all over the country to give and to
receive information and advice from each
other regarding commercialism, which is
the greatest problem we have to face to-
day.

"I look forward to a new life, new un-
derstanding, and new commercialism be-
tween the United States, the dominions
and other countries to arise from this
convention. I think this is the only way
we can obtain that peace which is so
much needed."

McADOO BREAKS SILENCE AT FOLLIES PERFORMANCE

Tells Audience "We Must Get Together and Elect a Democrat."

New York, July 10.—William Gibbs
McAdoo, who has been more or less non-
committal as to the course he would pur-
sue in the Presidential campaign
when speaking to newspapermen, was
induced to break his silence tonight by
Will Rogers, from the stage of "The
Follies" at the New Amsterdam The-
atre.

Mr. and Mrs. McAdoo were in the au-
dience, and when the comedian, with his
usual raillery, pointed McAdoo out,
there was an outburst of applause, and
the Californian was finally brought to
his feet and made the following state-
ment:

"I am leaving for Europe with my
family tomorrow for a little diversion;
but now that the convention is over
we must all get together and make sure
that we elect a Democrat."

Both actor and candidate were given
an ovation.

British Aerial Party Arrives at Yotorofu

London, July 14 (By the Associated
Press).—The British around the world
air party, headed by A. Stuart Mac-
Laren, landed on the island of Yotorofu
in the Kuriles at 3:54 p. m. today, said
a dispatch from a Japanese destroyer on
duty there.

London, July 14.—The great organ at
the British Empire Exhibition is one of
the most amazing instruments in exist-
ence. It contains 3,000 pipes ranging
from 32 feet in height to 3 feet 8 inches.
It has five manuals with 75 stops, and
over 85 miles of electric wire have been
used in connection with its pneumatic
action. It can be heard perfectly all over
the great Stadium, even in its quietest
moments. For its size it is declared to
be a very sensitive instrument. An or-
ganist is able to get out of it remark-
able varieties of touch.

JUDGE SINCLAIR HURT WHEN CAR OVERTURNS

Suffers Broken Ribs, Bruises and Shock—Miss Kate O'Hannon is Also Injured.

Albemarle, July 12.—Judge N. A.
Sinclair, of Fayetteville, was painfully
hurt this afternoon when the auto-
mobile in which he was riding overturn-
ed and pinned him and Miss Kate
O'Hannon underneath.

Judge Sinclair suffered several broken
ribs and was badly bruised and suffered
great shock. A bruise on the chest is
apparently the worst injury except the
broken ribs. Miss O'Hannon suffered
severe injury to a shoulder blade which
is thought to be shattered. The negro
chauffeur was unhurt.

Both Judge Sinclair and Miss O'Han-
non are in an Albemarle hospital. To-
night the report was that they were
resting fairly comfortably and unless
there are unforeseen developments both
will recover.

Judge Sinclair left Albemarle in
his new car on his way to Statesville
where his wife is in a hospital. The
car had reached a spot about four or
five miles from Albemarle, between here
and Pee Dee, on the Albemarle-Raleigh
highway. Information here is that it
was not running fast. It is thought that
the newness of the car may have had
something to do with the chauffeur's
losing control. It turned over on a curve
and pinned the occupants under it.

Passing motorists brought the in-
jured persons to Albemarle.

LA FOLLETTE LEADERS BAR RICH MEN'S GIFTS

They Aim to Finance His Campaign Through "Poor Man's Fund."

Washington, July 14.—La Follette
leaders today were the proud parents of
a brand-new political idea. They called
it the "poor man's campaign fund."
"The poor man's campaign fund," its
devisers say, will solve without trouble
the difficult problem of financing an in-
dependent candidacy. It will "prove at
once popular and practical."

Large contributions will be barred.
Millionaires, even if they see fit, will not
be allowed to assist La Follette toward
the Presidential chair. His candidacy
in the interest of the plain people will
be financed by the plain people.

LA FOLLETTE CAMP SEES SURE VICTORY IN CHOICE OF DAVIS

Nomination of Governor Bryan Will Make Fight Harder in Some States Is Headquarters View.

Chicago, July 11.—Recognizing no
palliative in the nomination of Charles
W. Bryan, of Nebraska, for vice presi-
dent on the Democratic ticket, the La
Follette forces here today declared the
"nomination of John W. Davis by the
Wall Street interests makes Senator
Robert M. La Follette's election as Presi-
dent a certainty."

It was with this militant declaration
that Representative John M. Nelson, of
Wisconsin, who will manage the La
Follette campaign, greeted the nomina-
tions. In its effect upon the West,
there is no doubt the nomination of Davis
brings comfort to the La Follette lead-
ers, although the result of the nomina-
tion of Gov. Bryan for the second place
is disturbing.

While withholding their bitterest
comments, the nomination of Gov. Bryan,
and the acceptance of the ticket by Wil-
liam J. Bryan is looked upon by the
La Follette men as something akin to
apostasy by the Bryans.

Nebraska to See Battle.

The nomination will make Nebraska a
unique battleground. The farmers of
that state will be asked to determine
whether they will follow the leadership
of Gov. Bryan or of Senator George W.
Norris. There is no logical place for
Norris except in the La Follette chariot,
while Senator R. B. Howell, expected
to remain regular, will take no active
part in the campaign.

Nebraska, in addition to these rival
forces, is also the home of the two vice
presidential candidates, for it was at
Lincoln that Gen. Charles G. Dawes
started in his business career. It was
by former Representative JEFFERIE, of
Omaha, that he was placed in nomina-
tion at Cleveland.

