WHO WILL SUCCEED SENATOR LODGE AS LEADER IN SENATE?

This Question Being Much Discussed by Reason of Fact That Republicans Can Control Next Congress.

LEADER'S POLICY IS BIG QUESTION

Will Sen. Lodge's Successor Be Conservative, Radical or Choose Leader.

Washington, Nov. 10 (By the Associated Press).—The passing of Senator Lodge just as his party was preparing to harvest the fruits of a sweeping victory at the polls, surrounds the question of leadership in the Senate with new and unusual considerations.

A veteran of the old guard, adamant against the policies of the LaFollette insurgents on the one hand, and unable to accept some of the proposals of the republican administration on the other, the Massachusetts patriarch more than once had found his title as republican floor leader somewhat of an anomaly. Now that the powerful equation of his personal influence has been removed from the problem, party chieftains cease the task of deciding what new alignment can be effected to fill the gap and make for party solidarity.

In the determination of this question, President Coolidge undoubtedly will have an opportunity to wield the dominant power of party leadership conferred on him by Tuesday's election. If he cares to give it, his advice will be a powerful factor in deciding whether the old guard is to remain as the directing force of the Senate, or whether seniority is to be cast aside and some new leader lifted from the ranks to a position of command.

This question assumes a still greater significance when it is considered that the new congress which meets next year will see a substantial increase in republican senate strength, bringing into the view of the changes to take place as a result of the election just held, and the close balance in the present congress, any permanent reorganization of the republican side may be delayed for some months and a temporary leader designated to act during the short winter session.

Annual Red Cross Roll Call

The eighth annual Red Cross roll call begins tomorrow, November 11th and goes through November the 27th.

The Anti-Tuberculosis Society and the local chapter of the Red Cross are going to employ a full time county nurse this year. We call upon all to assist us in this most worthy cause. Every dollar you give will go to brighten and strengthen some unfortunate life in the struggle against this deadly disease, tuberculosis.

We now know that if taken in time it can be cured. And better still, if people know how to avoid it, they will never have it. Our nurse is going from place to place to give all the information and help that she has, not only in helping those who are sick to get well, but also in teaching people how to prevent the disease.

In addition some of our Red Cross money will go to the ex-service men of the county who may need assistance. We were in position to render some very valuable help in this direction last year. Again, we never know when storms or fires or earthquakes are going to make people homeless.

I traveled through a section of our own state last summer that had been struck by a tremendous cyclone. The Red Cross was on the scene in less than two hours afterward, with cots, bedding, food, and clothing.

The canvassers will see you in the next few days. Join now!
