STATE PRISON BOARD TO MEET TOMORROW

To Determine the Fate of George Ross... Pou, Superintendent. Raleigh, April 5.—The State prison board will meet Tuesday of this week to determine the fate of George Ross, Pou, superintendent; Hugh A. Love, chief clerk, and S. J. Busbee, warden of the State prison. At its meeting last month the board made no appointments, but held the matter in abeyance until its April meeting. Just prior to last month's meeting there were charges of extravagance made against the present management of the prison, based on expense accounts. Before retiring in favor of the new board, the old board held a meeting and passed a resolution expressing its confidence in Superintendent Pou and recommending to the new board that it reappoint him to office.

James A. Leake, of Anson county, chairman of the new board, was also chairman of the old board, having been appointed by former Governor Morrison and reappointed by Governor McLean. Richard G. Chatham, of Elkin, member of the board, was also reappointed by Governor McLean. The new board members are Henry K. Burgwyn, of Jackson; A. E. White, of Lumberton; John M. Brewer, of Wake Forest; Preston Wilson, of Warsaw, and Ben B. Everett, of Palmyra.

Superintendent Pou was first appointed by the Morrison board, in 1921, to succeed J. M. Collie, of Lenoir, now with the State department of revenue, who was superintendent of the prison during the Bicket administration. However, Mr. Pou's immediate successor was E. F. McCulloch, of Bladen county, who died in office. Mr. Pou, in the meantime, was chief clerk. Upon the death of Mr. McCulloch, Mr. Pou was elevated to the superintendency. Hugh A. Love, of Wayneville, was appointed chief clerk in Mr. Pou's place. Mr. McCulloch had been chief clerk under Superintendent Collie.

Mr. McCulloch served only a short while as superintendent. Prior to the meeting of the prison board last month, it had been announced that appointment would be made. But, on meeting, the new board decided to wait until its April meeting, which will be held Tuesday.

Warden Busbee has served through several administrations as warden. He succeeded the late Thomas P. Sale, whose death followed a double electrocution. The 1925 general assembly passed a law relieving Mr. Busbee of the task of electrocuting prisoners, providing for an official executioner, to receive \$25 for each man killed at the State's prison.

CHLOROFORM USED TO CAUSE DEATH

Enough Chloroform Found in Mask to Have Caused the Death of 25 Persons, According to Police Officers.

Belmont, Mass., April 6.—State police joined with the authorities of this town today in an effort to solve the mystery of the "gas mask" murder the victim of which, Alexander Buchanan, Nova Scotia carpenter and war veteran, was found Saturday in an abandoned cellar hole in the woods near the McLean Hospital in Waverly. A gas mask of a type used in the U. S. Navy had been fastened to the man's head, and enough chloroform to kill 25 persons, police said, poured into the chemical chamber of the mask. A gag had been inserted so tightly that the man's tongue was split. The string holding the mask in place was tied with white sailors' call "Ebb Tide" knots. It was believed that the man was carried some distance to the place where the body was found.

Early reports that Buchanan, who was 29 years old, and a native of Sugar Loaf, N. S., had lived in fear of death for some time, were contradicted by the police after an interview with his friends and relatives. Search was made, however, for Miss Jessie McKenzie, formerly employed as a maid by a Brooklyn family whose engagement to Buchanan was broken last November. Miss McKenzie is believed to be residing in Detroit at present.

JURY MADE USE OF THE TABLE

Wanted to Determine Whether Chapman Had Time to Make Certain Trips as Testified During His Trial.

New York, April 6.—The New York attorneys are at variance in the opinions on the part a railway time table may play in securing a new trial for Gerald Chapman, million dollar mail looter, who on Saturday was sentenced to hang for murder of a patrolman during a holdup in New Britain, Conn. The time table was asked for by the jury after it had retired as an aid in determining whether Chapman could have left Springfield, Mass., after 3:30 p. m. and arrived in Brooklyn by 8:30 on the night of the murder. The schedule had not been introduced as evidence, nor authenticated as exhibits must be, although the counsel for both state and defense agreed to let the jury have it. Former Governor Whitman, who as district attorney prosecuted the slayers of Herman Rosenthal, said such a procedure would not be allowed in New York. Chief Assistant District Attorney Pectora agreed with him while Federal Attorney Buckner on the other hand thought by agreement of counsel the introduction of the time table was permissible.

PLANS TO INCREASE FRENCH BANK NOTES GIVEN TO CABINET

Plans Adopted by the New French Finance Minister, Who Wants Vote of Confidence on Them by Deputies. WANTS CAPITOL TO GIVE 10 PER CENT. Cabinet Debated Question for More Than Two Hours Today and Will Resume the Debate During Night.

Paris, April 6 (By the Associated Press).—Bills providing for an increase in the bank note circulation amounting to four billion francs, and for a voluntary ten per cent. contribution by capital were presented to the cabinet today by M. de Monzie, the new finance minister.

The cabinet will meet again tonight to finish discussion of these measures, which when whipped into final form will be presented to the chamber of deputies tomorrow.

It is understood that M. de Monzie will stake confidence in their adoption. The sort of capital levy provided for in the bill will be technically a loan to the State bearing four per cent. interest. It will be payable in cash or French government securities at slightly above market quotations, and will be devoted to amortization of the debt.

M. de Monzie is determined to resort to a straight capital levy plan only if the proposed measure proves unacceptable.

These measures were debated by the cabinet for two and one-half hours when it was decided to adjourn until tonight.

YOUNG SON OF CECILS CHRISTENED SATURDAY

Christening Ceremony For Heir to Biltmore Estate Made Elaborate Event. Young Cecil was born early on the morning of February 27 at the Biltmore mansion and is just a few days over a month old.

After the latter event a display of fire works in front of the mansion proved to be a decidedly novel feature of the affair and was enjoyed by the large coterie of guests present. This also brought to a close the program of entertainment planned for the christening event and after that the guests departed with the exception of those who are visiting at the mansion, and are from points out of the city.