The nomination of Bryan for second
place on the Democratic ticket is looked
upon as a challenge to the La Follette
forces in their own section, and they will
accept it. They insist they will make
no terms with Bryan and will name
their own candidate for vice president,
probably at Washington July 18th.

Despite the appearance of harmony
which marked the close of the Democr-
atic convention, the La Follette forces are
determined to make an attempt to line
up the disgruntled elements of the
Democrats in the coming campaign.

The Bryan candidacy is not expected
by them to have much effect in Wis-
consin, Minnesota and Iowa, South
Dakota and Nebraska, regardless of their
confidence, the effect is uncertain.

Up to the time of naming Bryan for
the second place, the La Follette people
were confident they would carry all the
states named. The injection of Bryan
into the situation, however, precipitates
a new value and makes the three-con-
nected struggle one in which each of the
three groups may hope to win.

The effect of the completed nomina-
tions on Illinois is attracting keen in-
terest. This state represents the man-
ner in which all of the parties through-
out the West are disrupted. The Rep-
ublicans are in an especially bad way.

Fighting in Brazil of Desperate Character.

Santos, Brazil, July 14.—Fighting in
the city of Sao Paulo, seat of the Brazilian
insurrection, has been of the most des-
perate character during the past few
days, according to two employees of an
American concern, who arrived here to-
day from Sao Paulo. They estimated the
dead among the troops and civilians
will reach 3,000.

RAINBOW DIVISION VETERANS MEET TORAY

National Convention at Columbia, S. C., to Last Three Days.

Columbia, S. C., July 14.—Early
trains continued to bring hundreds of
veterans of the 42nd (Rainbow) division
to the national convention which will
be held in this city beginning today.
The convention will continue through
Wednesday.

Registration and billeting were the
order of the morning. The formal open-
ing of the convention was on the program
for 3 p. m. today when veterans were
to gather in the hall of the House of
Representative in the State House.

Between 2,000 and 3,000 veterans
from the majority of the states in the
union were expected to be present, it
was stated at registration headquarters.

The program for the opening session
contained the address of welcome by
Governor Thomas G. McLeod, of South
Carolina. Other speakers were to re-
present the American Legion and other
organizations. Responses were to be
given by Colonel William J. Donovan, of
Buffalo, New York, honorary president
of the association. The annual mes-
sage of the President, Colonel J. Monroe
Johnson, of Marion, S. C., was to fol-
low.

McMAHON SAYS HE WILL SUPPORT MR. DAVIS

Labor Men Stand a Better Chance With Them Than With Coolidge and Dawes.

Speaking for the McAdoo men in or-
ganized labor, J. F. McMahon, of Ra-
leigh, gives it as his opinion that La
Follette will not come to North Caro-
lina for a campaign.

Mr. McMahon was a McAdoo organiz-
er during the campaign and he doubt-
less was among the many who sent tele-
grams to the North Carolina delegation
to hold fast to McAdoo. It was the
opinion of leaders in the state delega-
tion that the labor folks would resent any
breaking away of North Carolina if there
appeared at any time a chance to nomi-
nate McAdoo. The result has been
lucky. Mr. McMahon says he will sup-
port Davis and Bryan because he thinks
the craftsmen stand a better chance with
this combination than with Coolidge and
Dawes.

And it is Mr. McMahon's impression
that organized labor generally will feel
more keenly toward the Democratic than
the Republican pair.

Mrs. V. G. Smith Killed When Auto Is Hit by Train.

Fayetteville, N. C., July 14.—Mrs. V.
G. Smith was killed and her husband,
Rev. V. G. Smith, pastor of a Presbyte-
rian Church at Parkton, was seriously
injured when their automobile was struck
by an Atlantic Coast Line passenger
train at Parkton last night. Rev. Mr.
Smith is in a local hospital today where
it was said he probably will recover.
Mrs. Smith's body was taken to Farm-
ville, Va., today for burial.

Coolidge Notification in August.

Washington, July 14.—Ceremonies no-
tifying President Coolidge of his nomi-
nation as the Republican candidate for
President will be held between August
7th and August 14th, it was indicated
today at the White House.

THE COTTON MARKET

Opened Steady at a Decline of From 4 to 17 Points.

New York, July 14.—The cotton mar-
ket opened barely steady today at a de-
cline of 4 to 17 points in response to
disappointing Liverpool cables and re-
ports of good weather in the South ex-
cept sections of the eastern belt. Re-
newed covering of July checked the de-
cline right after the call, however, and
that position sold up to 30.15, a net ad-
vance of 21 points, and new high ground
for the present movement. This started
buying of later deliveries, and the gen-
eral market was firmer toward the end
of the first half hour, October selling
at 25.40, or 14 points net higher. Offer-
ings were comparatively light. The
opening prices were: July 29.98; Oct.
25.12; Dec. 24.44; Jan. 24.30; March
24.54.

BETTER DAYS WITH DAVIS MAY BE CAMPAIGN SLOGAN

Suggested as an Offset for "Keep Cool With Coolidge."

Frankfort, Ky., July 14.—"Better
days with Davis,"

John A. Goodman, clerk of the court
of appeals, today offered this slogan to
the Democratic party as a rejoinder to
"Keep Cool with Coolidge," the Republi-
can slogan. Goodman submitted his
slogan to the Democratic national com-
mittee in this telegram:

"Suggest 'Better days with Davis' as
campaign slogan. The Republican slogan,
"Keep cool with Coolidge," characteris-
tically negative. Proposed slogan means
action."
